Undergraduate Academic Catalogue

Announcements For the One Hundred and Eighty-Fifth Year

UNION UNIVERSITY

Since 1823

This publication is intended as a description of the academic programs and activities of Union University. While it is not an offer to make a contract, it is offered as a comprehensive description that can serve as a guide for students contemplating study or already enrolled at Union University.

The administration and faculty believe that the educational and other programs of the University described in this catalogue are effective and valuable. The ultimate results of programs offered in terms of achievement, employment, professional licensing, or other measures, are dependent on factors outside the programs, such as the personality and energy of the student, governmental or institutional regulations, and market conditions. Therefore, except as specifically stated herein, the University makes no representation or contract that following a particular course or curriculum will result in specific achievement, employment or qualification for employment, admission to degree programs, or licensing for particular professions or occupations.

In compliance with all applicable state and federal law, including provisions of Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973, Union University does not illegally discriminate on the basis of race, sex, color, national origin, age, disability, or military service in admissions; in the administration of its education policies, programs, or activities; or in employment. Under federal law, the University may discriminate on the basis of religion in order to fulfill its purposes. Persons who believe their rights under this policy have been violated should contact the Office of the President.

In compliance with its duties under state and federal law, Union University makes annual reports of campus crime statistics, campus security policies, graduation rates, and completion rates for the Teacher Education Program. These reports are available on the Parents Page of our web site, www.uu.edu. and also by request in the Office of Enrollment Services and the Office of Safety and Security.

Our Identity

Union University is an academic community, affiliated with the Tennessee Baptist Convention, equipping persons to think Christianly and serve faithfully in ways consistent with its core values of being Christ-centered, people-focused, excellence-driven, and future-directed. These values shape its identity as an institution which prioritizes liberal arts based undergraduate education enhanced by professional and graduate programs. The academic community is composed of quality faculty, staff, and students working together in a caring, grace-filled environment conducive to the development of character, servant leadership, and cultural engagement.

Our Core Values

- **Excellence-Driven:** We believe that excellence, not mere compliance, is the goal of our teaching, our research, and our service. We are not motivated to excellence out of pride but out of a desire to do all things for God's glory because He cares about our work and wants to be involved in everything we do. We will not be satisfied with mediocrity, but will pursue excellence in all things. This means our truth claims carry with them the challenge of living out that truth in the minutes and hours of our daily life. Thus we will pursue excellence, without arrogance.
- **Christ-Centered:** A cohering core value of our guiding vision is a call to faith, a call to be Christ centered in all that we are and in all that we do. We will seek to build a Christian liberal arts based community where men and women can be introduced to an understanding and appreciation of God, His creation and grace, and to humanity's place of privilege and responsibility in this world. We will seek to establish all aspects of life and learning on the Word of God, leading to a

firm commitment to Christ and His Kingdom. To be a Christ-centered institution calls for us to establish the priority of worship and service in the Christian life while seeking to develop a generation of students who can be agents of reconciliation to a factious church in a hurting and broken world. This commitment calls for all faculty and staff to integrate Christian faith in all learning and doing, based on the supposition that all truth is God's truth and that there is no contradiction between God's truth made known to us in Holy Scripture and that which is revealed to us through creation and natural revelation.

- **People-Focused:** A third pillar on which we will build our common commitments is the core value of being people focused. At the heart of our commitment to being people focused is the visible demonstration of valuing one another. We will give honor to one another through our words and actions, and by committing to each person's success. We therefore jointly commit ourselves to the success of Union University.
- **Future-Directed:** We will seek to maximize the windows of opportunity the Lord has presented to us to the greatest degree that resources allow. All of our resources and efforts must, by God's grace, be maximized to fulfill our common mission. A commitment to being future directed means we want to have a short-term focus and a long term view. We want to involve ourselves in efforts that prepare us effectively to impact the world of the 21st Century.

Our Mission

Union University provides Christ-centered education that promotes excellence and character development in service to Church and society.

Our History

Union University is an heir of three antebellum Tennessee schools—West Tennessee College and its predecessor, Jackson Male Academy, both located at Jackson, and of Union University, located at Murfreesboro—and it is the inheritor of another college in 1927, Hall-Moody Junior College of Martin, Tennessee.

Jackson Male Academy, founded in 1823 shortly after the opening of West Tennessee for settlement, was chartered by the legislature in 1825, making it the oldest school currently affiliated with Southern Baptist life.

West Tennessee College originated in the mid-1840s when supporters of the Academy secured a charter for a college and received an endowment from the state to come from the sale of public lands. Under its charter, the property rights and governance of the Jackson Male Academy were vested in the trustees of the College. The

College offered three degrees—bachelor of arts, bachelor of philosophy, and master of arts—and had four departments: Moral Philosophy, Languages, Mathematics, and Natural Philosophy and Chemistry. West Tennessee College continued until 1874, when at a time of depressed economic conditions, the trustees offered the College's buildings, grounds, and endowment to Tennessee Baptists in the hopes of attracting a southwestern regional university planned by the state's Baptist leaders.

Meanwhile, after years of discussion and the raising of an endowment, the Baptists of Middle Tennessee (there were three separate conventions in Tennessee at that time) in 1848 established Union University at Murfreesboro, near the geographical center of the state. Union University came upon hard times when in 1859 its highly respected president, Dr. Eaton, died and when during the Civil War its campus was badly damaged. It reopened in

1868 only to close again in 1873, largely because of its financial condition and an epidemic of cholera.

Southwestern Baptist University, the immediate predecessor of the present Union University, originated because of a desire by Tennessee Baptists, who still had a separate convention for each of the state's three Grand Divisions, for greater unification. Education became the core issue around which such unification was promoted. Committees of the three conventions met jointly in Humboldt in 1873 and issued a resolution supporting the establishment of a first-class regional university. An Educational Convention met in Murfreesboro in 1874, and following that a committee was appointed to select a location for the proposed university. The committee recommended the acceptance of the offer made by the citizens of Jackson to assume ownership of West Tennessee College.

In September 1874, the new institution opened at Jackson as an academy, and in 1875 it was chartered as Southwestern Baptist University. In 1907, Dr. T. T. Eaton, a trustee at Southwestern from its beginning, bequeathed his 6,000 volume library to the college. He was a former professor at Union University at Murfreesboro, where his father, Dr. Joseph H. Eaton, had been president. Shortly thereafter the name of Southwestern Baptist University was changed to Union University to honor the Eatons and others from Union at Murfreesboro who had made a major impact on Southwestern as faculty, administrators, trustees, and contributors. In a further move to unify its educational efforts, the Tennessee Baptist Convention in 1925 secured a new charter which vested all rights, authority, and property of Union University in the Convention, including the election of the University's trustees. Two years later, the Convention was able to consolidate Hall-Moody Junior College at Martin (1900-1927) with Union University. During the 1920s, Union discontinued its graduate program, its Law Department, and its high school and added a bachelor of music degree program.

After a major fire in 1912, several new buildings were constructed, including the centerpiece of the campus for the next 60 years, Barton Hall. In 1948 the Southern Association of Colleges and Schools granted Union University its original accreditation. In 1962, at the request of local physicians, Union developed a nursing program with the assistance of Jackson-Madison County General Hospital.

Because of an aging and landlocked campus, Union, in 1975, moved from near downtown to a new campus located along Highway 45-Bypass in north Jackson. During the administrations of President Robert Craig (1967-85) and President Hyran Barefoot (1987-1996), enrollment increased from less than 1,000 students to over 2,000; the

multi-purpose Penick Academic Complex was enlarged several times; many additional housing units were erected; and the Blasingame Academic Complex (1986) and the Hyran E. Barefoot Student Union Building (1994) were constructed. From the early 1950's to the early 1970's, Union operated an Extension Center in the Memphis area. From 1987-95, Union offered the degree completion program leading to the Bachelor of Science in Nursing (RN to BSN track) in Memphis. There were over 300 graduates of this program.

When David S. Dockery was elected as the fifteenth president of Union University in December 1995, he brought with him a compelling vision to build on a great tradition while taking Union to the next level of regional and national prominence in Christian higher education. The progress that has been made during this time has been remarkable: annual non-duplicating headcount increased from 2200 (in 1996) to more than 3600 (in 2005); significantly increased giving to Union, including twelve of the largest commitments in Union history; instituted three five-year strategic plans; completed construction of two residence halls, the Miller Tower, Jennings Hall, Hammons Hall, and new Fesmire athletic facilities; launched the \$110 million comprehensive "Building a Future" campaign (now at \$90 million); renewed commitment to scholarship and research among Union faculty as a part of the establishment of the Center for Faculty Development; added new undergraduate majors in political science, physics, theology, digital media studies, church history, ethics, sports management, sports medicine, engineering; and graduate programs in education (M.Ed., Ed.S., and Ed.D.), nursing (MSN with tracks in education, administration, and nurse anesthesia), and intercultural studies (MAIS); SACS Level V accreditation was achieved; programs were added in undergraduate research; began LIFE group programs, student retention programs, student mission involvement, giftedness assessment program for freshman students; established an extension campus in Germantown, TN, which now has almost 800 students; established the Carl F.H. Henry Center for Christian Leadership; established the Charles Colson Chair for Faith and Culture and Stephen Olford Chair of Expository Preaching; established highly successful annual Scholarship Banquet (1997-2006); and achieved top tier recognition in U.S. News and World Report and other important listings.

In many respects, Union University is in the strongest position in its history. For example, the University has enjoyed steady enrollment growth for a number of years, as indicated below:

Another indicator of the University's health and vitality is the growth in the number of students completing programs at Union. As indicated below, this past year almost 900 students graduated from Union, a 132% increase over the 96-97 school year:

Key enrollment and financial indicators are monitored by University officials regularly to determine trends and to provide data for critical decision-making and analysis, including:

Key Enrollment Indicators	1996	2007
Fall Enrollment	1972	3311
Non-duplicating headcount	2183	4300
# of states/ countries	31/14	42/17
% of male/ female	35/65%	40/60%
% of minority students	5%	27%

At its December, 2004 Board meeting, the University trustees approved a new strategic plan, "Union 2010: A Vision for Excellence." The plan outlines goals and provides direction for the University for the next five years.

Our Statement of Faith

- The Scriptures.** The Scriptures of the Old and New Testament were given by inspiration of God, and are the only sufficient, certain and authoritative rule of all saving knowledge, faith, and obedience.
- God.** There is but one God, the Maker, Preserver and Ruler of all things, having in and of Himself, all perfections, being infinite in them all; and to Him all creatures owe the highest love, reverence and obedience. He exists eternally in three persons: Father, Son, and Holy Spirit each with distinct personal attributes, but without division of nature, essence or being. God ordains or permits all things that come to pass, and perpetually upholds, directs and governs all creatures and all events; yet so as not to destroy the free will and responsibility of intelligent creatures.
- Humankind.** God originally created humankind in His image, and free from sin; but through the temptation of Satan, they transgressed the command of God, and fell from their original righteousness, whereby all humans have inherited a sinful nature that is opposed to God, and are thus under condemnation. As soon as they are capable of moral action, they become actual transgressors.
- Jesus Christ.** The second person of the Trinity is the eternal Son of God. In his incarnation Jesus Christ was conceived by the Holy Spirit and born of the virgin Mary. Jesus perfectly revealed and did the will of God, taking upon Himself human nature, yet without sin. He

honored the divine law by His personal obedience, and by His substitutionary death on the cross He made provision for our redemption from sin. He was buried and rose again the third day, and ascended to His Father, at whose right hand He lives to make intercession for His people. He is the only Mediator, the Prophet, Priest and King of the Church, and Sovereign of the universe.

- Holy Spirit.** The Holy Spirit is the Spirit of God, fully divine, who exalts Jesus Christ. The Spirit convicts men and women of sin, of righteousness, and judgment, enabling them to understand the truth. He calls men and women to the Savior, and brings about regeneration, which is a renewal of heart and nature.
- Salvation.** Salvation involves the redemption of the whole person, and is offered freely to all who believe in Jesus Christ as Lord and Savior; accepting and trusting in Him alone for justification and eternal life. Justification is God's gracious declaration of righteousness of sinners, who believe in Christ, from all sin, through the satisfaction that Christ has made. Believers are also sanctified by God's Word and Spirit dwelling in them. Sanctification is the process of progressing toward moral and spiritual maturity, enabled by the presence and power of the Holy Spirit. Those who are accepted in Christ and sanctified by the Holy Spirit will never totally nor finally fall away from the state of grace, but shall persevere to the end, and be kept by the power of God through faith unto salvation.

7. **The Church.** The Lord Jesus Christ is the Head of the Church, which is composed of all true followers of Christ, and in Him is invested supremely all power for its government. Christians are to associate themselves with local churches; and to each church is given the authority to administer order, to carry out ministry, to worship, and to practice discipline.
8. **Last Things.** The bodies of humans after death return to dust, but their spirits return immediately to God—the righteous to rest with Him; the wicked to be reserved

under darkness to the judgment. God in His own time and in His own way, will bring the world to its appropriate end. According to His promise, Jesus Christ will return personally and visibly in glory to the earth. At the last day, the bodies of all the dead, both just and unjust, will be raised. God has appointed a day, when He will judge the world by Jesus Christ, when all people shall receive according to their deeds; the wicked shall go into everlasting punishment; the righteous, into everlasting life.

The Campus

The uniqueness of the Union University campus, located on U.S. Highway 45 By-Pass and Union University Drive in Northwest Jackson, is related to the academic facilities and student housing. Union's campus is designed with the student as its axis. All facilities, programs, and personnel are interrelated in an attempt to meet the needs of students.

In addition to the main campus in Jackson, Union University opened a second campus in the Memphis

suburb of Germantown, Tennessee in 1997. Because of the rapid growth of the campus, the faculty and staff offices, classrooms and computer lab facilities moved to a new location in June 2001. Continued demands for growth and expansion of programs warranted a renovation in 2003 to include additional nursing labs, classrooms, conference rooms and offices. Union also has an off-campus site in San Francisco, California.

The Stephen Olford Center is an 18-acre facility in southeast Memphis which includes more than 40 hotel-style rooms for conference attendees; dining facilities; a patio and swimming pool; a newly donated library with about 32,000 volumes; classrooms and offices; and a chapel.

An abbreviated description of Jackson campus facilities follows. A more detailed description of each building as well as the services available in each, is presented in the *Campus Life Handbook* and at www.uu.edu/student-services.

Penick Academic Complex

The Penick Academic Complex houses the G.M. Savage Memorial Chapel, Fred DeLay Gymnasium, E.T. “Rocky” Palmer Activities Center, the Office of Career Services, the W. D. Powell Theatre, Waldrop Administrative Center, Union Station, Computing Services, Emma Waters Summar Library, and Hundley Center for Academic Enrichment. The Complex includes the Arts & Sciences departments of Art, Computer Science, Engineering, English, History, Language, Mathematics, Physics, Political Science, Psychology, and Sociology & Family Studies; the Education & Human Studies department of Physical Education, Wellness & Sport; and the School of Pharmacy.

The Waldrop Administrative Center contains the offices of the Registrar, Business Services, the Office of the Provost, the Office of the President, and University Communications, and the Institute for International and Intercultural Studies.

The Emma Waters Summar Library has immediate access to a collection of over 150,000 books, 19,000 e-journals, and 40,000 e-books. Through its membership in regional and national library cooperatives it has easy access to the combined collections of over 41,000 libraries worldwide. The library provides knowledgeable reference service, in-depth research assistance, personalized training, and group instructional sessions to facilitate the effective use of these resources. It also maintains a safe comfortable environment for both individual and group study.

The Johnnie Tribble Shepard Archives and Genealogical Research Center and R. G. Lee Library are located in the library.

Fesmire Fields and Fieldhouse

The Fesmire Fields provide lighted playing fields for varsity baseball and softball. The Fesmire Field House provides indoor practice and dressing rooms for men and women's soccer, softball and baseball as well as athletic training rooms for sports injuries.

Blasingame Academic Complex

The McAfee School of Business Administration and the College of Education and Human Studies are located in the Blasingame Academic Complex.

Hammons Hall

Hammons Hall contains the LifeWay Bookstore as well as the offices for University Relations, Church Services, Testing, and Continuing Studies. General classrooms, conference rooms, and a community room are also housed in Hammons Hall.

Jennings Hall

Jennings contains the departments of Communication Arts and Music, and the School of Christian Studies as well as the R. C. Ryan Center for Biblical Studies and Hartley Recital Hall.

White Hall

White Hall, the newest addition to the campus, houses the departments of Biology and Chemistry as well as the School of Nursing.

The Center for Excellence in Health Care Practice and the Edward P. Hammons Center for Scientific Studies are located in White Hall.

Residence Life Complex

Union University recognizes and is fully committed to the value of the educational experiences—spiritually, intellectually, and emotionally—which occur within the on-campus residential environment. Therefore, all students under 21 years of age by September 1 are required to live in the residence complexes for the full academic year, unless exception is granted by the Director of Residence Life. Exceptions include students living with parents/guardians, those who are married and students who have medical problems requiring off campus residency. All resident students are required to sign a residence life contract for the academic year. For information on Residence Life community values, philosophy, fees, family housing, reservation and procedures please refer to the *Campus Life Handbook* located on Union University's website at www.uu.edu/student-services/handbook.

Single student housing is arranged in three complexes and are apartment-like units which include four private bedrooms and a kitchen in each apartment. Each apartment is on one level in a 2-story construction. The Heritage Complex leads to a commons building which house the resident directory and provide facilities for lounge areas, laundry and recreation. The newest apartments are designed in quads and also house a male and female resident director. The commons building for the newest complexes will be ready by Fall 2009 and provide additional lounge and recreation space.

Family housing is located in the Warmath Apartments, north of single-student housing. The complex consists of 32 two-bedroom apartments.

Hyran E. Barefoot Student Union Building

The Barefoot Student Union Building houses the University's cafeteria (Gilbert-Powers Student Commons), Coburn Dining Room, President's Dining Room, Lexington Inn, Eldon Byrd Faculty Lounge, Barefoot's Joe Coffee Shop, Harvey Auditorium, Campus Printing and Mail Services, offices for Student Services (Dean of Students, Student Government Association, Student Activities Council, Counseling, Student Leadership Development, Residence Life, Health Services, Coordinator of University Activities, and Campus Security), offices of Admissions, Financial Aid, Enrollment Services, Campus Ministries (Missionary-In-Residence), Prayer Chapel, and the Missionary Wall.

The following is a brief description of campus life at Union University and the various organizations that contribute to its unique community. A more complete list of campus organizations and fuller explanation of their purpose and function is presented in the *Campus Life Handbook*.

Student Government Association (SGA)

The SGA, composed of all students enrolled in Union University, functions through its executive, legislative and judicial branches. Its elected officers and representatives serve as the official voice of the students in institutional affairs. The SGA seeks to foster University unity, promote student welfare and provide student programs, activities and services designed to meet the needs and interest of students.

University Clubs

Alpha Chi is a member of the Association of College Honor Societies. Membership is open to the top ranking 10% of the junior and senior classes. **Alpha Sigma Lambda**, to honor scholarship and leadership in adult students, recognizes the top 10% of adult students who have completed at least 24 hours at Union.

Academic departments sponsor campus organizations and honor societies relating to and for the promotion of their disciplines of study. These are described within the respective academic departments. The University sponsors special interest organizations relating to varied activities, service, political and social activism, and personal growth. These are detailed in full on the university website.

Social Fraternities And Sororities

Union has six national social fraternities and sororities: Alpha Tau Omega, Sigma Alpha Epsilon, Lambda Chi Alpha for men, Chi Omega, Zeta Tau Alpha, and Kappa Delta for women. Under the supervision of the University administration, these organizations host their own special activities and functions.

University Awards

The **Academic Excellence Medal** is awarded to the outstanding graduating senior in each major as selected by the faculty of the major. Inclusion in the selection process requires the student to have completed a minimum of 15 residence hours, excluding pass/fail courses, in the discipline and have a discipline GPA of 3.5 or higher.

The **Elizabeth Tigrett Medal**, established by the late Mr. I. B. Tigrett in memory of his mother, is presented to the outstanding senior in the graduating class. The award is based on citizenship, character, leadership, scholarship,

and school service. To be eligible, a student must have attended Union his/her entire college career.

The **University Academic Achievement Award** is presented to the student with the highest academic achievement in the graduation class with not less than a 3.75 provided a minimum of 56 semester hours at Union University are completed.

The **Class of 1962 Award** recognizes the senior who has attended Union University for four years with the highest grade point average.

Student Publications

The Cardinal and Cream

The *Cardinal and Cream*, official student newspaper of Union University, is written and edited by students of Union University, under the guidance of a journalism faculty advisor. The newspaper serves as a learning laboratory primarily for journalism students, but participation is open to all.

The Torch

The *Torch* is a literary and art annual published under the direction of student editors and an English Department advisor. Student writings and art works are selected by the student editors from presentations in the normal course of classwork and from those submitted directly to the editors.

Christian Life and Activities

Union University is committed to the spiritual growth and development of each person on campus. Understanding that faith development and academic achievement go hand in hand, Union provides an excellent atmosphere as well as ongoing activities that stimulate a Christ-centered world view and life-style.

Christian activities are coordinated through the Office of the Minister to the University. Each student is encouraged to grow in personal relationship with Jesus Christ and in service for Him. Ministry to students is an utmost priority. Activities include chapel services; LIFE Groups (a small group ministry for new students involving Bible study, discussion, and accountability); Klemata women's Bible study, Rounders (Bible study groups), weekend revival and DiscipleNow teams; off-campus ministries working with children, youth, adults, and senior adults; short-term mission projects (GO "Global Outreach" trips); and auditioned creative communication ministry teams.

The **Missionary-In-Residence Program** brings a missionary family on furlough from the international field to occupy the residence. To expose students to world missions, the missionaries speak in chapel, counsel students interested in missions, and promote the Lottie Moon offering in West Tennessee Southern Baptist churches.

Christian organizations providing fellowship and activities for students are available. The Ministerial Association is composed of students preparing for full-time Christian vocations and provides opportunities for fellowship and ministry in area churches. Mu Kappa is an organization for students whose parents are international missionaries. Through these organizations, a strong emphasis is given to local ministries and missions as well as national and international missions.

Chapel and Lecture Series

The University holds chapel services twice weekly. Through these times, students, faculty and staff worship collectively and receive spiritual encouragement, moral guidance, and intellectual challenge. The worship of God and the integration of faith and learning and living are encouraged through events such as Faith and Practice Week, Jones Lectures, Carls-Schwerdfeger Lectures, Convocation, Founders' Day, Last Lecture Series by Faculty, Global Opportunities Week, Mars Hill Series, Programs of the Carl F. H. Henry Center for Christian Leadership, Honors Colloquia, Town and Gown lectures, and concerts.

Supervised Ministry—Church and Convention Ministry (CCMS)

Union University accepts seriously the challenge of providing practical guidance and training to students preparing for church-related vocations. Supervised Ministry attempts to integrate classroom teaching with the practice of ministry and to assist students to test personal and professional identity in their growth in ministry. The program is administered through the Office of Church Services by the Director of Supervised Ministry. Each CCMS student is offered personal and vocational counseling, instruction, and opportunities for Christian service through various supervised ministries.

All students preparing for church-related vocation within the Southern Baptist Convention and receiving the CCMS scholarship must adhere to program requirements as explained at an orientation session at the beginning of the Fall Semester.

Intramural Athletics

At Union University, intramural athletics constitute an essential part of the total college program. A program of competitive intramural sports is sponsored allowing wide participation for men and women. Awards are given each year based on a point system.

Intercollegiate Athletics

Intercollegiate athletics are an integral part of American college life. Union participates in the TranSouth conference and is a member of the National Association of Intercollegiate Athletics. Union University offers varsity

competition for men in basketball, baseball, cross-country, golf and soccer and for women in basketball, softball, volleyball, soccer and cross-country. Union's athletic programs adhere strictly to all university, conference, and national regulations involving sports and academics for student athletes.

Regulations

Union University students are expected at all times to represent the University and the Christian community appropriately. Regulations regarding these expectations, student life as a whole and more particularly resident student life are found in detail in the *Campus Life Handbook*.

The President, the Provost, and the Dean of Students of the University are charged with the administration of discipline through the judicial system. They are empowered to rule in any irregularity pertaining to student life and impose redemptive discipline for community values violations as expressed in the *Campus Life Handbook*. The judicial system and the grievance and appeal system are described in detail in that same publication.

Confidentiality of Student Records

The privacy and confidentiality of all student records shall be preserved in accordance to the Family Educational Rights and Privacy Act (FERPA) of 1974. The Act provides adult students greater access to and control over information in educational records. More information about FERPA can be obtained from the Registrar. Official student academic records, supporting documents, and other student files shall be maintained, only by members of the University staff employed for that purpose, in separate files:

- Academic records, supporting documents and general education records—maintained by the Academic Center, academic departments and advisors
- Records of discipline proceeding—maintained by the Student Services Office
- Financial records—maintained by the Business Office
- Medical records—maintained by the Health Services Office (governed also by HIPPA)
- Admissions records—maintained by the Admissions Office
- Financial aid records—maintained by the Financial Aid Office

Directory information (student's name, address including email address, telephone number, date and place of birth, photograph, academic major, class schedule, dates of attendance, degrees and awards received, and most recent previous educational institution attended) may be made public by the University unless a student requests to the Academic Center in writing that it be released only upon his/her consent.

Records Not Available for Student Inspection

- Records of instructional, supervisory and administrative personnel which are in the sole possession of the maker thereof, and which are not accessible to others
- Records created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional which are used only in connection with the provisions of treatment of a student and are not available to persons other than those providing such treatment (governed also by HIPPA)
- Financial records of students' parents
- Evaluations for which a student has waived his/her right of inspection

Health Services

The mission of Health Services is to promote healthy lifestyles and to demonstrate care in a Christ-like manner to students, faculty and staff and to provide medical services for minor injuries and illnesses. Health Services is staffed by a full-time registered nurse as director, part-time nurse practitioners, and a part-time physician. There is no office visit charge for clinic care; all off-campus referrals and care may render a cost and are the responsibility of the patient. Whereas International students are required to have insurance, all students are strongly encouraged to do so. Information can be obtained through www.uu.edu/studentlife/healthservices.

Career Services

The Career Services staff assists students needing guidance in defining their academic major/career goals and encourages all students to begin career planning in the freshman year. The Career Services Resource Center includes a variety of resources to assist students in relating academic pursuits, personal interests, skills and values to their career plans. The department also maintains a web site for full-time and part-time off campus employment and internships as well as events sponsored by Career Services. The department provides an online résumé database whereby students can upload their résumés for review by employers seeking to fill professional positions. Personality testing, career development workshops, interview skills training, and career counseling/coaching are offered as a holistic approach to career development to assist students with preparation for their life calling and career success. For more information, visit the Career Services web site located at www.uu.edu/studentervices/careerservices.

Counseling

The services of a full-time licensed psychologist are available at no charge to students with personal or emotional concerns. Walk-ins are accepted based on the

availability of the counselor, or students may make an appointment. Upon referral by the Director of Counseling Services or the Dean of Students, students may also receive limited services from the psychological services provider under contract in the community. Consultation is provided in making referrals to special agencies upon request. The Director also serves as the primary contact for students with disabilities.

Academic counseling is administered through several avenues. Each student is assigned a Faculty Advisor in accordance with their intended major/vocational goal. Students undecided about their major are assigned temporarily to the Office of Academic Services. GPA counseling can be sought from the Office of Academic Services and through the Academic Center. The junior/senior student is required to have at least one counseling appointment with a degree auditor to focus on the completion of graduation requirements.

Library Services

When visiting the library webpage at www.uu.edu/library you will quickly discover that Summar Library offers a healthy balance between the traditional and contemporary worlds of knowledge. In a time when information is cheap and plentiful we offer the student the unique opportunity to explore the best literature through a well-selected collection of books and online resources. We do all this in a safe comfortable environment with friendly caring staff committed to satisfying your hunger to learn.

Testing

Union University serves as a National Testing Center for the American College Test (ACT), PRAXIS (NTE and PPST), College Board (SAT I and SAT II), Miller Analogies Test (MAT), the College Level Examination Program (CLEP), DANTESS SST, Law School Admission Test (LSAT), and Pharmacy College Admission Test (PCAT). Schedules are available at www.uu.edu/academics/testing.

Wellness Center

The Wellness Center, a recently redesigned 3,600 square foot facility, offers programs to promote healthy lifestyles such as health assessments, motivational incentives, exercise prescription and health education including group fitness classes. Currently enrolled students, faculty, staff, and spouses are eligible to use the Center and participate in classes. One on one fitness training with a Certified Personal Trainer is available.

Definition of Academic Terms

Degrees

Union University offers nine undergraduate degrees—Bachelor of Arts, Bachelor of Music, Bachelor of Science, Bachelor of Science in Medical Technology, Bachelor of Science in Engineering, Bachelor of Science in Nursing, Bachelor of Science in Organizational Leadership, Bachelor of Science in Business Administration, and the Bachelor of Social Work—and ten graduate degrees—the Master of Education, the Master of Arts in Education, the Master of Business Administration, the Master of Christian Studies, the Master of Science in Nursing, Master of Arts in Intercultural Studies, the Educational Specialist, the Master of Science in Social Work, the Doctor of Education, and the Doctor of Pharmacy (described in the graduate catalogue).

A student may have two baccalaureate degrees conferred when the requirements of both have been met, provided the student has a minimum of 30 resident hours to offer, over and above that required for the first degree. A new major including a minimum of 15 upper-level hours in the major taken at Union and any prerequisites to the major must be completed for the second degree.

Upon completion of degree requirements, the student is awarded the appropriate diploma for his/her degree.

Credit Hour

The unit for counting credit is the semester hour. A semester hour is defined as an hour of class work a week, or its equivalent in laboratory, pursued for one semester.

Full-Time Student

To be classified as a full-time student during a semester, a student must carry a minimum credit hour load of 12 semester hours; for full-time status in the Winter Term or each of the Summer Terms, a student must carry a minimum of three hours.

Grades and Quality Points

- A is reserved for performance that is definitely superior in quality.
- B is for consistently good work that is above average.
- C is for satisfactory performance.
- D is for minimal passing.
- F indicates failure.

Both Progress Reports and Final Grades are reported by letter which may be interpreted in percentage figures: A 95-100, B 85-94, C 75-84, D 65-74, F below 65. A, B, C, and D are passing grades; F is failure; N is audit. The grade of I, indicating incomplete work, must be made up within the first five weeks of the Fall/Spring semester following issuance; otherwise, the course is graded to reflect the incomplete work. The grade of IP (In Progress) will

be issued for courses which by design extend into the following term or semester. Pass-fail courses are graded P for pass and FF for failure. W is reserved for withdrawal from a course beyond the period allowed for officially dropping a course. Withdrawal may be granted by the Registrar after this period if the student meets conditions as stated under regulations concerning dropping of classes. A temporary grade of X is inserted to indicate no grade has been reported.

The following are the grades with their corresponding quality credits:

- A—4 quality points per hour of credit
- B—3 quality points per hour of credit
- C—2 quality points per hour of credit
- D—1 quality points per hour of credit
- F, FF, I, IP, N, X—0 quality points per hour

To determine the Grade Point Average (GPA), the quality points earned are divided by the semester hours attempted. The grade of P will not be included in the GPA, but the credit will be included in the hours for graduation.

Good Academic Standing is defined as the minimum acceptable cumulative GPA for graduation, 2.00. Policy regarding students who fail to meet this standard is detailed below under “Scholastic Regulations.”

Students are allowed to repeat courses to improve the grade and cumulative GPA. Repeat of D and F grades is strongly encouraged. The most recent grade earned is the grade calculated in the cumulative GPA and in consideration for graduation.

Faculty Advisor

Advisors are assigned within the department of the student's major. The freshman undecided about his/her major will be advised by the Center for New Students. Advisors will assist students in planning schedules and defining educational and career goals.

Union University's academic advisement program is based upon the supposition that any degree-seeking student accepted for enrollment is a responsible adult seeking a liberal arts education. Advisors will inform advisees of the academic requirements and attempt to guide them through the program of study toward their chosen major; however, they may not assume the responsibility for the student.

Student Classification

- | | |
|-----------|---|
| FRESHMAN | A student who has met entrance requirements and who is carrying at least 12 semester hours. |
| SOPHOMORE | A student who has at least 24 hours of college credit. |
| JUNIOR | A student who has at least 56 hours of college credit. |
| SENIOR | A student who has at least 86 hours of college credit. |

Size of Classes

Union University is committed to providing class sizes that facilitate an excellent professor to student ratio. Yet the University reserves the right to cancel a scheduled class if there is not sufficient support from student enrollment.

Description and Numbering of Courses

A brief description for each course is found within the respective section of the *Catalogue*. A Prerequisite to a course may be cited as another course or condition that must be met satisfactorily before the student may register for the course. A Corequisite refers to a requirement that must be completed prior to or at the same time as the course. Co- and Prerequisites are enforced at the discretion of the instructor.

A course syllabus giving greater detail of topics covered and requirements is distributed at the first class meeting. Copies are filed in the appropriate school/college dean's office.

Undergraduate courses are numbered from 100 to 499. Courses from 100 to 199 are freshman courses; freshmen

are restricted to 100 and 200 level courses. Courses from 200 to 299 are sophomore courses; sophomores are restricted to 100-300 level courses. Courses from 300 to 399 are junior courses. Courses from 400 to 499 are senior courses. Courses numbered 500 may be undergraduate or graduate; see the *Graduate Catalogue* for details. Courses above 599 are graduate courses.

Honor Students

Students making an average of 3.5 or above earned in courses taken at Union University graduate with **Latin Honors** as follows: 3.50-3.66, *cum laude*; 3.67-3.83, *magna cum laude*; 3.84 and above, *summa cum laude*. To qualify for these honors, a student must complete at least 56 hours at Union University.

Students who are enrolled for 12 or more hours and earn an average of 3.5 or above are placed on the semester honor roll, which is entitled the **Dean's List** and those with a 4.0 are placed on the **President's List**.

General Academic Policies and Procedures

Change of Classes

After registration, a student may change his/her schedule by obtaining proper forms from Union Station, securing the signature of his/her advisor, and processing forms at Union Station.

A fee of \$10.00 will be charged for dropping a course after the start of classes. Exceptions will be made by the Registrar in instances beyond a student's control. See the University Calendar for the last date for changes in schedules.

Dropping of Classes

Courses may be dropped without academic penalty after the period allowed under circumstances of extreme illness, in which case a physician's certificate must be submitted and approved by the Registrar. Other circumstances beyond the student's control may be approved by the Registrar.

Students discontinuing class attendance without the Registrar's permission to drop will receive an "F" in those courses.

Registration for Courses as an Audit

Students may audit courses for personal enrichment on a space available basis. Registration must occur during the published period. The student will pay the audit and applicable materials fees. Audited courses do not apply toward a degree but will appear on the transcript without assignment of grade. The auditor may participate in the course as minimally or as fully as he/she chooses. The instructor may elect not to grade exams and other work of the auditor.

A student auditing a course may process drop/add forms to earn credit in the class no later than the "Last Day to Add" for the semester. A student enrolled in a course for credit may change to audit during the period allowed to drop a class. Deadlines are noted in the academic calendars for each semester published in the *Catalogue*.

Regulations Concerning Quantity of Work

The maximum hours recommended for any student is 18 for a Fall or Spring Semester, 9 for accelerated 8-week sessions, and 7 for any of the three 4-week terms. However, a student who is highly motivated and has a 3.0 CUM GPA may petition the Registrar with consent of his/her advisor to enroll for more than the suggested maximum.

Concurrent Enrollment

Enrollment in another college or university concurrent with Union University enrollment must be approved in advance and in writing by the Registrar. At times other than concurrent enrollment the Union student is advised to check with the Registrar about transferability.

Class Attendance

Regular and successive attendance is expected of all students enrolled in all lecture, laboratory, and seminar courses. Each faculty member is to determine the specific details for administering the attendance policy for his/her courses. Each faculty member is to clarify in the course syllabus the requirements. This statement is approved by the department chair and filed in the Office of the College/School Dean. Each faculty member is to counsel with any student whenever absences are affecting the student's grade.

No faculty member is allowed to operate a system which penalizes a student for absences due solely to participation in an official college-sponsored activity which requires limited or occasional absences. However, the student must satisfy all testing, reporting, and required functions defined for the course.

Withdrawal From School

A student withdrawing from school, dropping all courses from a current semester or term, begins the process with the Academic Center with a Withdrawal Card. Students will be allowed to withdraw through 11 weeks, or its term equivalent, and will receive notation on their permanent record.

Voluntary withdrawal does not guarantee permission to readmit to the University nor does it automatically exclude the student from enrollment at a future date. Students who have withdrawn must check with the Office of Undergraduate Admissions regarding reenrollment.

Scholastic Regulations

The only acceptable level of work for graduation at Union University is 2.0 or above. Those who fail to achieve that level will be placed on academic probation.

If the student achieves a cumulative GPA of at least 2.0, academic probation status will be immediately removed. If the student fails to achieve the 2.0 GPA, the status of academic probation lasts for two full semesters and the short term(s) that immediately follow. While the student is on academic probation:

1. An official notice will be sent to the student.
2. The academic advisor will monitor a program of studies containing repetition of courses in which D's and F's have been earned and will urge reduction of extracurricular activities and work.
3. The academic load will be limited to not more than fourteen hours.
4. An Assistant Registrar will counsel students individually as needed.

If by the end of the two probationary semesters a cumulative GPA of 2.0 has not been attained, the student will be suspended from the University for one full semester. There is no appeal permitted for this suspension. The suspension will be a full semester; no combination of short terms will substitute. Colleges typically will not admit a student suspended from another college; however, if credit

is earned at another institution while the student is suspended from Union, that credit is not applicable toward a degree at Union.

After serving the period of suspension, the student is eligible to return upon application for readmission. The student re-enters on academic probation and is again given two semesters with the short term(s) that follow to achieve the required cumulative 2.0 GPA. If the satisfactory standing is not achieved, the student will again be suspended from the University. After a full semester suspension, the student desiring to return will be required to reapply to the Admissions Committee of the University.

Academic Integrity

Union University upholds the highest standards of honesty. By their enrollment at Union, students are agreeing to refrain from the use of unauthorized aids during testing

(including but not limited to technology devices such as digital cameras, cellphone cameras, pen-based scanners, and text-messaging devices), to refuse to give or receive information on examinations, and to turn in only those assignments which are the result of their own efforts and research. Failure to provide correct documentation for material gleaned from any outside source, such as the Internet or any published/unpublished work, constitutes plagiarism, a form of cheating subject to strict disciplinary action. Breaches of these standards warrant academic and disciplinary consequences. Policies and procedures, including appeal procedure, are detailed in the *Campus Life Handbook*.

Graduation Requirements

Students may graduate under the course requirements specified in the *Catalogue* of the year of their admission or those at the time of their application for graduation. If five years have elapsed since a student's latest enrollment in Union University, he/she may graduate either under the course requirements of the *Catalogue* of his/her re-admission or those in force at the time of his/her application for graduation. Teacher Licensure requirements may alter graduation requirements as stated in the *Catalogue* for students seeking licensure.

Components of Graduation Requirements

Each bachelors degree awarded by Union University must contain the following components unless specifically exempted by the student's choice of academic program:

General Core Curriculum	48 hours
Specific Core Curriculum	18-36
Major Academic Program, minimum	30
Minor Academic Program, minimum	18

The completion of 128 hours usually requires four years of 32 hours per year. Of these, the freshman and sophomore years are spent in core curriculum. In the event 128 hours have not been met by the completion of the above components, elective courses or additional majors/minors must be earned to satisfy the balance.

Specific Core Requirements are required by all programs except the B.S.N., B.S.M.T. and B.M. degrees. Some restrictions apply toward the pairing of majors and degrees; the table of "Academic Programs" indicates those restrictions where applicable.

IN ADDITION TO THE ABOVE, THE CANDIDATE FOR GRADUATION MUST:

- Schedule and keep at least one Graduation Audit appointment

- File an application for graduation
- Clear all accounts and conditions with school offices (incompletes, chapel, financial obligations, etc.)

Summary of Minimum Requirements for Graduation

These are overall minimums; individual programs may require a higher level of performance. Such programs are noted in their appropriate departmental section. This summary does not intend to be all inclusive. Greater detail is provided on each topic on the following pages.

Minimum Residence

For each undergraduate degree granted by Union University, at least 25% of the hours required must be earned through instruction by Union University. The last 12 hours of must be earned at Union University except in pre-professional programs. Any deviation from this policy must be authorized in writing by the Registrar.

The Union University Core

Union University provides excellent liberal arts based undergraduate education; the foundation for this education is the core curriculum. The core curriculum provides our students with the opportunity to gain foundational knowledge across the range of scholarship and experience, become skilled in the acquisition and application of that knowledge, and develop a love of virtuous thinking and living. The core provides a common grounding in the knowledge, skills, and virtues which we believe all Union graduates should possess while providing a foundation for specialization in majors and minors as well as careers and lives of constructive learning. This document does not prescribe any particular selection of core courses. Rather, it establishes the goals of the core curriculum as a whole. Specific goals mentioned below can be actively pursued in many, if not all, courses in the core curriculum. We intend that connections between disciplines will be made overtly in the classroom and discussed by faculty and students alike. At all stages of our students' education, the Union faculty is intent upon academic excellence for ourselves and for our students.

God's creativity and governance shape all of life, make all knowledge possible, and unify the academic disciplines. In light of this, we want our students to know God and to develop a maturing awareness, understanding, and appreciation of God. We want them to acquire broad biblical knowledge and detailed knowledge of portions of the Scriptures. We want them to learn the essential doctrines that have guided historic Christianity and we desire that our students exercise the gifts and skills of living in the knowledge of God.

Union students need to know and love God's creation: anything physical and metaphysical which is distinct from God. They need to know about the inanimate from the subatomic to the cosmic, and about life, from its simplest to its most complex forms. Interactions between inanimate and animate are important to learn, as are the abstract concepts that have guided the study of the cosmos. They should understand how scientific views have changed, be skilled in scientific methodologies, and know their advantages and limitations. They should also understand and appreciate things we can not touch, such as logic, numbers, goodness and evil, beauty and ugliness. Guided by Christian ideals, students should know how

our understanding of creation can be used to improve life, alleviate suffering, and inspire beauty.

Union students need to know and love the human realm of creation. We want our students to understand (and wonder at) the physical, spiritual, and imaginative nature of humanity—in themselves, in others, in communities, and in cultures past and present. It is important for them to know the great ideas that have shaped how we live and think and to contemplate the creativity and self-reflection that so distinguish people from the rest of creation. We want them to see models of excellence in others that they may seek excellence for themselves. They need skills associated with human interaction. Finally, in all our studies of humanity, we want our students to be guided by Christian conceptions of human identity and purpose and to imitate Christ in service to others.

Throughout these academic pursuits and built into core courses, we want our students to develop a Christ-like character. The core curriculum at Union not only challenges students to know and to be skilled, it also challenges students to perceive and pursue virtue in their studies, social experiences, and in all areas of life. Knowledge and skill need guidance; that guidance comes from cultivated and practiced virtue. There are many ways to nurture Christian character; we will encourage students in the pursuit of the virtues presented in Scripture and in the Western tradition, such as the Beatitudes, the fruit of the Spirit, and the seven classic virtues.

The purpose of the core curriculum is to establish a common foundation of knowledge, skill, and virtue. These are valuable in their own right and also serve as a base for formal studies and life-long learning. The core challenges students to appreciate all legitimate human endeavors as Godly calling and to discover such calling in their own lives. It provides opportunity for understanding, action, and faith to dwell together. The core provides the intellectual underpinning for engaging with the ideas of history and the issues of our day. The productive unity of the core will be found in the minds and actions of the faculty and students who work to see humankind, nature, and God together in as much of their extraordinary complexity as we can master. We intend that the core and additional formal studies bring to life the age-old belief that all truth is God's truth.

Correspondence, Seminary Extension (SE) and Credit by Exam

A maximum of 32 semester hours toward graduation by ACE-approved Seminary Extension, correspondence (8 hours maximum) or credit by examination may be accepted. Students may not enroll for SE or correspondence credit without approval in writing by the Registrar prior to registration for the course and the department chair or dean.

Credit-by-exam attempts can be made no later than official report may be received during the student's next

to last full semester (Fall, Spring) preceding graduation, or if in the Teacher Education Program the next to last semester preceding Student Teaching. May and Summer graduation applicants must complete all testing attempts before the end of the previous Fall Semester. December and January applicants for graduation must complete all testing attempts before the end of the previous Spring Semester.

Any variance must be approved in advance by the Registrar in writing.

Prolonged Delay of Completion of Graduation Requirements

A student re-entering the University after a lapse of ten years since the last academic credit was earned must have a conference prior to enrollment with the Registrar. A program of study will be formulated for the applicant to complete the degree.

Application for Graduation

Application for graduation should be filed in writing with the Academic Center during the Fall semester prior to Spring/Summer graduation, or Spring semester prior to Fall/Winter graduation. Graduation applicants not completing all requirements by the last day of final exams of the graduation semester or term will be moved to the next appropriate graduation date.

Any student who has filed an application for graduation must have had an appointment with the Assistant Registrar or the Director of Teacher Education for a Graduation Audit. The Graduation Audit should begin during the junior year. In the event a student has not filed a Graduation Audit by the time he/she has filed an application for graduation, he/she will be given until December 1 for Spring/Summer graduation and until May 1 for Fall/Winter graduation. If the student has not filed a Graduation Audit by that date, his/her name will be removed from the graduation list, and the student notified.

Faculty Approval

All candidates for graduation must be approved by the faculty. All conditions—transfer credit, incomplete grades, and chapel attendance deficiencies—should be removed by the opening of the last semester.

Final Examinations

Comprehensive final examinations are required of all students in all courses where content is appropriate. The final examination time is listed with the University calendar. A student with three or more finals on one day may request one of his/her professors to reschedule one examination, to another time during finals week, provided the request precedes the last week of class. If the student and the professor cannot resolve the scheduling problem, the student should take his/her request to the Registrar.

Courses Beyond the Required General Education Core

Majors and Minors

By the beginning of the junior year, each student is required to select one subject as his/her major and one as his/her minor, with the exceptions of B.M., B.S.N., B.S.E., Chemical Physics, Conservation Biology, Engineering, Physics, Sports Medicine, Sport Management, Athletic Training, and Digital Media Studies. All juniors are required to have a Degree Audit with the Assistant Registrar or the Director of Teacher Education.

Health Professions: Pre-Professional and Professional Curricula/Liberal Arts-Professional Degrees

Pre-professional programs providing the background to apply for entrance into the health professions programs listed below are available through Union University.

Chiropractry
Cytotechnology
Dental Hygiene
Dentistry
Health Information Management
Medicine
Occupational Therapy
Optometry
Pharmacy
Physical Therapy
Physician Assistant
Podiatry
Veterinary Medicine

Information regarding the specific requirements for each may be obtained from the Health Professions Advisory Committee (HPAC). Requirements for The University of Tennessee professional programs are available as well as for other professional schools.

Students who have completed coursework required for entrance into a professional health program are evaluated by the HPAC. The evaluation summarizes input from Union personnel concerning the student's class performance and accomplishments, motivation, responsibility, capabilities, and character before making its recommendation to the professional school.

Students who complete the pre-professional requirements, core curriculum and degree requirements, including major and minor requirements, and 3 years residence acceptable to Union before entering the professional school may receive the B.S. degree from Union University upon completing one year in an approved professional school. The competitive nature of these programs is such that students are urged to complete the B.S. degree before entering the professional school.

A major consists of a minimum of 30 semester hours; a minor consists of a minimum of 18 hours. Requirements are detailed within the departments of the *Catalogue*.

Courses applying toward a major(s) or minor(s) cannot apply toward another major(s) or minor(s). Of the requirements in the major, 15 hours must be from upper-level courses (courses numbered above >299) earned at Union University. Of the requirements in the minor, 6 hours must be from upper-level courses earned at Union. All majors and minors must be approved by the major professors and the Registrar.

To satisfy the requirements for the major/minor, only grades of "C" or above in upper-level courses may be

included. A minimum GPA of 2.0 must be maintained in each major and minor.

The student's choice of a major may require the student select a Track, Endorsement, Emphasis, or Concentration. Track is used to describe different curricular paths culminating in the completion of the same degree. References to Endorsement are applicable only to the Teacher Education Program. No notation of the Endorsement or Track will appear on the student's transcript or diploma. The terms Emphasis and Concentration are used interchangeably to denote specializations of content related to the major. These notations appear on the transcript and diploma as a Specialization of the major.

Independent Studies

Independent Studies are available for highly motivated students interested in areas not covered by the regular courses and having both aptitude and discipline to do independent research. The program places major responsibility upon the student to identify an area of interest and seek the help of a professor qualified in that area to structure and formally define the course of study and assess the quality of work done.

Any junior or senior who has a minimum GPA of 2.75 is eligible to apply for independent study. Exceptional cases may be reviewed by the student's college/school dean.

No student will be permitted to enroll for more than one independent study per semester or term. The maximum hours which any student may apply toward graduation by independent study is nine.

No *Catalogue* course may be offered by independent study. No course taken by independent study may substitute for any specific course required by the core curriculum, a program for teacher licensure, or any course required by a major or minor.

Students should check with the Academic Center for the forms required for approval and the particulars of registration.

Departmental Special Studies

Departmental Special Studies are group studies designed to go beyond or between courses listed in the *Catalogue*.

Affiliations With Other Agencies and Institutions

Council for Christian Colleges And Universities (CCCU)

Union University's membership in the Council for Christian Colleges and Universities, a national association of 100 Christian institutions, enables us to offer students off-campus learning opportunities sponsored by or affiliated with the Council. See the Institute for International and Intercultural Studies for program details.

Consortium for Global Education

Such courses may not parallel or substitute for regular catalogue courses. A student may apply up to nine hours in Special Studies toward graduation. Restrictions within departments may apply; check departmental listings.

Study Abroad Program Studies

Study Abroad Program Studies are individual studies designed to enhance *Catalogue* curriculum and to facilitate the documentation of study outside the United States. Courses may apply toward graduation requirements but must be approved prior to travel. A maximum of 21 semester hours in Study Abroad courses may apply toward graduation. Check with the Associate Provost for International and Intercultural Studies for additional information.

Continuing Education

Union University has a Continuing Education Program for those who wish to enhance personal or professional knowledge but not necessarily a degree. Courses offered will be determined by the groups desiring the courses and the instructors. These courses are offered only when there is a sufficient demand. See the Department of Continuing Studies for more details.

Student Academic Services

Believing that the success of each student is of vital interest, not only to the student and his/her family, but to the University as well, Union University offers a variety of academic services to students. Each freshman is required to take two credit hours geared toward achieving academic success. A New Student Orientation Program is available for incoming students.

Other student academic services include tutorial assistance, retention counseling, academic advisement, study skills workshops, and probation-suspension intervention. Services are provided through a team approach to help clarify the student's needs and goals relative to academic fulfillment.

(CGE)

The Consortium for Global Education is an association of nearly 50 private U.S. colleges and universities committed to the development of international education. See the Institute for International and Intercultural Studies for more details.

Mid-Continent Consortium

The Mid-Continent Consortium is an association of regional institutions that collaborate to develop international study programs. The consortium currently works with programs in: Canada, France, Spain, Mexico and Germany.

College Articulation Agreements

Union University has articulation agreements (transfer guidelines) with several colleges including Jackson State Community College and Dyersburg State Community College. The agreements determine which credit courses will transfer as equivalent courses at Union University and which will receive elective credits.

Cross-Campus Agreement

The consortium agreement of Freed-Hardeman University, Lambuth University, and Union University allows a student enrolled at one of these universities to take an undergraduate course at any of them. The student obtains permission to do so, pays tuition, and receives credit at his/her “home college” where he/she is a degree-seeking registrant; the term “host college” is used for the institution attended for limited purposes in order to further his program in his home college.

Students may seek enrollment in a host school for the following reasons:

1. Course scheduling difficulties, or
2. Special programs are available at only one institution.

Additional information is available in the Academic Center.

Emma Waters Summer Library Agreements

The Library has entered into several formal agreements with other libraries and library organizations to extend its service base. These local, state, and regional cooperative

library programs greatly enhance student access to materials and facilitate the sharing of resources. These agreements include but are not limited to the West Tennessee Academic Library Consortium, TENN-SHARE, and the Southeastern Library Network (Solinet). These agreements afford cooperative ventures of the universities, allow inter-library loan and a full range of support services.

Gulf Coast Research Laboratory Agreement

The Gulf Coast Research Laboratory in Ocean Springs, MS, offers courses in marine biology to qualified Union students. Junior and Senior students in Biology should check with the Biology Department for details.

Medical Technology/Clinical Laboratory Science Agreements

Programs under these agreements are accredited by the Committee on Allied Health Education and Accreditation of the American Medical Association upon recommendation of the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). Each is at least 12 months in duration with Union granting 59 semester hours toward the Union baccalaureate degree for which the student is a candidate. Union offers prerequisite courses for a major in Medical Technology/Clinical Laboratory Science at Union sufficient to fulfill the minimum requisites for admission to the Medical Technology/Clinical Laboratory Science Program. Qualified students may sit for the certifying examination of the American Society of Clinical Pathologists, Board of Registry.

Admission Policy

Union University seeks to educate students to be servant leaders, ready to carry out the vocation to which God has called them, and equipped with the abilities necessary to think Christianly and perform skillfully in the world. To this end, Union University seeks to recruit and admit quality undergraduate students of qualified preparation and good character. Union University is primarily an undergraduate institution and seeks to enroll students who desire the educational and Christian life experiences that are offered here and explained in the Mission Statement and Core Values of the University found in the beginning pages of the *Catalogue*.

How to Apply

The Union University Office of Undergraduate Admissions receives and processes applications to traditional undergraduate programs for all semesters and terms of the University. All applications should be mailed to the Office of Undergraduate Admissions, 1050 Union University Drive, Jackson, TN 38305. For more information, or for an application call (731) 661-5100 or 1-800-33UNION or apply online at, www.uu.edu. Complete and return the Union University application for undergraduate admission. Enclose an application fee, personal check or money order, for \$35 payable to Union University.

Applications will be considered for acceptance on rolling basis. Since a limited number of spaces may be available for a class, early application is strongly recommended.

General Requirements

Age: An applicant must be at least 16 years of age unless written approval is granted by the Admissions Committee.

Character: An applicant is expected to be of good character. An applicant previously charged, arrested, or convicted of any crime is required to have a personal interview with the Director of Undergraduate Admissions prior to a decision being made regarding admission.

After the applicant has met the entrance requirements, the Director of Undergraduate Admissions will issue a formal letter regarding admittance to the University. Initial admittance to Union University does not imply automatic admission in future semesters. Any student admitted by giving false information or by withholding needed information may be dismissed or retained on probation. This decision will be made after consultation by the Director of Undergraduate Admissions with the appropriate committees and administrators.

Upon receipt and review by the University of all information required for consideration of admission/readmission, the University reserves the right to refuse admission/readmission to any student or applicant based upon a determination by the Director of Undergraduate Admissions and/or the Admissions Committee that admission/readmission of the applicant would not be consistent with the purpose of the University. All documents submitted become the property of Union University.

Admission of Freshmen

Academic Requirements and Stipulations

An applicant for the freshman class must be a graduate of an accredited high school with at least 20 units in Core Subjects. Core Subjects must include these minimum units: English, 4; Mathematics, 3; Social Sciences, 3; Natural Sciences, 3; Foreign Languages/Fine Arts, 2; with the balance being completed in approved electives. A state high school equivalency diploma will be accepted in lieu of a high school diploma. Additionally, students qualifying for Unconditional Admission to Union University must meet two of the following criteria:

1. 22 ACT/1020 SAT (combined critical reading and math scores)
2. 2.5 Core GPA
3. Top 50% of Graduating Class

Students who qualify for Unconditional Admission must have a minimum of 18 ACT/860 SAT (combined critical reading and math scores) and a 2.0 Core GPA regardless of whether or not either of these criteria were

utilized to qualify for admission. These two criteria serve as a "floor" for Unconditional Admission.

Core GPA is a GPA computed by Union University based on each student's performance in a preselected track of high school college preparatory coursework. This required set of courses is as follows: four units of English, three units of math, three units of social science, three units of natural science, two units of either foreign language or fine arts (may choose one of each).

This core GPA will be computed with the official grading scale utilized by the high school where the course credit was awarded.

Occasionally students who do not meet minimum criteria may be accepted with conditions. See Conditionally Admitted Students under Special Categories of Admission.

Before Acceptance to the Freshman Class may be granted, the applicant must also file the following information in the Office of Undergraduate Admissions:

1. An admissions application and (non-refundable) application fee,
2. A copy of ACT or SAT(R) scores, and
3. An official high school transcript.

Before registering for classes, the applicant must also file in the Office of Undergraduate Admissions a tuition deposit of \$200 to reserve a place in class and apply to the tuition charges. A housing deposit of \$100 is required to reserve an apartment on campus.

Upon high school graduation, freshmen accepted to the University must submit an official high school transcript verifying graduation.

The refund schedule and policies regarding deposits are detailed in the Financial Information section entitled "Refunds."

Early Admission

Outstanding students may be enrolled in high school and Union as part-time students upon application with a minimum high school GPA of 3.5 considering all coursework and a minimum ACT composite score of 20, or SAT 940.

Outstanding seniors prior to high school graduation may be admitted as full-time students upon application and in consideration of:

1. A minimum high school GPA of 3.5 considering all coursework,
2. A minimum ACT composite score of 20, or SAT 940,
3. A written endorsement from the principal

detailing the one or two courses the principal will accept for completion of the high school diploma. Courses must be completed during the first year of enrollment at Union,

4. Written endorsements from the high school counselor and student's parents,
5. An application on file with Undergraduate Admissions by April 1,
6. All other freshman requirements for admission,
7. An interview with the Admissions committee may be required, and
8. It is the student's responsibility to submit a Union transcript to the high school for awarding of the high school diploma.

Home School Admission and Enrollment Philosophy

Union University actively seeks to admit and enroll students with a home school background. Graduating students may be admitted to Union University as freshmen if they meet the same requirements as students from private and/or public high schools as listed under Admission of Freshmen. If a class rank is unavailable, home school students may be admitted without conditions provided they meet minimum ACT/SAT scores and GPA requirements.

Admission of Students Transferring From Another College

A transfer student must have completed at least 24 semester hours of transferable credit at an accredited college in order to enter Union under this category; otherwise, the applicant must meet freshman admission requirements and transfer GPA requirements. The academic status of a transfer student will be based on his/her cumulative GPA of all accredited post-secondary work attempted. The admission file of a student having less than a 2.3 cumulative GPA will be presented to the Undergraduate Admissions/Readmissions Committee following an interview with the Director of Academic Support. The student may be denied admission, admitted as a Conditional Student (as stated in *Catalogue*), or admitted. The determination for the above decision shall be the full academic record, recommendations, and explanation of any extenuating circumstances and will be detailed in writing from the Director of Undergraduate Admissions and the Director of Academic Support on behalf of the Admissions Committee.

Before acceptance into Union University may be granted, a transfer student must file the following information in the Office of Undergraduate Admissions:

1. An admissions application and (nonrefundable) application fee,
2. An official transcript of credits from all institutions attended, and
3. A completed student transfer form is required for students who have received official disciplinary

action at a previously attended institution or if special circumstances arise that show a necessity.

Before registering for classes, the applicant must also file the following information in the Office of Admissions:

1. A complete official transcript from all institutions of higher learning attended,
2. A tuition deposit of \$200, applicable to the entering semester, is required after a student has been accepted for admission to reserve a place in class, and
3. A housing deposit of \$100 is required of residential students to reserve an apartment on campus.

The refund schedule and policies regarding deposits are detailed in the Financial Information section entitled "Refunds."

Credits will be accepted from other regionally accredited colleges if it parallels courses offered by Union. The minimum grade for acceptance is "C." No more than 72 semester hours will be accepted from non-baccalaureate granting colleges toward a bachelor's degree at Union University. Grades from other institutions do not transfer and therefore will not be recorded.

Union University will accept students from a Bible college accredited by The Association for Biblical Higher Education.

1. All regular policies pertaining to the admission of transfer students must be fulfilled.
2. The student must maintain an average of "C" on all work taken during the first semester at Union University in order for the credit from the Bible college to be accepted.

Admission of Students Who Already Have A Bachelor's Degree

Any student having graduated from an accredited undergraduate institution may be admitted to Union University by the following process:

1. An admissions application and (non-refundable) application fee, and
2. Submit official transcripts from all institutions attended.

Students having received a baccalaureate degree are required to submit a student transfer form only if special circumstances arise to show a necessity. A room deposit is required if the student desires campus housing. Additional transcripts may be required if necessary for academic advising.

Admission of Former Union University Students

Any student once admitted to Union University and then missing one or more semesters (Fall or Spring) must be readmitted by the following process:

1. Complete a new application (fee is not required),
2. Clear all previous academic, social, and financial obligations,
3. Submit official transcripts from institutions attended since leaving, and
4. Submit a student transfer form from the last institution attended only if special circumstances arise that show necessity.

Voluntary withdrawal does not guarantee permission to readmit to the university nor does it automatically exclude the student from future enrollment.

Academic Forgiveness Program

Union's Academic Forgiveness Program is designed for students who at an earlier period earned a poor college academic record. The second chance is available to students who can demonstrate they are now prepared to be academically successful. Information should be obtained at the time of application from the Director of Undergraduate Admissions.

Admission of International Students

All international students will meet the same freshman and transfer requirements for regular admission to the University. All international students will complete the required Application for Admission including its \$50 application fee. All documents must be in English. Official transcripts must be evaluated, at the student's expense, through an approved service for the evaluation of international transcripts. Entry is allowed for Fall Semester only unless a special appeal is granted by the Admissions Committee or the Director of Undergraduate Admissions. The following additional requirements must be met:

1. A physical examination,

2. Student insurance purchased from a company approved by Union University,
3. Each international student shall prepay or show responsible evidence (such as a government scholarship) of having adequate money for one academic year's tuition (for Fall, Winter, Spring Semesters), room, board, insurance, books, and miscellaneous expenses. This amount will be determined by the Director of Undergraduate Admissions for each individual student during the admission process,
4. Students whose native language is not English will submit TOEFL score reports of not less than 550 paper-based or 80 internet-based to be considered for full admission. Exceptions to this requirement will be considered for students presenting strong verbal scores on the SAT or ACT.
5. The Enhanced ACT/SAT(R) score requirement will normally be waived if the TOEFL score is at least 550 or 80 internet-based.
6. TOEFL requirements will normally be waived for International Students who transfer to Union with at least 24 semester hours of transferable credit and who present evidence of English proficiency by earning a cumulative GPA of at least 2.3 from another regionally accredited college or university in the United States.
7. Students whose native language is not English will participate in an interview with the International Student Enrollment Counselor or the Director of Undergraduate Admissions and Recruitment. This interview may be conducted either in person or by phone. A placement test may also be required.

From a country where the native language is English, students will be admitted on academic credentials without regard to language requirements. Academic requirements will be the same as for regular admission.

From another accredited institution of higher learning in the United States, students will be required to meet the same requirements for admission as all other transfer students as well as meeting the required TOEFL score.

An I-20 form may be issued only after admission requirements and the above monetary requirements have been satisfied.

As a condition of their admission, each international student will be required to enroll as a full-time student in course work tailored for their unique orientation needs to include; but not be limited to; ENG 111, ENG 112, and ICS 105. International students will be advised by an international student advisor, as well as by an assigned faculty advisor in their major department, during their first year. Both the international student advisor and the departmental advisor must be consulted in registration decisions.

For students who have obtained their permanent residency card the following requirements must be met:

1. Submit the International Admission Application with a \$35 application fee.
2. Meet all requirements for regular admission.
3. Submit a copy of your permanent residency card.

Admission to Special Programs

Union University occasionally partners with institutions and entities with a shared mission for course offerings and reserves the right to make adjustments to both the admission process and the admission requirements based upon formalized agreements and arrangements with these partnering institutions and entities. These may include dual enrollment agreements and special semester intensive study programs.

Dual Enrollment

The Union University High School Dual Enrollment program is open to exceptional high school juniors and seniors from partnering institutions who have the ability, motivation, and maturity to begin their college education before high school graduation. Students desiring to enroll in the Union University dual enrollment program must do so through Union University's Office of Undergraduate Admissions and meet the admissions criteria as outlined in the formalized agreement with the partnering institution. See the Other Special Programs section below.

Rising High School Senior Program

Exceptional high school students, after completing the junior year of high school, may earn college credit by attending the June Term, earning a maximum of seven semester hours. The RHSS is designed for selected high school students who:

- A. Have completed the junior year with a B average or a 20 ACT Composite or a 940 SAT Combined.
- B. Have demonstrated to their principal or guidance counselor sufficient maturity to profit from college work.

Before being admitted to the program, an applicant must meet the following standards and have the following information on file in the Office of Undergraduate Admissions:

1. An admissions application and application fee
2. A high school transcript of five semesters
3. A recommendation from the student's principal or counselor

A fee of \$100.00 per hour is charged. Room and board is available at the regular rates.

No student may participate in the RHSS Program who does not plan to return to high school for completion of the senior year.

Alternative Categories of Admission

Conditionally Admitted Students

Occasionally students who do not meet minimum criteria may be accepted with conditions. Admittance with Condition, as a degree-seeking student, may be based on a further review of high school course work and grades, standardized test scores, GPA, rank in class, and

recommendation from appropriate personnel in their school, church and community and an interview with the Director of Academic Support. Conditions will be detailed in writing from the Director of Undergraduate Admissions and Recruitment and the Director of Academic Support on behalf of the Admissions Committee.

Keystone Program

The Keystone Program is designed to support and facilitate a successful transition of conditionally admitted students into the learning community of the university. Its mission is to encompass and connect the academic achievement, personal strengths, values, goals, and faith for each student. To achieve this mission, the Office of Academic Support will assist in a seamless transition through deliberate and intentional programs outlined in an individualized Keystone Plan. For further information on Keystone, please contact the Office of Academic Support at 731.661.6568.

Provisional Students

With limited exceptions, provisional students are enrolled as degree-seeking students. These students do not have immediate access to official documents in order to be fully admitted. Any credit taken while in this status will not be transferred as regular matriculated credit until the status has officially been changed. Students will be required to submit all outstanding items to complete admissions for the provisional status to be changed.

The student will be bound by all general academic requirements imposed upon fully matriculated students so far as prerequisites, quantity and quality of work. All work completed or attempted will be documented on the academic record.

The student will sign a contract at the time of admission defining provisional status and accepting the limitation of that status. The student must sign a waiver for Union University to request those documents needed to complete the admission file. A student may remain on provisional status for only one semester and the subsequent short term unless special circumstances exist and an extension is given in writing by the Director of Undergraduate Admissions. A personal conference with the Director of Undergraduate Admissions may be required before the student is accepted for admission on a provisional basis.

Non-Degree Seeking Students

Students may be admitted to take courses for special interest or as a "visiting student" for a maximum of 12 semester hours. Classes may be taken for credit or audit on a space available basis. Students must meet all requirements for admission to change from Non-Degree Seeking to Degree Seeking status. A personal conference with the Director of Undergraduate Admissions is required before the student is accepted for admission on this basis. Students admitted as non-degree must reapply each semester/term.

Advanced Placement and Credit by Examination

Placement tests developed by Union University may be administered in all departments represented in the core curriculum. No credit will be awarded for Union-developed tests; the hours required in the core will be satisfied at a higher level.

Nationally recognized credit by examination programs including the Advanced Placement Program of the College Entrance Examination Board (CEEB), the College Level Examination Program (CLEP), Correspondence and Extension credit, International Baccalaureate (IB) and DANTES SST may be accepted. Credit will be awarded for training received in the military service in accordance with recommendations of the American Council on Education (ACE). Other ACE-evaluated programs may be accepted upon review.

Credit awarded by successful completion of CEEB, CLEP, DANTES and IB exams and for ACE-approved training through non-collegiate sponsored education, including but not limited to the military, is assigned semester hours without quality points.

The General Core for all degrees requires an in-class laboratory science. Therefore, the requirement may not be completely satisfied with credit by testing.

FINANCIAL INFORMATION

Student Accounts

The registration of a student signifies an agreement by the student and if applicable, his/her parents to fulfill the related financial obligations to the end of the semester in which the student is registered. The University expects that every student will care for his/her account and believes that responsibility for handling the student account is a part of the educational experience as a whole.

All financial information is subject to change without notice.

Expenses, Due and Payable

All expenses for the semester, after subtraction of financial aid and allocations, are due and payable before the beginning of classes for that semester. A 1.5% service charge will be assessed monthly on all outstanding student account balances.

Charges for class changes, dormitory damages, and cleaning costs will be billed as they are assessed. Failure of a student to keep payments current will make him/her liable for exclusion from class attendance and from the University. All charges must be paid before the student may receive a diploma or academic transcript or enroll for a subsequent term. Students preregistering for a semester must have their current account paid in full; subsequent withdrawal will still incur fees.

Financial assistance, including grants, scholarships, loans for students an/or parents, and student employment is available for those who qualify. Please review the section below entitled "Scholarships and Financial Aid" for additional information. The University accepts payment by cash, check, various credit cards or a combination of these methods. Payment plans are available if needed, and may be established through the Office of Business Services. Please contact an admissions counselor or the Office of Business Services for details on payment plans.

Tuition and Fees

Tuition for 12-16 hours is \$9,490 per semester hour for Fall and Spring Semesters. For each hour below the 12 hours, the tuition will be \$655 per hour. For each hour in excess of 16 hours the tuition will be \$655 per semester hour. The Audit fee for any semester/term is \$125 per hour; audit does not apply toward graduation.

The Student Services Fee covers a variety of university costs, including the basic medical fee, admission to many campus-sponsored events (including home athletic contests), post office box rental, student publications, graduation, computer lab fees, etc.

Refunds

A. Advance Deposits for New Students

A tuition deposit of \$200 is required after acceptance for admission to reserve a place in class. This deposit applies to the tuition for the entering semester. A housing deposit of \$100 is charged for room reservation in all resident complexes. All tuition and residence complex deposit will be refunded if the cancellation and request is made by **May 1** for Fall semester, **November 15** for Winter term, **December 1** the Spring semester, and **May 1** for Summer. **NO REFUND WILL BE GIVEN ON CANCELLATIONS MADE AFTER THESE DATES.** If the student is not accepted for admission, all deposits will be refunded. Requests for refund of tuition deposit must be submitted in writing to the Director of Admissions.

B. A student following proper procedures for dropping a class(es) or withdrawing from all classes will be refunded tuition charges according to the chart below. Refunds on housing charges will be prorated to the end of the week in which the student withdraws up to day 25. Refunds on meal plans will be prorated to the end of the week in which the student withdraws. Students withdrawing due to disciplinary action will not receive a refund on housing charges.

C. Refund policy for the sixteen week semester is as follows:

2. Days five through ten 75%
3. Days eleven through fifteen. 50%
4. Days sixteen through eighteen 25%
5. After the eighteenth day, there is no refund.

H. Regulations for refunds for all terms are as follows:

1. Students refusing to conform to the community values of the University forfeit all claims for refunds.
2. All refund regulations put the responsibility on the student. He/she saves money and avoids misunderstanding by immediately seeing the Vice President (or Assistant Vice President) for Business and Financial Services.

I. Proration of financial assistance upon withdrawal
Information regarding proration of financial assistance upon withdrawal from all classes or dropping of class(es) may be found below in the Scholarship and Financial Aid section.

J. Housing Deposits

A student graduating or moving out of the residence complex permanently must give written notice to the Director of Residence Life to secure a refund or the housing deposit. Request for refund dates semester/term match those in A. above.

How to Obtain a Credit of Institutional Charges

To obtain a credit of institutional charges, a student must notify Union Station or the Academic Center and indicate the last day which he attended class. Upon verification and approval, this information will be recorded on a withdrawal record and passed to the offices of Business Services and Financial Aid for calculation of credit of institutional charges and adjustment of financial assistance.

Equipment

Any University equipment, musical instruments, athletic equipment, laboratory apparatus, etc., made available for students' use is the responsibility of the student. Any damage or breakage, other than by normal use, will be charged to the student's account. No equipment is to leave the campus, unless in care of the faculty member responsible for it.

Scholarships and Financial Aid

The cost of a college education inevitably rests upon the student and his/her family. The Office of Student Financial Planning of Union University exists to help make a Union education more affordable by offering institutional scholarships and grants, and disbursing federal and state

funds for which students qualify. A student interested in financial assistance can contact Student Financial Planning to obtain the appropriate forms necessary to complete the financial aid process.

Application

1. New students must submit the Union University Application for Undergraduate Admission and Scholarship Assistance for the appropriate year to be considered for any aid. Applicants for federal/state assistance must also file the Free Application for Federal Student Aid (FAFSA) for the appropriate year. Applicants for Scholars of Excellence, Engineering Scholarship, TN Baptist Convention Church Scholarship, African American Scholarship, Minority Scholarship, and Church and Convention Ministry Scholarship must submit separate applications. Applicants for on-campus employment must complete a separate online application for employment.
2. Students wishing to reapply for federal and state funds must file the FAFSA or Renewal FAFSA each year. It is the student's responsibility to complete all applications by the deadline.
3. All students are required to notify Student Financial Planning of any other scholarships or loans extended to them from sources outside the university.
4. The returning student's financial need will be reevaluated each year and appropriate increase or decrease in the amount of assistance offered will be made.

Award Notification

1. Applicants will be notified of their award package by an Award Letter. The Award Acceptance Form should be signed and returned to Student Financial Planning within the time specified on the Acceptance Form.
2. Federal Stafford Loans are awarded each academic year from a serial Master Promissory Note. Notification of the amount is made to the student by an Award Letter. Students must return the Award Acceptance Form to begin the loan certification process, being sure to make any desired changes to the amount(s).
3. Federal Stafford Loan and PLUS amounts shown on the Award Letter reflect the gross amount of the loan. The net amount of the disbursements may be less, due to fees deducted by the lender.
4. Most awards are divided evenly between fall and spring semesters. The Award Letter indicates how each award will be divided.
5. Most scholarships from the outside sources will show on the Award Letter simply as "Outside Scholarship."
6. Award for Workshop/Work Study is the amount a student may expect to earn during the academic year contingent upon actual placement in a job assignment and actual hours worked. Students must report to Student Financial Planning upon arrival on campus for job assignment and clearance.

Disbursement

1. Disbursement of awards for a semester (excluding Federal Work Study and Institutional Workshop) is made by crediting the student's account.
2. Students on Federal Work Study receive a monthly paycheck for hours worked. Students on Institutional Workshop have the amount earned each month credited to their student account if there is a balance owed. If the amount earned exceeds any balance owed on the account, the student will receive a paycheck for the amount earned which exceeds the amount owed. If there is no balance owed, the student will receive a paycheck for total amount earned.
3. Federal Perkins Loan funds cannot be disbursed until the recipient has signed a Perkins Loan Promissory Note and completed Perkins Loan Entrance Counseling as required by federal regulation. Regulations also require a student to complete Stafford Loan Entrance Counseling before Federal Stafford Loan funds can be disbursed. Union policy requires completion of TELS Entrance Counseling before HOPE Scholarship funds can be disbursed.
4. Union awards requiring separate applications (Union TBC Award, Engineering Scholarship, and CCMS) will not be disbursed until the recipient's approved application is on file in Student Financial Planning.
5. The lender will notify the loan borrower of the estimated disbursement dates for Stafford and PLUS loans. Union will notify the student by email when disbursement has been made. Funds received electronically by Union will be posted to the student's account within 3 business days.
6. If the student's account of federal or state aid shows a credit balance, a credit refund check will be available within 14 days.

Financial Aid Census Date

1. A Financial Aid Census Date is established to determine a student's enrollment status (full time: 12 hours or more, $\frac{3}{4}$ time: 9 – 11 hours, half time: 6 – 8 hours, less than half time: 1 – 5 hours) upon which their awards will be made. Union University's Financial Aid Census Date shall be the last day to add a class for the regular semester.
2. A student is required to be enrolled full time as of the census date in order to receive Union University funds, Federal ACG or Federal SMART funds. Students whose required credit hours to graduate is less than full time in their final semester may request their Union University aid to be prorated based on the number of actual credit hours enrolled. A student is required to be enrolled at least half time as of the census date to be awarded Federal Stafford Loans, Federal Parent Loan (PLUS), or TN Student Assistance Award (TSAA).

Adjustment of Awards

1. Students whose Financial Aid Enrollment Status is less than full time on the census date will have their federal and state awards adjusted according to their enrollment status. Any institutional aid that may have been awarded prior to the census date will be removed due to the full-time enrollment requirement.
2. Students dropping or adding a class after the census date will not have their federal and state awards adjusted. An exception is that a Pell Grant recipient who drops a class in which he never began attendance, will have his Pell Grant adjusted according to the resulting enrollment status, as per federal regulations. Students awarded Federal Stafford Loans or Federal Parent Loans (PLUS) who are less than half-time at the time of disbursement will have those disbursements returned to the lender.
3. Students dropping or adding a class after the census date, but during the period of tuition refunds established by the Office of Business and Financial Services, will have their institutional aid adjusted according to actual enrollment status.

Withdrawal from all classes

1. A student who withdraws from all classes before the 60% point in time of the semester, calculated using calendar days will have a portion of federal funds (Federal Pell Grant, Federal SEOG, Federal ACG, Federal SMART Grant, Federal Perkins Loan, Federal Stafford Loan, Federal PLUS Loan but not Federal Work Study) returned to the source as required by federal regulations. This calculation may result in a student owing a balance to Union University and to the U. S. Department of Education.
2. A student who withdraws from all classes before the last day to receive a refund of tuition charges will have their institutional aid prorated according to the same schedule used to refund tuition.
3. State awards will remain the same according to enrollment status established on the census date.
4. Scholarships received from outside sources will remain the same according to enrollment status established on the census date, unless specified by the donor to be returned in full or in part.

Satisfactory Academic Progress for Financial Aid Eligibility

Federal regulations mandate that institutions of higher education establish minimum standards of "satisfactory academic progress" for students receiving federal financial assistance. These standards apply to Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), ACG, SMART Grant, Federal Work Study, Federal Perkins Loan, Federal Stafford Loan, and Federal Parent Loan for Undergraduate Students (PLUS). These standards are separate from academic standards required by the university for continued enrollment.

Requirements/Provisions

1. The following scholarships require a student to maintain a minimum cumulative GPA to retain the scholarship. Exact GPA requirements are specified on the Award Letter. Scholars of Excellence Scholarships (Presidential, Provost, Dean, University, Collegiate), Academic Scholarship, Church and Convention Ministry Scholarship, Engineering Scholarship and Transfer Academic Leadership Scholarship.
2. Scholars of Excellence Scholarships, Missionary Dependent Scholarships, and Seminary Dependent Scholarships are awarded for a maximum of 128 semester hours. Award may be applied towards any regular or overtime hours for fall, winter, spring, or summer terms. Academic Scholarship and CCMS are awarded for a maximum of eight regular semesters. Transfer/Academic Leadership Scholarship is awarded for a maximum of 4 regular semesters.
3. Students must meet the requirements of Union's Standards of Satisfactory Academic Progress for Financial Aid Eligibility to receive federal/state grants and loans.
4. Prior to graduation or withdrawal, recipients of a Federal Perkins Loan and/or Federal Stafford Loan must complete exit counseling regarding loan repayment.

Disclaimers

1. Commitment of federal funds (Pell Grant, Supplemental Educational Opportunity Grant, ACG, SMART Grant, or Perkins Loan) or state funds (Tennessee Student Assistance Award, HOPE Scholarship, General Assembly Merit Scholarship, Aspire Award) is tentative and contingent upon subsequent congressional and/or state appropriation and actual receipt of the funds by Union University.
2. Student Financial Planning reserves the right to review, modify or cancel an award at any time because of changes in financial, enrollment, or academic status; changes of academic program; or because of the recipient's failure to observe reasonable standards of citizenship.

Criteria and Requirements

The criteria used to determine academic progress for purposes of determining eligibility for federal/state financial aid are cumulative GPA, cumulative Completion Rate, and Maximum Time for completion of educational objective?

1. Qualitative Requirement
 - a. Undergraduates must achieve a 1.5 cumulative GPA by the end of the first academic year (24 credit hours).
 - b. A student must achieve a 2.0 cumulative GPA after completing the second academic year (48 credit hours), and must maintain a minimum 2.0 through the completion of his program.

2. Quantitative Requirement
 - a. Completion Rate - Students must successfully complete a minimum of 67% of cumulative credit hours attempted, excluding audits and testing credits. To successfully complete is to receive a final grade of A, B, C, D or P.
 - b. Maximum Time for Completion - Students must complete their degree program within 150% of the published length of the program. For example, pursuing a degree requiring 128 credit hours, a student could not receive aid beyond 192 hours attempted, including transfer credit hours, whether or not aid was received for all of those hours.
3. Freshmen students who either do not achieve the required 1.5 GPA after 24 hours earned or do not achieve the 67% Completion Rate after 24 hours attempted will be allowed to continue to receive state/federal financial aid for one conditional semester, after which they must meet both requirements.

Incomplete Grades

Satisfactory Progress will not be calculated for a student with a grade of Incomplete or In Progress. Therefore awards based on cumulative GPA will not be awarded until a final grade is received and the calculation is made.

Repeated Courses

For financial aid purposes, repeated courses affect academic progress as indicated:

1. GPA - Only the most recent grade applies to the student's cumulative GPA.
2. Completion Rate and Maximum Time Frame - Only credit hours earned for the retake will be counted.

Drop and Withdrawal from Classes

Dropping classes or withdrawal from all classes prior to last day to drop affects a student's completion rate (counts as credit hours attempted but 0 credits earned) and Maximum Time Frame (counts as credit hours attempted).

Transfer Hours

Transfer credit hours apply only toward the overall Maximum Time calculation. Transfer hours have no effect upon the cumulative GPA or Completion Rate.

Students Readmitted to Union

A student readmitted to Union whose prior academic record does not meet the standards for satisfactory progress will not be eligible to receive financial aid until satisfactory progress is regained. A student may become eligible through the appeal process described below.

Evaluation of Progress

1. Standards used to measure progress must include all semesters/terms of the student's enrollment. Satisfactory progress will be evaluated at the end of each Fall/Spring/Summer Semester.

2. A student who does not meet standards at the end of a semester who enrolls in the following term will not be eligible to receive financial aid for that term. However, credit hours attempted and grades earned during the term could restore the student to satisfactory progress for the following semester. A student who wishes his progress to be reevaluated following a particular term should follow the procedures in "Reinstatement of Eligibility."

Notification of Failure to Meet Satisfactory Academic Progress Standards

At the end of each semester, if a student is not making satisfactory progress, Student Financial Planning will inform the student by letter. Unless the student falls under a conditional period as described in this policy, the student will not be eligible to receive any federal financial aid from that point forward. The student may appeal to the Director of Student Financial Planning to have aid reinstated.

Appeal Process

1. Students who have lost eligibility due to GPA or Completion Rate may appeal if extenuating circumstances prevented them from making satisfactory progress. Appeal is made in writing to the Director of Student Financial Planning describing the extenuating circumstances and indicating steps the student plans to take to improve his academic progress.
2. Students who have lost eligibility for aid for exceeding the 150% Maximum Time Frame may appeal if they have changed their major since beginning attendance at Union. Appeal should be made in writing to the Director of Financial Aid and accompanied by documentation from the Academic Center showing the student's new major and the credit hours which apply toward the new major. The student will be allowed to appeal on the basis of a change in major one time only.
3. If the student who loses eligibility does not appeal or if the appeal is not approved, he/she will not receive federal aid until regaining eligibility. Students will be informed by letter or email of the results of their appeal.

Reinstatement of Eligibility

A student whose letter of appeal is approved will have eligibility reinstated. A student who has no basis of appeal may regain eligibility by bringing his/her cumulative GPA to the standard or, in the case of insufficient Completion Rate, by making up the deficient credit hours. When a student believes that he/she has regained eligibility, he/she should make a written request to Student Financial Planning that eligibility be reinstated. The request should be accompanied by a copy of the student's most recent grades, or in the case of regaining eligibility for Completion Rate, a current academic transcript. The student will be notified by letter or email the results of this request.

Veterans and Their Dependents

Union University is approved by the State Approving Agency for Veterans Training and training of dependents of veterans who qualify. Go to www.uu.edu/financialaid/veteranservices.cfm for information on obtaining these benefits. Check with the Office of Student Financial Planning as soon as possible after enrolling in courses.

Endowed Scholarships

Union University administers numerous privately endowed scholarship funds. Many are designated for students preparing for specific vocations. A full listing of privately endowed scholarships, church endowed scholarships and non-endowed scholarships is available on the Financial Aid web page. All are awarded based on student eligibility and availability of funds. The Application for Undergraduate Admission and Scholarship Assistance serves as the application for these endowed scholarships.

COLLEGE OF ARTS AND SCIENCES

Dean

Gene Fant (2002). Dean of the College of Arts and Sciences and Professor of English. B.S., James Madison University; M.A., Old Dominion University; M.Div., New Orleans Baptist Theological Seminary; M.Ed., and Ph.D., University of Southern Mississippi.

The College of Arts and Sciences offers five undergraduate degrees in some thirty-two programs of study. Featuring fifteen departments, the College supports the university's core curriculum and provides specialized study in the humanities, the sciences, and the visual and performing arts.

Dedicated to carrying forth the liberal arts tradition of Union University, the College of Arts and Sciences routinely sponsors events which highlight the rewards of a liberal-studies curriculum. From book signings and lectures to exhibits, performances, and colloquia, the College thrives on opportunities to celebrate its status as the heart of Union University.

Mission Statement

The College of Arts and Sciences provides an excellent liberal arts education that is informed by Christian faith and prepares students for life, careers, and service.

42

Goals

- **Excellence driven:** The College of Arts and Sciences is committed to excellence in every aspect of the academy, including teaching, scholarship, and service.
- **Christ-centered:** The College of Arts and Sciences seeks to foster spiritual growth and the development of a vital Christian worldview in both its faculty and its students.
- **People-focused:** The College of Arts and Sciences consists of faculty and staff committed to modeling the concept of servant leadership.
- **Future-directed:** The College of Arts and Sciences seeks to nurture lifelong learning skills, empowering students and faculty to impact their local and global communities.

Faculty

Aaron Lee Benson (1996). Professor of Art and Department Chair. B.F.A., B.S., and M.F.A., University of Tennessee at Knoxville.

Jonathan Gillette (2006). Assistant Professor of Art. B.S., Union University; M.F.A., The School of the Art Institute of Chicago.

Christopher M. Nadaskay (1993). Professor of Art. B.A., Southern Arkansas University; M.F.A., Texas A&M, Commerce.

Lori Neal Nolen (2006). Assistant Professor of Art. B.A., Union University; M.F.A., University of Georgia.

Curriculum

The Department of Art provides an environment and curriculum devoted to developing skills, stimulating critical thinking, and expressing creativity within the framework of a Christian liberal arts program. In the freshman year art students begin a four-course visual foundations sequence in drawing and design. Students complete a four-course art history sequence and pursue visual studies in one of several areas of concentration. Students may also choose to major in Digital Media Studies. An art major who wishes to teach art grades K-12 may receive licensure. See Teacher Licensure III.

Through department activities students may participate in a variety of related service projects, trips, and social events. The University Art Gallery presents ongoing series of art exhibits highlighting a wide variety of professional artists' work. In addition, the gallery presents an annual exhibit of student work and graduating senior exhibits.

Graduates of the department may continue studies at the graduate level or pursue work in a variety of areas such as digital imaging, graphics, illustration, independent studio art, museum gallery sales, photography, teaching, or web page design.

Students desiring consideration for transfer studio credit, advanced placement, department scholarships, and workshops must submit a portfolio for review by the art faculty. Awards are based on this review and outstanding performance in art coursework.

I. Major in Art—49 hours

- A. Core for all Art majors—31 hours
 - 1. ART 113, 114, 116, 117, 120, 198
 - 2. ART 313, 314, 315, 318; Graphic Design
Emphasis may substitute ART 319 for 318.
 - 3. ART 398, 499

- B. Choose a subset of the 3 concentrations: Drawing/Painting; Ceramics/Sculpture; and Graphic Design/Photography—12 hours. Application of a course in the other subset of the concentration is allowed with departmental approval.

- C. Choose a secondary studio subset from B—6 hours.

II. Digital Media Studies Major

- A. Core requirements for all emphases—39 hours
 - 1. ART 120, 221, 231, 345
 - 2. COM 220, 320, 365, 317
 - 3. CSC 115 (or 105 & 106), 321, 360, 365
 - 4. Digital Media Studies Seminar 490
- B. Art Emphasis requirements—29 hours
 - 1. ART 113, 114, 116, 198, 232
 - 2. ART 346, 398, 445
 - 3. Art History 319 and 2 of 313, 314, 315—9 hours
- C. Communication Arts Emphasis (25 hours) and Computer Science Emphasis (25 hours). See respective departments for details.

III. Teacher Licensure for Visual Arts (Grades K-12)

- A. Major in art as shown above. Must include: ART 216, 311, 323; 2 areas in the secondary concentration may be used to facilitate this requirement.
- B. Professional Education: ART 325; EDU 150, 250, 326, 417, 435; PSY 213, 318; SE 225.
- C. Applicable portions of the Praxis II.
- D. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

IV. Minor in Art—24 hours

- A. Core for all art minors—15 hours
 - 1. ART 113, 114, 116, 117
 - 2. ART 313, 314, 315, or 318
- B. Art Electives—9 hours

Assessment of Majors

Students with a major in the Department are required to take ART 398 for assessment of work in the major after completion of 12 hours as required to submit a portfolio containing slides or original work in the chosen area of concentration. Portfolios will be retained in the department. Art majors are required to present an exhibition of their work, ART 499, during the semester of graduation. The assessment of the major is based on the exhibition, an oral review, and an artist's statement. DMS/Art majors are required to make a formal presentation of research, ART 490, during the semester of graduation.

Course Offerings in Art (ART)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

Art History

210. The Arts in Western Civilization (3) F, W, S

Prerequisite/Corequisite: HIS 101, Attendance at specified cultural events.

Introduction to the principal styles of fine art from architecture, music, painting, sculpture, literature, and theatre, giving economic, religious, social, and political reasons for development, as well as insight through formal analysis of how these forms are constructed. Appreciation of the fine arts as evidence of the spirit and values of specific times.

313. Art History I (3) F

Prerequisite: ART 210.

A survey of painting, sculpture, architecture, and the minor arts as represented by significant examples of art from prehistoric times to the Medieval Period.

314. Art History II (3) S

Prerequisite: ART 210.

A survey of painting, sculpture, architecture, and the minor arts as represented by significant examples of art from the Renaissance to Romanticism.

315. Art History III (3) F

Prerequisite: ART 210.

A survey of painting, sculpture, architecture, and the minor arts as represented by significant examples of art from Realism to the present.

318. Contemporary Issues in Art (3) S

Prerequisite: ART 315.

Seminar to expand the critical approach adding the Christian contribution to contemporary art as well as insights from practicing artists. Includes team survey projects, research assignments, and film review.

319. Design History (3) F or S

Prerequisite: ART 113, 198.

Survey of methods and technology broadening the fundamentals of design while reinforcing design essentials and examining critical theory and the impact of technology upon design precepts that previously dominated design history.

Studio Courses

113. Two-Dimensional Design (3) F

Study of the elements and principles of two-dimensional design with an emphasis on color theory. Six studio hours per week.

114. Three-Dimensional Design (3) S

Introduction to the organization of the basic visual elements, principles, and processes in space. Six studio hours per week.

116. Drawing I (3) F, S

Introduction to the materials and processes of drawing. Emphasis is placed on strengthening visual awareness through observation, spatial organization, and development of imagery. Six studio hours per week.

117. Drawing II (3) S

Prerequisite: ART 116.

Objective and subjective representation of the human figure through various traditional and nontraditional drawing media. Six studio hours per week.

120. Introduction to Digital Imaging (3) F, S

An introduction to the creative potential and application of computer-generated art. Applied instruction combined with theoretical considerations guide students to a basic understanding of the computer as a creative medium. Six studio hours per week.

198. Visual Arts Seminar I: Introduction (1) F or S

Introduction to Art major emphases, program and department expectations, international study opportunities, and work presentation/craftsmanship.

216-7. Ceramics I, II (3) F, S

Creative expression in the ceramic arts and the development of form in the plastic medium of clay. Six studio hours per week.

218. Drawing III (3) F or S

Prerequisite: ART 117.

Advanced study of drawing emphasizing the development of personal expression and critical analysis. Six studio hours per week.

220. Stained Glass (3) As Needed

A basic introduction to the copper foil method of stained glass. The cutting, grozing, grinding, fitting, foiling, and soldering of stained glass will be explored.

221. Graphic Design I (3) F

Prerequisite: ART 113 or consent of the instructor.

A study of the techniques, practices, and history of the Graphic Design field. Attention will be given to basic concepts and techniques involved in the preparation of art for commercial reproduction and the use of the computer as a design tool. Six studio hours per week.

231. Photography I (3) F, S

Prerequisite: Camera with manually adjustable aperture and shutter speed.

Introduction to processes and aesthetical values of black and white photography, including basic camera and darkroom techniques, content, and composition, and an introduction to expressive and documentary works applicable to art and journalism. Student furnishes film and darkroom supplies for projects. Six studio hours per week.

232. Photography II (3) F, S

Prerequisite: ART 231.

A continuing exploration of photography with emphasis on creative expression and visual experimentation. Six studio hours per week.

242. Printmaking I (3) As Needed

Prerequisite: ART 116 or 117.

An introduction to printing in the processes of intaglio, relief, and planographic. Six studio hours per week.

311-2. Painting I-II (3) F, S

Prerequisite: ART 116.

Traditional practices and approaches to studio oil/acrylic painting. Emphasis on continued visual development and the use of color. Six studio hours per week.

316-7. Ceramics III, IV (3) F, S

Prerequisite: ART 217.

Continued work in ceramics, stressing both construction techniques and design principles. A study of glazing and firing techniques. Six studio hours per week.

323. Sculpture I (3) F

Prerequisite: ART 116.

An introductory course to the various processes, tools, and techniques that are used in creating 3-dimensional sculpture. Six studio hours per week.

324. Sculpture II (3) S

Prerequisite: ART 116.

Modeling and casting in various materials. Six studio hours per week.

331. Photography III (3) F

Prerequisite: ART 232

A continuation of building technical and studio skills acquired in I and II and also to begin the introductions to digital work. To include basic digital techniques as well as computer related instruction including photo editing software and photo-related hardware.

331. Photography IV (3) S

Prerequisite: ART 232

Portfolio development as it pertains to digital and black and white, wet photography, photo history, and current photo trends. Students will develop aesthetic skills, exploration of photo expression and creativity.

333. Sculpture III Life Modeling (3) F

Prerequisite: Art 324.

Individual development of sculpture areas with specific concentration on concept, composition, and content. Research oriented through slides, books, and actual works. Individual responsibility for subject matter encouraged.

338. Drawing IV (3) E,S

Prerequisite: ART 218

Advanced individualized study of drawing emphasizing the development of personal drawing techniques, modes of expression, experimentation with the non-traditional media and critical analysis. Six studio hours per week.

343. Printmaking II (3) As Needed

Prerequisite: ART 242.

A continuation of ART 242 with emphasis on developing visual expression and concept through the printmaking mediums. Six studio hours per week.

345. Graphic Design II (3) S

Prerequisite ART 221.

A continuation of Graphic Design I with emphasis on advanced design techniques, studio practices, artwork presentation, publication design, pre-press methods, color separation, and scanning. Six studio hours per week.

346. Graphic Design III (3) F

Prerequisite ART 345.

A comprehensive study of Type, its history, standard and creative usage, and trends. Attention will be placed upon measuring systems, composition, and the influence of the computer as a type design tool. Six studio hours per week.

398. Visual Arts Seminar II: Mid-Program Review (1) F or S

Prerequisite: ART 198.

Review of student work with Art faculty for direction and clarification of the successful completion of the major. Topics include making slides of work, motivational gifts assessment, exploration of career paths, internship options, and resume building.

411-2. Painting III, IV (3) F, S

Prerequisite: ART 312.

Continued development of painting with emphasis on expression of personal vision, experimentation, and development of a body of work which indicates a direction of artistic pursuit. Six studio hours per week.

413-4. Advanced Art Studio (3) F, W, S, Su

Prerequisite: Consent of the Instructor.

Advanced studio course for professional development in any of the major areas of the department; meets at the same time the parallel studio is scheduled.

424. Sculpture IV (3) F

Prerequisites: Art 333.

Individual development of sculpture problems and techniques. Students are responsible for developing a thematic investigation of a specific concept using appropriate methods, materials, and techniques.

445. Graphic Design IV (3) S

Prerequisite: ART 346.

An introduction to illustration and consideration of image as communication. Emphasis will be placed on experimental techniques, methods, and the creative use of imagery, materials, and the computer for production purposes. Six studio hours per week.

485. Internship/Apprenticeship (2-4) As Needed

Prerequisite: Permission of Chair.

Students are assigned supervised practical work or studio experience in their chosen concentration in art. Does not satisfy art major or minor requirements. May be taken for a maximum of 9 credit hours. Pass/Fail.

490. Digital Media Studies Senior Seminar (3) F, S
Reciprocal with CSC and COM.

Capstone course for DMS major to bring the emphases together for exposure to the variety of fields of digital media and associated workplace cultures. Includes case studies, guest speakers, field trips, and an interdisciplinary group project culminating in the production of a computer-based portfolio for job search.

499. Seminar III: Portfolio and Graduating Exhibit (2) F, S

Prerequisite: Consent of the Department; ART 198, 398. Portfolio selection, compilation, and documentation of student's work in the chosen area of concentration. Students must present an exhibition of their work in a gallery setting. Work exhibited may represent both primary and secondary concentrations.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)

295-6-7. Special Studies (1-4)

Lower-level group studies which do not appear in the regular department offerings.

Teacher Licensure

325. Art in the Elementary Schools (3) F, S

A course designed for the elementary teacher developing art skills drawn from study units in art appreciation. No credit toward a major in art.

357. Instructional Design VII: Integrating Art into Classroom Instruction (2) F, S

Design and implementation of instruction with attention to current issues, problems, and practices in the field, including integration of art in classroom instruction, national standards, integration of technology, diversity, inclusion, and faith and ethics.

395-6-7. Special Studies (1-4)

Upper-level group studies which do not appear in the regular department offerings.

495-6-7. Independent Study (1-4)

Individual research under the guidance of a faculty member(s).

Curriculum

The curriculum in biology is designed to acquaint students with living organisms as whole, functioning entities that, in their diversity, share many common features. In addition to providing the scientific background required of all educated citizens, the courses provide a foundation upon which the student may build a graduate program, undertake training in health-related professions, or prepare for secondary-level science teaching. Students may participate in independent research as well as specific courses.

Because contemporary biology leans heavily on mathematics and physical sciences, students majoring in biology should include mathematics and chemistry in the freshman year. In the beginning course BIO 112, students will build a foundation for study of biological processes. Students can proceed to the first 200-level biology course during the second semester of the freshman year. In the sophomore year, students will continue the survey of the kingdoms of life by taking additional 200-level biology

courses. Students should strengthen their understanding of mathematics and obtain a background in organic chemistry during that year. Biology courses at the 300-400 level should be taken during the junior and senior years, with seminar reserved for the senior year. Students will examine in detail how organisms function and interact with their environment and each other.

Biology majors are required to complete a minor and are encouraged to minor in chemistry. Conservation Biology majors are exempt from the minor requirement.

Upper-level students may enroll in marine biology courses by cooperative agreement with the Gulf Coast Research Laboratory and the Au Sable Institute of Environmental Studies. For information, see the Department Chair.

I. Major in Biology—39 hours (Major Core + one concentration)

A. Core: BIO 112, 302, 425, 426, 427, 498—8 hours

B. General Biology Concentration

1. BIO 211, 213, 214, 215, 315

2. BIO 3-300 level BIO; or BIO 221, 222, & 2-300 level BIO

C. Zoology Concentration

1. BIO 213, 214; 200 or 211

2. BIO 316, 4-300 level BIO excluding BIO 322 & 337

D. Cell Biology Concentration

1. BIO 211; 214 or 215

2. BIO 315, 317, 320, 323, 325

3. BIO 316 or 321

4. Must minor in Chemistry to include CHE 329

II. Major in Conservation Biology—49-50 hours

Prerequisites or Corequisites: CHE 111, 112; PHY 213, MAT 116, 211, 208

A. BIO 112, 200, 213, 214, 215, 235—23 hours

B. BIO 302, 315, 318, 335, 336, 337—19 hours

C. BIO 425, 426, 427, 498—4 hours

D. BIO Elective—3 or 4 hours

III. Teacher Licensure In Biology (Grades 7-12)

A. Major requirements as shown above with General Biology Concentration (I.A.&B) to include 221, 222, and 318.

B. Additional requirements: PHY 112; PHY 213 & 214 (or 231 & 232)

C. Professional Education: EDU 150, 250, 326, 418, 433; PSY 213, 318; SE 225

D. Completion of applicable portions of the Praxis II.

E. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

IV. Minor in Biology—23 hours

A. BIO 112

B. Two 200-level BIO courses

C. Three 300-level BIO courses

Assessment of Majors

Biology majors are required to take two terminal courses as a requirement for graduation: BIO 427, Research Presentation, and BIO 498, Seminar. The Department administers the Major Field Examination to senior biology majors.

Student Organizations

Sigma Zeta is a national honorary science society for those who have completed 15 hours in natural science and mathematics and who have a minimum GPA of 3.0 in these courses. Membership advantages include recognition for academic achievements by the Sigma Zeta Honor Award, participation in nationally recognized research projects, and a means of cooperation in similar areas by students of different colleges.

Biologists In Observation of the Master's Earth, BIOME, serves students interested in exploring the world

of biology beyond the classroom. BIOME is designed primarily for biology majors and minors but is open to anyone with an interest in biology. An ongoing project of BIOME is to provide mentors to all introductory biology students.

Student Awards

The **Biology Research Award** is given by the faculty of the Department of Biology to the student who presents the best research paper of the year. The research must have been an original piece of work and must have been presented at a state, regional, or national professional biology meeting prior to graduation.

Whiteaker Freshman Biology Award. The Department selects a freshman major or minor based on outstanding scholastic achievement, financial need, Christian service, and school spirit.

Course Offerings in Biology (BIO)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

100. Survey of Biological Concepts (4) F, W, S

A course for non-science majors focused on the basic ideas to enable students to appreciate the living world and their relationship to it. Topics : the cell, genetic basis of life, biodiversity, survey of the 5 kingdoms of life, ecology, and the environment. Three hours of lecture and 2 hours of laboratory/week. No credit toward BIO majors/minors.

112. Principles of Biology (4) F, S

A study of the basic characteristics of organisms, dealing with structure, function, reproduction, and ecology. Three hours of lecture and 2 hours of laboratory/week.

121. Human Biology (4) S

Survey of structure and function of the human body with emphasis on the normal operations of organ systems and the role of homeostasis. Three hours lecture and 2 hours lab/week. Credit cannot be earned after earning either BIO 221 or 222. No credit toward BIO major/minor.

200. Wildlife Biology (4) F–Even Years

Prerequisites: BIO 100 or 112.

Biological concepts involved in fisheries and wildlife biology, their application in practice, and exploration of contemporary issues facing the organisms, habitats, and human consumers. Three hours of lecture and 3 hours of laboratory/week.

201. Survey of Microbiology (4) F, S

Pre- or Corequisite: BIO 221 and BIO 222.

Emphasis on observation, growth, identification and control of microbes with focus on selected microbial diseases. Four hours of lecture per week to include lab demonstrations and simulations. No credit toward BIO major/minor.

211. Microbiology (4) F, S

Prerequisite: CHE 105 or 111, or PHY 111 and BIO 112. Classification, morphology, physiology, and ecology of bacteria and viruses, with special emphasis on bacteria. Three hours of lecture and 3 hours of laboratory/week.

213. Invertebrate Zoology (4) F

Prerequisite: BIO 112.

Classification, morphology, physiology, and ecology of the invertebrate animals. Three hours of lecture and 3 hours of laboratory/week.

214. Vertebrate Zoology (4) S

Prerequisite: BIO 112.

Classification, morphology, physiology, and ecology of the vertebrate animals. Three hours of lecture and 3 hours of laboratory/week.

215. Botany (4) F

Prerequisite: BIO 112 and CHE 111.

Classification, morphology, physiology, and ecology of the algae, fungi, bryophytes, and vascular plants. Three hours of lecture and 3 hours of laboratory/week.

221. Human Anatomy and Physiology (4) F, Su

The first semester of a 2-semester course for nursing, physical education, and allied health. Body systems studied include the integumentary, cardiovascular, lymphatic, skeletal, and muscular. Three hours of lecture and 2 hours of laboratory/week. No credit toward BIO minor.

222. Human Anatomy and Physiology (4) S, Su

A continuation of BIO 221. Systems studied include: urinary, nervous, endocrine, digestive, and respiratory. No credit toward a BIO minor. Three hours of lecture and 2 hours of laboratory/week.

235. Natural Resources Policy (3) W

Examines current laws and policies governing public and private lands and the conservation of wildlife in the United States.

300. Pathophysiology (3) S, W

Prerequisite: BIO 221. Corequisite: BIO 222.

Various states of altered health. Topics: stress, shock, altered acid-base balance, altered fluid and electrolyte balance, neoplasia, hypertension, immunodeficiency, genetic disorders, altered cardiac rhythms, renal failure and uremia. No credit toward BIO major/minor.

302. Seminar Attendance (0) F, S

Prerequisites: 12 hours of biology. Graded on a Pass/Fail basis.

Students are required to attend all seminar presentations made by students enrolled in BIO 498 during the semester. Must be taken before enrolling in BIO 498.

310. Histology (4) W—As Needed

Prerequisite: BIO 112 and 12 hours of BIO applicable to the Biology Major.

The branch of anatomy that deals with structure, composition, design and function of body tissues as it relates to the principles of physiology, biochemistry, molecular biology and medicine. Three hours lecture and 3 hours lab per week.

312. Comparative Vertebrate Anatomy (4) W—Odd Years

Prerequisite: BIO 112 and 214, plus 4 additional hours of BIO, excluding BIO 221-2.

Study of the similarities of anatomy and early development of vertebrates, complemented by dissection of representative adults. Three hours of lecture and 3 hours of laboratory/week.

315. Genetics (4) S

Prerequisite: 12 hours of biology, excluding BIO 221-2.

A study of the principles of heredity including both classical and molecular genetics. Three hours of lecture and 3 hours of laboratory/week.

316. Physiology (4) S

Prerequisite: 12 BIO hours, excluding 221-2; CHE 106 or 314. Zoology is recommended.

A study of the principles of physiology, emphasizing metabolic processes common to many organisms. Three hours of lecture and 3 hours of laboratory/week.

317. Developmental Biology (4) F

Prerequisite: 12 BIO hours, excluding 221-2. Zoology is recommended.

A study of development in organisms, including both classical, descriptive embryology and contemporary investigations of processes involved in morphogenesis and differentiation.

318. Ecology (4) S—Even Years

Prerequisite: 12 hours of biology, excluding 221-22.

A study of the interactions between organisms and their biological and physical environments. Three hours of lecture and 3 hours of laboratory/week.

320. Immunology (4) F

Prerequisite: BIO 211, CHE 314, and 8 additional BIO hours, excluding BIO 221-2.

A fundamental course dealing with principles of immunity and the mechanism of the immune response. Laboratory emphasis is on serology and transplantation immunology. Three hours of lecture and 3 hours of laboratory/week.

321. Ecotoxicology (4) S—Odd Years

Prerequisites: 12 hours of BIO, excluding 221-2, and CHE 111-2.

A comprehensive overview of the ecological consequences of environmental pollution, the effects of toxic substances on the ecosystem as a whole and on individuals with that ecosystem, and the methodology of assessing pollutant damage. Three hours of lecture and 3 hours of laboratory/week.

322. Human Gross Anatomy (3) Su

Prerequisite: BIO 221 & 222 or 214 or 312.

Cadaver anatomy and dissection for nursing, preprofessional, and physical education students to enhance understanding of anatomy and prepare for work on living humans.

323. Cell Biology (4) F

Prerequisites: 12 BIO hours excluding BIO 221-2.

A study of biological systems at the cellular and subcellular levels emphasizing functional aspects such as protein procession and sorting, membrane systems, energy generation in mitochondria and chloroplasts, and cell signaling.

325. Molecular Biology (4) S

Prerequisites: BIO 211; CHE 314 and 324.

Basic principles of molecular biology focusing on recombinant DNA methods as applied to a variety of biological questions. Students will learn basic research laboratory skills through a wide range of methods from gel electrophoresis to subcloning.

335. Conservation Biology (3) W

Prerequisite: BIO 200, MAT 211

A study of the principles of conservation and wildlife management. Examines the ecology of species of interest and the habitat manipulation techniques used in the conservation of such organisms.

336. Ecology, and Conservation of the Vertebrates (4) F—Even Years

Prerequisite: BIO 214

Study of the natural history and ecology of North American vertebrates, including fish, amphibians, reptiles, birds and mammals. Conservation concerns of particular vertebrates will be examined. Three hours lecture and 3 hours laboratory/week.

337. Taxonomy of the Vascular Plants (4) S—Odd Years

Prerequisite: BIO 215

A study of the vascular plants of the eastern United States, focusing on the common herbaceous plants, vines, shrubs, and trees and their identification in the field. Field trips required, Two hours lecture and 6 hours lab.

425. Introduction to Research (1) F, S

Prerequisites: Junior standing, 20 hours toward BIO major, minimum BIO GPA of 2.0.

An introduction to the skills necessary to conduct scientific research, prepare a manuscript and make a presentation at a scientific meeting. Each student will develop and submit a research proposal for approval and attend all presentations in BIO 427.

426. Research Experience (1) F, S, Su

Prerequisite: BIO 425, minimum BIO GPA of 2.0.

Individual research in accordance with the proposal developed and approved in 425. Students will attend all student presentations in BIO 427.

427. Research Presentation (1) F, S

Prerequisite: BIO 426, minimum BIO GPA of 2.0.

Presentation of results of 426 as a publishable manuscript and oral presentation.

498. Biology Seminar (1) F, S

Prerequisite: 28 hours toward BIO major, a minimum BIO GPA of 2.0, senior standing.

Written and oral presentation of a library research paper and weekly discussions of current biological research. May be modified at the discretion of the department.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)**295-6-7. Special Studies (1-4)**

Lower-level group studies that do not appear in the regular departmental offerings.

395-6-7. Special Studies (1-4)

Upper-level group studies that do not appear in the regular departmental offerings.

495-6-7. Independent Study (1-4)

Individual research under the guidance of a faculty member(s).

DEPARTMENT OF CHEMISTRY

COLLEGE OF ARTS AND SCIENCES

Faculty

Randy F. Johnston (1994). Professor of Chemistry and Department Chair. B.S., University of Missouri, St. Louis; Ph.D., Texas Tech University.

Charles M. Baldwin (1970-81, 1988). O.P. and Evalyn Hammons University Professor of Pre-Medical Studies. B.A., University of Corpus Christi; Ph.D., Texas Tech University; CChem FRSC. Additional study, University of Texas, Stanford University, Imperial College (London).

Jimmy H. Davis (1978). University Professor of Chemistry and Vice President - Germantown Campus. B.S., Union University; Ph.D., University of Illinois; Additional study, University of Florida, Oak Ridge Associated Universities, Argonne National Laboratory, Harvard University, and Oxford University (England).

Sally A. Henrie (1998). Professor of Chemistry. B.S., University of Arizona; Ph.D., South Dakota State University.

Marlyn Newhouse (1992). Associate Professor of Chemistry. M.A. and B.S.Ed., Northern Arizona University; D.A., Middle Tennessee State University.

Michael R. Salazar (2001). Associate Professor of Chemistry. B.S., New Mexico State University; Ph.D., University of Utah; Additional study, Los Alamos Laboratory.

David A. Wing (2008). Visiting Professor. B.S., Wheaton College; Ph.D., Northwestern University.

Curriculum

The chemistry program at Union University seeks to serve effectively all students, recognizing different needs, interests, and career goals. The faculty seeks to help students understand the physical world, the methods by which it may be studied, and its relationship to other aspects of the human experience. It is the intention of the faculty to create an environment in which students are challenged to acquire skills in problem solving utilizing the modern methods of science and to study in-depth the chemical processes which characterize life systems while developing an inquiring attitude toward scientific exploration. The curriculum is intended to provide liberal arts students with a working knowledge of science and to meet the needs of students who wish to:

- teach science at the elementary or secondary school level,
- prepare to enter a health science profession such as medicine, dentistry, medical technology, pharmacy, nursing, physical therapy, or other allied health fields,
- become a professional/industrial chemist, or
- continue study in chemistry at the graduate level.

Students pursuing a major in Chemistry must complete Math 211, 212; Physics 231, 232, and meet the following requirements in Chemistry:

I. Major in Chemistry—46 hours

- A. CHE 111, 112, 211, 221, 314, 315, 317, 318, 319, 324, 326, 327, 335, 498
- B. Research, 3 hours from: 424 or 425
- C. One of: 405, 430, 435

II. Major in Medical Technology Leading to the BS in Medical Technology

- A. Chemistry 111, 112, 211-21, 314-15, 319, 324, 326
- B. Biology 112, 211, 221, 222, 315, 316, 320
- C. Physics 213-214 or 231-232
- D. Computer Science (3 hours) and MAT 111 or preferably MAT 211
- E. A minimum of 33 hours of Medical Technology at an affiliated hospital as the fourth year of study.

III. Major in Chemical Physics

Designed for those seeking a broad background in the physical sciences to pursue graduate work in chemistry or physics or secondary teacher licensure, the major permits students with previous experiences to shorten the time spent in formal education without reducing the quality of the degree obtained.

Students with an advanced preparation in secondary school or as college sophomores may be selected for this program. Entrance as a freshman requires an ACT Composite of 26 or higher with a Math ACT of 25 or higher, 4 units of high school math with a B average or better, high school chemistry and physics with a B average or better, and a successful personal interview with a faculty admissions committee. Entrance as a sophomore requires readiness to enter MAT 211, CHE 111 and PHY 231 with a CUM and science GPA of 2.5 or higher, and a successful interview with admissions committee.

- A. CHE 111, 112, 211, 221, 314, 315, 324, 326, 317, 318, 327, 319, 335—38 hours
- B. PHY 231, 232, 311, 313, 314; 325 or 420; 430—26 hours
- C. PHY or CHE 424; PHY or CHE 498; Upper level PHY or CHE—6 hours
- D. MAT 211, 212, 213, 314—15 hours
- E. ENG 111, 112; 201 or 202—9 hours
- F. ART 210; CHR 111, 112; BIO 112; CLU 195; HIS 101; and 9 hours of social science—27 hours

IV. Teacher Licensure with Endorsement in Chemistry 7-12

- A. Complete the requirements for the Chemistry major as shown above including CHE 405.
- B. Professional Education: EDU 150, 250, 326, 418, 433; PSY 213, 318; SE 225
- C. Completion of applicable portions of the Praxis II.
- D. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

V. Teacher Licensure With Dual Endorsements in Chemistry and Physics 7-12

- A. Complete the requirements for the Chemical Physics major including both PHY 498 and CHE 498 plus PHY 317.
- B. Professional Education: EDU 150, 250, 326, 418, 433; PSY 213, 318; SE 225.
- C. Completion of applicable portions of the Praxis II.
- D. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

VI. Minor in Chemistry

- A. CHE 111, 112, 211, 221, 314, 315, 324, 326—23 hours
- B. Elective, one of: 317, 319, 335, 405, 430—3 or 4 hours

Assessment of Majors

The Department utilizes standardized tests of the American Chemical Society as final examinations for the second semester of all one-year courses. These courses include General (CHE 111-2), Organic (CHE 314-5 and CHE 435), and Physical (CHE 317-8). Standardized examinations are also used as the final examination in Fundamentals (CHE 105), Analytical (CHE 211), and Biochemistry (CHE 319), Inorganic (CHE 335 and CHE 430). Examination results are used to monitor progress of students as a group through their course of study at Union. Strengths and weaknesses of courses are also assessed by comparing class averages with national norms. Students are required to complete a research project (CHE 424) and give a seminar to faculty and colleagues (CHE 498).

Student Organizations

Student Affiliate of the American Chemical Society is organized to better acquaint students interested

in chemical science with professional opportunities in the field and the mechanics of preparing and presenting technical material. The organization instills professional pride in the chemical sciences, while stimulating awareness of the responsibilities and challenges of the modern chemist. Membership is open to any student pursuing an undergraduate degree in chemistry or physics.

Sigma Zeta is a national honorary science society for those who have completed 15 hours in natural science and mathematics and with a minimum 3.0 GPA in these courses. Membership advantages include recognition for academic achievements by the Sigma Zeta Honor Award, participation in nationally recognized research projects, and a means of cooperation in similar areas of interest by students of different colleges.

Student Awards

The Chemistry Research Award is given by the faculty of the Department of Chemistry and Physics to the student who presents the best research paper of the year. The research must have been an original piece of work and must have been presented at a state, regional, or national professional chemistry meeting prior to graduation.

The C.R.C. Freshman Chemistry Award, given to encourage and sustain interest in the sciences, is awarded in recognition of outstanding scholastic achievement in Freshman Chemistry.

Whiteaker Freshman Chemistry Award. The Chemistry Department selects a freshman chemistry major or minor to receive this award based on outstanding scholastic achievement, financial need, Christian service, and school spirit.

Course Offerings in Chemistry (CHE)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

105. Fundamentals of Chemistry I (4) F, S, Su

An introductory general chemistry course that includes study of both physical and chemical properties, structure and reaction of matter. Not applicable to pre-health professions except Nursing. Science credit will not be given to a student who has completed a course in either CHE or PHY. Three lectures and one 2-hour laboratory period/week.

106. Fundamentals of Chemistry II (4) As Needed

Prerequisite: CHE 105 or 111.

A beginning course in organic and biochemistry with emphasis on topics specifically related to the health sciences: carbohydrates, fats, proteins, vitamins, and hormones. Normal and abnormal metabolic processes and the role of ATP. Not open to science majors other than physical science and nursing. Three 1-hour lectures and one 3-hour laboratory period/week.

111. General Chemistry (4) F, W

Prerequisite: high school chemistry or PHY 111. A strong mathematics background (especially in algebra) is recommended.

A comprehensive study of the fundamental experiments, principles, and theories of chemistry with emphasis on the quantitative relationships. The structure and properties of matter with their energy relationships are stressed. Three lectures and one 3-hour laboratory/week.

112. Chemical Equilibrium (4) W, S

Prerequisite: CHE 111.

Detailed study of the principles of equilibrium in chemical systems. The laboratory is qualitative analysis. Three lectures and one 3-hour laboratory period/week.

113. Survey of Chemical Instrumentation (2) W

Prerequisite: CHE 111

An introduction to chemical instrumentation used in industry, including titrations, spectroscopy, and chromatography. One lecture and one 3-hour lab/week.

211. Analytical Chemistry (3) S

Prerequisite: CHE 112; Corequisite: CHE 221.

A continuation of the study of fundamental principles including topics in statistics, gravimetric analysis, titrimetric analysis (neutralization, precipitation, complex formation, oxidation-reduction), and spectrophotometric analysis.

221. Analytical Chemistry Laboratory (2) S

Prerequisite: CHE 112; Corequisite: CHE 211.

The application of gravimetric, titrimetric, and spectrophotometric quantitative analysis to the study of chemistry. Two 3-hour laboratory periods/week.

300. Chemical Safety and Health (1) S

Safety policies and procedures for the use of hazardous chemicals. Topics include awareness, routes of chemicals into the body, safety apparatus and use; identification, types of chemical hazards; proper ways to handle, store, and dispose of hazardous chemicals.

301. Perspectives in Science (4) F, W

Reciprocal credit: PHY 301. See PHY 301 for course description.

314. Organic Chemistry I (3) F

Prerequisite: CHE 112; Corequisite: CHE 324.

An introduction to the compounds of carbon, with emphasis on the relationship between structure and properties. Applications of bonding theory, reaction mechanism, and stereochemistry are included. Some functional groups containing halogen and oxygen will be examined in detail.

315. Organic Chemistry II (3) S

Prerequisite: CHE 314; Corequisite: CHE 326.

An in-depth examination of the common oxygen and nitrogen functional groups with respect to structure and chemistry. Continued application of basic theory is included. Heterocyclic and biomolecules will also be examined. Three lectures/week.

317. Physical Chemistry I (3) F

Prerequisites: CHE 211, MAT 212, and PHY 232.

Application of physical techniques to chemical systems with emphasis on thermodynamics. The laws of thermodynamics will be derived and applied to phase and chemical equilibria, electrochemical cells, and surface phenomena.

318. Physical Chemistry II (3) S

Prerequisite: CHE 317.

A continuation of CHE 317 with emphasis on dynamics and quantum chemistry: kinetics, mechanisms, and photochemistry; atomic and molecular electronic structure and application to spectroscopy.

319. Biochemistry (4) F

Prerequisite: CHE 315, CHE 326, and BIO 112.

Introduction to the organic chemistry of living systems. Topics include the structure and function of proteins, enzymic control of chemical reactions, catabolism, anabolism, bioenergetics, biosynthesis, and molecular biology. Three lectures and one 3-hour lab/week.

329. Biochemistry II (3) S

A continuation of 319 with emphasis on bioenergetics and metabolism. Topics include the function and molecular control of catabolic pathways for proteins, lipids, and carbohydrates as well as anabolic pathways for biological synthesis of these molecules.

324. Organic Chemistry Laboratory (2) F

Corequisite: CHE 314.

Introduction to the basic techniques for the physical characterization and isolation of organic compounds. Use of spectrometric methods as applied to the determination of structure is included, as are some synthetic methods. Two 3-hour labs/week.

326. Organic/Inorganic Synthesis Laboratory (2) S

Prerequisite: CHE 314 and CHE 324;

Corequisite: CHE 315.

Application of laboratory techniques in synthesis and characterization of organic and inorganic compounds. Two 3-hour laboratory periods/week.

327. Physical Chemistry Laboratory (2) S

Corequisite: CHE 318.

The application of physical methods in the study of chemical compounds. Two 3-hour labs/week.

335. Intermediate Inorganic Chemistry (3) S

Pre- or Corequisite: CHE 315.

Introduction to inorganic compounds with an emphasis on coordination, bioinorganic, nuclear, and organometallic chemistry. The relationships between structure, physical properties, and reactivity will be examined in detail.

405. Environmental Chemistry (4) S

Prerequisite: CHE 315.

Study of rapid changes in earth's atmosphere, water, and soil caused by the activities of humankind with attention to the ozone layer, air quality, and water cycles. The vectors, fate, and treatment/removal strategies for organic and heavy metal pollutants will be discussed. Three lectures and one 3-hour lab/week.

424-5. Introduction to Research (1-3) 424-F; 425-S

Prerequisite: 20 hours of chemistry and junior/senior standing.

The student's knowledge is integrated by application of a simple piece of original work. Each course will be three hours per week per credit hour.

430. Advanced Inorganic Chemistry (4) F—Even Years

Prerequisite: CHE 211. Pre-or Corequisite: CHE 318& 335.

A theoretical treatment of fundamental inorganic topics such as chemical bonding, periodic relationships, stereochemistry of inorganic complexes, acids and bases, and physical properties of inorganic compounds. Three lectures and one 3 hour lab/week.

435. Advanced Organic Chemistry (4) F—Odd Years
Prerequisite: CHE 315.
Extensive treatment of topics including reaction mechanisms, stereochemistry, heterocyclic chemistry, and molecular rearrangements. Three lectures and one 3-hour lab/week.

498. Seminar (1-3) S
Prerequisite: 20 hours of chemistry and junior/senior standing.
Skills in scientific and technical presentations, written and oral, will be polished. To be used at the discretion of the department for majors and minors only.

Medical Technology Hospital-in-Residence Curriculum

411. Clinical Chemistry (6)
Chemical analysis of various body fluids and the study of their relationship to disease states.

412. Instrumentation (1)
The principles, use, and care of instruments found in up-to-date laboratories.

421. Hematology and Coagulation (7)
Application of theory to technical performance in hematological procedures which aid in classification of anemias, leukemias, and other blood cell abnormalities.

422. Advanced Microbiology (7)
A lecture and lab course covering the role of microorganisms as they cause disease in man. Methods employed in the identification of bacteria, fungi, viruses, and rickettsiae.

423. Serology (2)
A lecture and lab course in immunology, demonstrating reactions between antigens and antibodies are considered. Use of these reactions as a serodiagnostic tool is presented.

424. Immunohematology (5)
Includes selection, testing and bleeding of donors, identification of blood group antigens and antibodies, procedures employed in providing compatible blood for patients, and principles and procedures used in blood component therapy.

425. Parasitology (2)
A study of parasites of medical significance, both indigenous and foreign, with particular emphasis on life cycles and identification.

431. Urinalysis (2)
Gross, physical, microscopic, and chemical analysis of urine.

432. Clinical Correlations (1)
Basic understanding of altered physiology in disease; correlation between laboratory test results and anatomical/physiological changes.

440. Principles of Management and Ethics (0)
Preparation for the medical graduate for positions of leadership as supervisors and instructors.

179-279-379-479. External Domestic Study Programs (1-3) As Needed
All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)
All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)

295-6-7. Special Studies (1-4)

Lower-level group studies which do not appear in the regular departmental offerings.

395-6-7. Special Studies (1-4)
Upper-level group studies which do not appear in the regular departmental offerings.

495-6-7. Independent Study (1-4)
Individual study under the guidance of a faculty member(s).

489-9. Seminar (1-3)
To be used at the discretion of the department.

Faculty

Chris Blair (1997). Associate Professor of Communication Arts, Department Chair and Coordinator of DMS. B.A., Union University; M.A. and Ph.D., University of Memphis.

Steve Beverly (1993). Associate Professor of Communication Arts. B.A., University of Georgia; M.A., Auburn University.

David Burke (1986). Professor of Theatre and Director of the Theatre. B.S.A., Houston Baptist College; M.F.A., University of Houston.

Kathie Chute (2003-5; 2007). Associate Professor of Communication Arts. B.A., William Carey College; B.A., University of Southern Mississippi; M.A., Missouri State University; Ph.D., University of Southern Mississippi.

Michael Chute (2003-5; 2007). Professor of Communication Arts and Director, Center for Media, Faith, and Culture. B.A., Oklahoma Baptist University; M.A., Southwest Missouri State University; Ph.D., University of Southern Mississippi.

Webster Drake (2008). Associate Professor of Communication Arts. B.A., Mississippi College; M.A., University of North Texas; Ph.D., Louisiana State University.

Jim Veneman (1999). Assistant Professor of Communication Arts and Director of Visual Communication. B.A., Ouachita Baptist University; M.A., Southwestern Baptist Theological Seminary.

Mission Statement

Students majoring in communication arts will, in their area of concentration, understand the theories, principles, and history of communicating arts; demonstrate competency in written, oral, and visual communication skills; and demonstrate knowledge of the impact on society.

Curriculum

The Department offers a wide range of courses designed to meet the complex and significant theoretical and communication skill requirements of students.

The Department is affiliated with several programs that enhance student learning: the Los Angeles Film Studies Center, American Studies Program, Summer Institute of Journalism and Broadcasting, Student Publications, Public Relations and Grass Roots Politics Schools sponsored by the Leadership Institute in Washington, D.C. Faculty encourage participation in state and regional conferences. Theatre students audition at the Tennessee Theatre Arts Conference and the Southeastern Theatre Conference.

I. Major in Advertising—45 hours

- A. Professional Core: COM 120, 121, 430, 455—13 hours
- B. Major Requirements: COM 216, 210 (2 hrs), 314, 329, 414; MKT 328, 330—20 hours
- C. Professional Electives—Select 12 hours from: COM 220, 350, 323, 482; ART 113, 221, 345

II. Major in Broadcast Journalism—45 hours

- A. Major Requirements: COM 120, 121, 220, 230, 235, 245, 328, 351, 352, 406, 430—36 hours
- B. Professional Electives—Select 9 hours from: COM 320, 326, 323, 327, 336, 347, 343, 407, 487

III. Digital Media Studies Major

- A. Core requirements for all emphases—39 hours

 1. COM 311, 320, 325, 430
 2. COM Electives—12 hours
- C. Theatre Emphasis—27 hours
 1. COM 113, 240, 330, 341, 342, 350, 412
 2. COM 345 or 311

3. COM Elective—3 hours
- D. Teacher Licensure Emphasis—24 hours
 1. COM 113, 240, 311, 320, 330, 341, 342, 412
 2. Professional Education: EDU 150, 250, 326, 426, 435; PSY 213, 318; SE 225.
 3. Completion of applicable portions of the Praxis Series II.
 4. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

VIII. Minor in Advertising—22 hours

- A. COM 121, 216, 314, 329, 414—16 hours
- B. MKT 328, 330—6 hours

IX. Minor in Broadcast Journalism—23 hours

- A. Requirements: COM 120, 121, 220, 236, 352—17 hours
- B. Select 6 hours (to include 3 upper level) from: COM 230, 245, 347, 406, 415, 451

X. Minor in Film Studies—18 or 22 hours

- A. Required for both Tracks: COM 328—3 hours
- B. Track One—15 hours
 1. Required: COM 338, CHR 348—6 hours
 2. Select 3: COM 301, 438; ENG 311; PHL 448; PSC 300
- C. Track Two—19 hours
 1. Select 3 hours: CHR 348; COM 301, 338, 438; ENG 311, PHL 448; PSC 300.
 2. Admission to Los Angeles Film Studies Center: Check with the Communication Arts Department, the Institute for International and Intercultural Studies for details or lafsc.bestsemester.com.

XI. Minor in Journalism—23 hours

- A. Com 120, 121, 210 (3 hours) 236, 351, 415
- B. Select one from: COM 230, 322, 407, 451

XII. Minor in Media Communications—21 hours

- A. Select 15 hours from: COM 120, 220, 230, 245, 260, 327, 410
- B. Select 3 hours from: COM 320, 328, 355, COM 399

XIII. Minor in Photojournalism—19 hours

- A. Required courses: COM 121*, 236*, 326, 336, 346, 426
- *Students whose major requires COM 121, 236* may substitute with courses from: ART 232; COM 360, 327, 481.

IXV. Minor in Public Relations—22 hours

- A. COM 120, 121
- B. COM 323, 343, 360, 423, 455

XV. Minor in Theatre/Speech—21 hours

- A. COM 112, 113, 211, 235, 240

- B. Select 6 hours: COM 301, 311, 355, 330, 341, 342, 345, 350, 405, 412

Student Organizations

The **Union Broadcasting System (UBS)** exists for students interested in the broadcasting. UBS is a student chapter of the Radio-Television News Directors Association. UBS produces news programming and documentaries for public TV, the high school quiz show “Head to Head,” Union’s basketball games and the NAIA women’s national tournament. UBS provides opportunities for students to strengthen contacts with professionals in the industry.

The Student Public Relations Society is open to all students interested in the public relations profession and society activities, determined and planned by students under the direction of a faculty advisor, usually relate to the practice of public relations, planning a PR career or acquiring the skills needed in public relations.

Alpha Psi Omega is the national honorary dramatic fraternity. Beta Mu chapter sponsors Campus Day activities, coffee house presentations, and a variety of other events as time and personnel allow. Membership is based on attainment in theatre.

The **Digital Media Studies Society**, open to all major emphases of DMS, exists to raise the awareness of the new fields, to showcase student work, and to make connections with the professional world.

Student Awards

The **Elizabeth B. Loyd “Tony” Awards**, established by Mrs. Loyd, Associate Professor of Speech and Theatre at Union from 1939-1967, are presented each year to the best actor/actress and supporting actor/actress as chosen by the Union Theatre Director. Based on excellence of performances with cooperative loyalty and dedication to achievement, selections are announced at the annual departmental awards program.

The **Director’s Award** is presented to the best theatre technician.

The **Betty Hillix Foellinger Memorial Student Publications Award** is given each year to the editor of the *Cardinal and Cream*.

Departmental awards are given annually to the outstanding senior and the outstanding freshman. Achievement in each of the four majors is also recognized.

Course Offerings in Communication Arts (COM)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

112. Public Communication (3) F, W, S, Su

An oral communication skills course that emphasizes organizing thoughts, adapting messages to specific audiences, using language correctly, delivering messages verbally and

nonverbally with confidence, and active listening and evaluation skills.

113. Introduction to Theatre Arts (3) F, S

An introductory study of the techniques of theatre art, designed as a foundational study to make play going more meaningful and better appreciated.

Functions, responsibilities, and influence of various mass communication media. Students review the economic, technical, historical, regulatory, and sociological aspects of radio, television, film, newspapers, magazines, books, advertising, and public relations and are offered opportunities for telephone conferences with significant media figures.

121. Writing Across Media Platforms (4) F,S

Introduction to news writing skills for the beginning media student to understand the differences and similarities of writing for print and broadcast media.

200. Communication and Christianity (3)

A course to foster understanding of different world views and to develop a working philosophy that integrates faith and profession. The course is designed to help develop confidence and strategies to become change agents in media and the arts.

205. Sport Media (3) S

Reciprocal credit: PEWS 205. See PEWS 205 for course description.

210. Publications Seminar (1) F, S

Prerequisite: COM 121.

Application of journalism fundamentals to the *Cardinal & Cream*. Includes: writing, editing, layout, advertising, management and production. May be taken 3 times.

211. Voice and Diction (3) F

Study and development of the voice with exercises in articulation and pronunciation. Seeks to evaluate vocal weaknesses and provide students with the tools to improve their voices. A special unit emphasizes improving regionalisms and southern dialect.

216. Persuasion (3) F

Study of classical and contemporary theories and strategies of persuasion with applications to the field of communication.

220. Digital Storytelling (3) F,S

An introductory course to visual storytelling using a variety of digital media. Students will learn to create and deliver compelling and emotionally engaging narratives for a variety of purposes, combining video, still images, audio and interactivity.

230. Television Production (3) F

Prerequisite: COM 220.

Overview of the elements of production: cameras, sound, lighting, and videotape recording using a switcher. Students work with these in producing television programs.

235. Interpersonal Communication (3) F, W, S, Su

Identify communication problems in interpersonal relationships including ethical communication, self-disclosure, perception, interviewing, conflict management, verbal and nonverbal communication. The student will exhibit competent language skills through oral reports, working in dyads and small groups, and class simulations.

236. Photojournalism I (3) F

The basics of seeing a story-telling photograph and learning to apply the basics of photography to help communicate a message. Emphasis will be placed on setting high standards of visual integrity and communication ethics and on developing an understanding of the role of photojournalism in shaping and reflecting contemporary society. The history of photojournalism, current trends, and the varied challenges found in this field will be explored.

240. Acting Theory and Technique (3) S

Prerequisite: COM 113.

Various acting theories and practices with emphasis on exercises in physical training, vocal reproduction, character projection, and the aesthetics of acting.

245. Broadcast Performance (3) F

Development of professional vocal, visual, personality, and performance skills by use of simulated newscasts, interviews, and script narrations.

299. Practicum (1) F, W, S, Su

Practical hands-on experience in journalism, public relations, advertising, speech, or theatre. Students work with a faculty member on specific projects that will enhance their knowledge and expertise in their concentration. May be taken three times.

301. Symbolism in Theatre and Film (3) F

This course explores the subtle uses of symbolism in presenting subtextual messages. Students view and analyze a variety of films and taped theatre productions.

305. Drama (3) Every Third Year

Prerequisite: ENG 201 & 202. Reciprocal credit: ENG 305. See ENG 305 for description.

311. Oral Interpretation of Literature (3) S

Analysis, adoption, and staging of various literary genres for solo and ensemble performance including techniques for Reader's Theatre staging and performances before an audience.

312. Creative Writing (3) F, S

Prerequisites: ENG 201&202. Reciprocal credit: ENG 312. See ENG 312 for description.

314. Advertising Copywriting (3) S

Prerequisite: COM 121.

Explores the strategies and techniques of writing advertising copy for print, outdoor, radio and television media.

318. Advanced Composition (3) S; W—As Needed

Prerequisite: ENG 201&202. Reciprocal credit: ENG 318. See ENG 318 for description.

320. Organizational Communication (3) F

Organizational structure, communication networks, and employer-employee relationships. Emphasis: conducting interviews and performance appraisals, decision-making strategies, ethics, team-building, and the communication audit.

322. Copy Editing and Publication Layout (3) S—Odd Years

350. Christian Drama (3) S

Prerequisite: COM 113.

Exploration of the meaning of and possible uses for theatre from a Christian perspective.

351. Reporting for Print and Online Media (4) F, S

Prerequisite: COM 121.

This course is designed to improve and expand the news gathering and writing skills of the media student, further developing understanding of print news writing, news judgment and construction of print news stories, as well as social responsibility and an ethical framework for print journalists.

352. Reporting for Broadcast Media (4) F

Prerequisite: COM 121.

This course is designed to improve and expand the news gathering and writing skills of the media student, further developing understanding of broadcast news writing, news judgment and construction of broadcast news stories, as well as social responsibility and an ethical framework for broadcast journalists.

355. Communication Theory & Research (3)

F—Odd Years

Major theories, models, and conceptualizations of communication with emphasis on practical applications of research.

360. Publication Design (3) F, S

Using hands-on experiences to edit, design, layout, and develop camera-ready documents to provide practical knowledge of state-of-the-art publishing technology.

365. Computer-Mediated Communication (3) S

A blending of theoretical and practical views of communication through computers considering the movement to computers for informational and interactional exchanges as well as the creative/production process involved in generating online projects.

399. Media Communications Practicum (3) F, S

Prerequisite: COM 220 and COM 230.

Practical hands-on experience in media communications. Students work with a faculty member on specific projects related to one of the various media productions to enhance their knowledge and expertise in their major. May be a repeated for a maximum of 9 semester hours.

405. Advanced Studies in Communication (3)

S—Odd Years

Rhetorical analysis, argumentation and debate, scriptwriting, royalty and copyright laws as well as special topics of communication. It is designed for students seeking licensure in Speech and Theatre and graduate study in communications.

406. Advanced Broadcast Reporting (3) S

Prerequisite: COM 230 and 351.

Combines advanced skills in broadcast production with writing, producing, and reporting for a regular news magazine for cable television.

407. Opinion Writing (3)

Prerequisite: COM 121.

Analysis and writing assignments in the shorter forms of journalism including editorials, columns, reviews, essays, opinion-page articles and profiles.

410. Digital Filmmaking (3) F

Prerequisite: COM 220.

Focused on the narrative style of storytelling, this course will expand students' understanding of the technical, theoretical and aesthetic issues inherent to time-based media, with specific focus on the role of Christians in media.

412. Fundamentals of Directing (3) F—Even Years

Prerequisite: COM 240.

The art of the director, culminating in production of a one-act play by each student.

414. Advertising Campaigns (3) S

Prerequisite: COM 314.

Examines the steps involved in developing a strategic advertising campaign, including the development of a situation analysis, writing goals and objectives, developing a creative strategy and a plan for evaluation. An actual team-based campaign will be developed.

415. Magazine and Feature Writing (3) S

Prerequisite: COM 321.

Practical experience in mastering the craft of writing the special feature; each student is encouraged to prepare an article for publication.

423. Public Relations Campaigns (3) S

Prerequisite: COM 323.

Examines preparation of comprehensive public relations campaigns with emphasis on critical thinking and problem solving through use of case studies.

426. Photojournalism Professional Portfolio (3) F

Prerequisite: COM 336

This course will explore the many variations of portfolio presentation in today's marketplace and the photographs needed to present a well-rounded collection. Preparation of a portfolio based upon research in the student's areas of interest will be a primary target of the class. Looking closely at potential clients, target audiences, various ways of delivery, and the images needed for a portfolio will be addressed.

430. Communications Law (3) S

The legal controls and government regulations on mass media. Students will study case precedents involving the freedom and rights of the press and broadcasters.

438. Censorship and Propaganda in Film (3)

S—Even Years

The practice and patterns of censorship in cinema. Issues include local and state censorship boards, legal challenges, organized public pressure, and self-regulatory efforts by the industry. The use of film as propaganda, including Soviet cinema theory, Nazi film propaganda, and American use of film in supporting war efforts will be considered.

451. Investigative Reporting (3) ???

Prerequisite: COM 351 or COM 352.

Students are provided with reportorial and analytical skills and techniques required by journalists who research and write nonfiction suitable for publication. This is the capstone experience for Journalism majors.

481. Internship in Photojournalism (3) F, S

Prerequisite: Three courses required in the Photojournalism minor.

Selected students work as interns in supervised photojournalism work.

482. Internship in Advertising (3) F, S

Prerequisites: COM 314, COM 329, plus 3 additional courses in the Advertising major.

Students work as interns (primarily unpaid) to obtain supervised practical experience in advertising at an agency or another type of business. Requires a minimum of 150 hours during one semester.

483. Internship in Digital Media (3) As Needed

Prerequisite: ART 221, CSC 360, COM 220 and two required courses from the DM-Communication Arts Emphasis.

Selected students are assigned as interns to obtain supervised practical real-life work experiences. It is not a job per se; it is a learning opportunity having direct relationship to the student's program of study and career interests. Course may be repeated for credit.

484. Internship in Film and Television (6)

Participation in some aspect of the Hollywood film or television industry. Primarily non-paying positions in an office setting such as development companies, agencies, personal management companies, production offices. Requires 20-24 hours/week.

485. Internship in Radio Broadcasting (3) F, W, S, Su

Prerequisite: COM 220; 2 required courses in the major; Permission of Chair.

Selected students are assigned as interns to obtain supervised practical work at a local radio station professionally concerned with broadcasting.

486. Internship in Television Broadcasting (3) F, W, S, Su

Prerequisite: COM 230; 2 required courses in the major. Permission of Chair.

Students are assigned as interns to obtain supervised practical work at a local television station professionally concerned with broadcasting.

487. Internship in Journalism (3) F, W, S, Su

Prerequisite: 2 required courses in the major; Permission of Chair.

Selected students are assigned to obtain supervised practical work at a local newspaper professionally concerned with the print media.

488. Internship in Public Relations (3) F, W, S, Su

Prerequisite: COM 419, 323; 3 required courses in the major; Permission of Chair.

Students are assigned as interns to obtain supervised practical work at a local business in public relations.

490. Digital Media Studies Senior Seminar (3) F, S

Capstone course for DMS majors to bring the emphases together for exposure to the variety of fields of digital media and associated workplace cultures. Includes case studies, guest speakers, field trips, and an interdisciplinary group project culminating in the production of a computer-based portfolio for job search. Reciprocal with ART and CSC.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)

All courses and their applications must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)**295-6-7. Special Studies (1-4)**

Lower-level group studies which do not appear in the regular departmental offerings.

395-6-7. Special Studies (1-4)

Upper-level group studies which do not appear in the regular departmental offerings.

495-6. Independent Study (1-4)

Individual research under the guidance of a faculty member(s).

497-8-9. Seminar (1-3)

To be used at the discretion of the department.

Faculty

G. Jan Wilms (1992). Professor of Computer Science and Department Chair. B.A., Katholieke Universiteit Leuven, Belgium; M.A. (English), University of Mississippi; M.S. (Computer Science), University of Mississippi; Ph.D. (Computer Science), Mississippi State University.

Stephanie Edge (1996). Associate Professor of Computer Science. A.S., Middle Georgia College; B.S., West Georgia College; M.S., Georgia State University; M.Div., Southern Baptist Theological Seminary.

James Kirk (2001). Associate Professor of Computer Science. B.M., Union University; M.M. and M.A., Indiana University; Ph.D., University of Louisville.

Haifei Li (2004). Assistant Professor of Computer Science. B.E., Xi'an Jiaotong University; M.S. and Ph.D., University of Florida.

Student Awards

A **Departmental Award** is given to the senior who places first in the Major Field Test for Computer Science as partial fulfillment of 498.

First Year Programming Award is awarded to a computer science student by the Department of Computer Science. A student is selected for excellence and expertise in first year programming courses.

Curriculum

The department offers four plans of study: Computer Science major, Digital Media Studies major, Computer Science minor, and Computer Information Systems minor.

Upon completion of the Computer Science Major, the student will have an understanding of and an appreciation for the interrelation of the main areas of study in Computer Science. The major provides a solid foundation of the concepts while emphasizing practical application; therefore, the graduate will be able to continue study in Computer Science at the graduate level or enter the job market.

The Digital Media Studies major is an interdisciplinary program joining Art, Communication Arts, and Computer Science. Its purpose is to produce a student aesthetically, theoretically, and technologically trained and capable of excellence in the relatively new area of the design, production, and implementation of digital communications media. Included are such areas as web page design, digital visual and aural communications strategies and theory, interactive media design, media programming, digital presentation techniques, and technological advances in digital communications.

The Computer Science Minor is intended for students interested primarily in pursuing a career in computer science or a related field immediately upon graduation.

The Computer Information Systems Minor will provide the student with a general understanding of analysis, design, and implementation of applications via third-

fourth-generation programming languages and pre-written packages. This minor is intended for the student expecting to use computers in a job-supportive mode.

Neither CSC 105 nor 245 is applicable to any major/minor in the department.

I. Major in Computer Science—42 hours

- A. CSC 115 (or 105 & 106), 160, 170, 125, 205, 255.
- B. CSC 321, 365, 425, 455, 498.
- C. CSC 220 or 235—3 hours.
- D. CSC 335 or 341—3 hours.
- E. CSC 395, 351, or 485—3 hours.
- F. Prerequisites: MAT 205, 211-12, 315.

II. Digital Media Studies Major—64 hours

- A. Core requirements for all emphases—39 hours
 - 1. ART 120, 221, 231, 345.
 - 2. COM 220, 320, 329, 365
 - 3. CSC 115 (or 105 & 106), 331, 351, 360.
 - 4. Digital Media Studies Seminar 490.
- B. Computer Science Emphasis Requirements—25 hours
 - 1. CSC 125, 220, 235, 255, 335, 425.
 - 2. CSC 395 or 485—3 hours.
 - 3. CSC 341 or 455—3 hours.

- C. Art Emphasis—(29 hours) and Communication Arts Emphasis (25 hours)

See the respective departments for details.

III. Minor in Computer Science—21 or 22 hours

- A. CSC 115 (or CSC 105 & 106), 235, 331.
- B. CSC 125 or 255—4 or 3 hours.
- C. Select one track:
 - 1. CSC 205 and 341.
 - 2. CSC 160 and 170.
 - 3. CSC 220 and 425.
 - 4. CSC 360 and 351.

IV. Minor in Computer Information Systems—21 or 22 hours

- A. CSC 115 (or CSC 105 and 106).
- B. CSC 125 or 255—4 or 3 hours.
- C. CSC 235, 321, 360, 365.
- D. CSC 395 or 411—3 hours.

Assessment of Majors

All senior computer science majors must take the Major Field Test in computer science as one requirement for CSC 498 (see below).

Student Organizations

The ACM (Association for Computing Machinery) **Student Chapter** is composed of students who are interested in today's world of computing. The club promotes an increased knowledge of the science, design, development, construction, languages, and applications of modern computing machinery. It provides a means of communication between persons interested in computing machinery and their applications.

Course Offerings in Computer Science (CSC)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

105. Survey of Microcomputing Applications (3) F, S
An introduction, for the non major/minor, to computers and their applications. Includes computer and information literacy, but the main emphasis is on competency with software through hands-on practice. Cannot be taken for credit after 115.*

106. Algorithm Development (1) W
How to analyze a problem and design a solution with a specific and explicit sequence of steps that must be performed. Emphasis is on logical thinking and debuggin, not on the syntax of any particular programming language. This course is intended for students who need CSC 115 but have already completed CSC 105. It cannot be earned for credit after earning credit in CSC 115.

115. Computer Science: Introduction & Overview (3) F, S
Introduction exposing majors/minors to the breadth and interrelationships of courses in the field and empowering others for a continuous exploration of today's technical society. A language-independent overview of hardware and software with emphasis on problem solving and algorithm development. Cannot be taken for credit after 105 without departmental approval.*

*Either 105 or 115 apply to the B.S. specific core, but not both.

125. Computer Science I: Programming in Java (4) S
Prerequisite: CSC 115.

Basic concepts of problem solving, algorithm design and analysis, abstract data types, and program structures. GUI development will be introduced and the object-oriented programming paradigm will be emphasized. Students will design, implement, debug, test, and document programs for various applications.

160. Digital Systems (3) F
Corequisites: CSC 115 and MAT 205.

Binary codes, Boolean algebra, combinational logic design, flip-flops, counters, synchronous sequential logic, programmable logic devices, MSI logic devices, adder circuits.

170. Computer Architecture (3) S
Prerequisite: CSC 160.

Introduction to the architecture of stored-program digital computer systems including processor and external device structures and operations, machine operations and instructions, and assembly language concepts and programming.

205. Computer Science II: Algorithms & Data Structures (3) F

Prerequisites: CSC 125, MAT 205.
Pre-or Corequisite: MAT 212.

A study of the complexity of algorithms and advanced data structures, including trees and graphs. Tools for analyzing the efficiency and design of algorithms, including recurrence, divide-and-conquer, dynamic programming, and greedy algorithms.

220. Computer Repair and Maintenance (3) S
Prerequisite: CSC 115.

A hands-on approach to competence in configuring, installing, diagnosing, repairing, upgrading, and maintaining microcomputers and associated technologies. The course covers both core hardware and OS technologies.

235. Computer Ethics (3) S

Major social and ethical issues in computers and the Internet, including impact of computers on society and the computer professional's code of ethics.

255. Programming in C (3) S
Prerequisites: CSC 115.

Introduces the procedural programming paradigm using ANSI C.

321. Database Management Systems (3) F
Prerequisites: CSC 115 and Junior standing.

Hands-on approach to the design of databases: conceptual design using E-R model and logical design using the relational model and database programming using SQL. The architecture of database application is discussed including the 3-tiered model and web access. Queries, forms, reports and application will be studied by implementing them in a client-server environment. Cannot be taken for credit after CSC 331.

331. Principles of Databases and Networking (3) F
Prerequisite: CSC 115.

This course covers two enabling technologies that make web design possible—the network infrastructure and database back-ends. The emphasis is on practical competence: being proficient in writing SQL queries and being able to configure and maintain a client-server network. The main tools used are MS Access and Windows 2003 Server. Cannot be taken with CSC 321 and 365 due to overlapping content.

335. Computer Graphics (3) F—Odd Years
Prerequisites: CSC 255; Recommended prerequisite: MAT 315.

An investigation of a wide range of computer graphics via programming techniques. Topics include graphic display theory, graphic techniques, applications, and hardware.

341. Software Engineering (3) S
Prerequisite: CSC 205.

Issues involved with the life cycle of large and complex software systems. Topics include software planning, specifications, coding, testing, and maintenance.

351. Web Applications (3) S.
Prerequisite: CSC 321 or 331; CSC 360. Recommended Prerequisite: CSC 125.

Examines the world of server-side web technologies and the development of web application tools. This will be accomplished by exploring methodologies for building web applications; exploring various methods of web data base exchange, and examining the aesthetics of a well-formed application for various applications like content management systems, personalized service centers, and other tools that push the power of databases to the web.

360. Web Building & Site Management (3) F

Prerequisite: CSC 115.

Fundamentals of web site development and management, graphical web-building tools, multi-level site planning and construction, navigation schemes, client- and server-side scripting, basic interactivity, information organization, and the delivery of basic multimedia content.

365. Data Communications and Networking (3) S

Prerequisite: CSC 115 and Junior standing.

Introduction to hardware and software components of computer data communications and networking. Emphasis is on practical, hands-on set-up and administration of a LAN, peer-to-peer networking, and the TCP/IP protocol. Topics include routing, shared file and application access, remote printing, and security. Cannot be taken for credit after CSC 331.

411. Systems Analysis (3) As Needed

Prerequisite: CSC 321.

Process of designing computer-based systems for business applications, tools and techniques of systems development and management; advantages and disadvantages of conversion from existing to new systems will be discussed.

425. Operating Systems (3) F

Prerequisites: CSC 220, 255 and 365. Recommended prerequisite: CSC 170, 220.

Systems resource management: brief historical overview and case studies; discussion of multi-tasking and related concepts of scheduling, interprocess communication, and mutual exclusion/deadlock; overview of file management and memory management. Theory is augmented by detailed study of implementation of an existing operating system.

455. Programming Languages (3) S

Prerequisite: CSC 255.

Issues in programming language design, specification, and implementation: overview and comparison of major contemporary languages; analysis of translation process with

focus on context-free grammars; and investigation of data representation, binding, sequence control, logic and object oriented paradigms. Theory is augmented by implementation of a tokenizer and parser for a simple language.

465. Formal Language (3) F—As Needed

Prerequisites: CSC 255 and MAT 315. Recommended prerequisite: CSC 455.

Theoretical foundations of computer science including formal languages and automata, parsing of context-free languages, Turing machines, computability, and complexity.

485. Internship in Computer Science (3) As Needed

Prerequisite: CSC 205, 220, 235 & one of: 321, 360, 365.

Selected students are assigned as interns to obtain supervised practical work related to the CS discipline at a business or non-profit organization.

490. Digital Media Studies Senior Seminar (3) F, S

Prerequisite: Taken in Senior Year. Reciprocal credit: ART/COM 490.

Capstone course for DMS majors to bring the emphases together for exposure to the variety of fields of digital media and associated workplace cultures. Includes case studies, guest speakers, field trips, and an interdisciplinary group project culminating in the production of a computer-based portfolio for job search.

498. Computer Science Seminar (2) S

Prerequisite: 20 hours of CSC and taken in Senior Year.

The setting for administering the Major Field Test and addressing topics where the department perceives need for additional instruction. Students will synthesize previously learned concepts by developing and implementing a solution to a real-world programming problem. Each project will culminate in a report presented at a regional conference. The course may be modified at the discretion of the department.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)**295-6-7. Special Studies (1-4)**

Lower-level group studies which do not appear in the regular departmental offerings.

395-6-7. Special Studies (1-4)

Upper-level group studies which do not appear in the regular departmental offerings.

495-6-7. Independent Study (1-4)

Individual research under the guidance of a faculty member(s).

499. Seminar (1-3)

To be used at the discretion of the department for majors only.

DEPARTMENT OF ENGINEERING

COLLEGE OF ARTS AND SCIENCES

Faculty

Don Van (2001). Professor and Department Chair. B.S. and M.S., University of Illinois in Chicago; M.S. and Ph.D., New Jersey Institute of Technology; P.E., CEM.

Jay Bernheisel (2006). Assistant Professor of Engineering. B.S.M.E. and M.S.M.E., Rose-Hulman Institute of Technology; Ph.D., Northwestern University; P.E.

Jeannette Herring Russ (2002). Associate Professor of Engineering. B.S., Mississippi State University; M.B.A., Colorado State University; Ph.D., Vanderbilt University; P.E.

Randal S. Schwindt (2004). Associate Professor of Engineering. B.S., Hardin-Simmons University; M.S., Texas A&M University; Ph.D., University of Illinois-Champaign; P.E.

Objectives

1. To provide a solid engineering education that is built on a strong liberal arts and science foundation.
2. To foster an instructional environment that promotes engineering design skills and inventive thinking.
3. To prepare students for successful careers or advanced study in engineering or other professional fields.
4. To prepare students to think employing Christian principles and to act ethically in providing service to their employers, communities, and churches.

Curriculum

Union offers the Bachelor of Science in Engineering, BSE, with concentrations in electrical and mechanical engineering.

Students begin their preparation for engineering by enrolling in prerequisites and introductory engineering courses in the Fall Semester, assuring them an adequate foundation for engineering. These prerequisites provide students with a strong background in the physical sciences and mathematics, as well as the humanities. Incoming students are expected to have completed the necessary requirements that will allow them to begin mathematics at the level of calculus. Ideally, engineering students will have been introduced to calculus in high school. These

courses are combined with engineering courses to fully prepare the student for a successful professional engineering career. Students who do not have the appropriate math and science background will be carefully advised to take the proper courses to build the required foundation. This track will require approximately 5 years to finish, instead of a usual 4 years.

The engineering major must complete all General Core Requirements to include CHE 111, ECF 211 and MAT 211. The major must also complete the BSE Specific Core comprised of MAT 212, 213, 314 (11 hours); MAT 208 or 315 (3); CSC 255 or 245 (3); CHE 113 (2) and PHY 231-32 (10).

The student with an acceptable bachelors degree seeking the BSE as his second baccalaureate will complete CHE 111, ECF 211, MAT 211 and the BSE Specific Core as prerequisites to the major as well the major requirements described below.

Engineering Major Requirements—58 hours

I. Major core requirements—47 hours + a Concentration

- A. EGR 101, 105, 109, 210, 240, 250, 261, 262
- B. EGR 330, 342, 360, 375
- C. EGR 475, 491, 492, 498

II. Mechanical Engineering Concentration—14 hours

- A. EGR 320, 352, 385
- B. EGR 450, 456

III. Electrical Engineering Concentration—14 hours

- A. EGR 340, 376, 395 (2)
- B. EGR 405, 416

Assessment of Majors

Assessment of majors culminates with the Fundamentals in Engineering (FE) exam taken during the senior year. The test, prepared by the National Council of Examiners for Engineering and Surveying, is administered by the State of Tennessee as the first step toward becoming a licensed professional engineer. Throughout the program, however, the student is monitored by a portfolio tracking system to ensure he/she will have attained all expected educational outcomes.

Course Offerings in Engineering (EGR)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

101. Introduction to Engineering Design and Analysis (2) F

Provides an overview of the engineering profession, including technical and legal responsibilities, the design

and analysis method, and application of the engineering process to problem solving.

105. Engineering Graphics (3) S

Graphical communication methods through one of the widely used software packages—ProE; covers 2-D projections and views, 3-D surface and solid modeling, and general concepts such as object dimensions and tolerances.

109. Introduction to Matlab and Computer Programming (2) S

Introduces computer programming using Matlab as a high-level programming language and Matlab as an engineering computational tool. Includes general computer programming principles and structures and the unique feature of Matlab, such as vector and matrix operations, with application to engineering.

210. Materials Engineering (3) S

Prerequisite: CHE 111, PHY 231.

Examines the structure of material at the atomic level, including how physical, thermal, and mechanical properties affect the behavior of materials.

240. Mechanical Engineering Fundamentals I: Mechanics (3) F

Prerequisites: MAT 212 and PHY 231

Introduces vector analysis of forces and torques. Examines rigid bodies and determinate structures at equilibrium. Covers kinematics of a particle and of a rigid body. Presents kinetic analysis using force-acceleration, work-energy, and impulse-momentum techniques.

250. Thermo-fluid Dynamics I (4) S

Prerequisite: CHE 111, PHY 232; Corequisite: MAT 314.

Introduces macroscopic concepts of thermodynamics, including first and second laws, properties of a pure substance, and energy analysis; also introduces hydrostatics and fluid dynamics, including pressure distribution, relations for fluid particles, and development of conservation theorems. Includes weekly lab.

261. Electrical Engineering Fundamentals I: Digital Logic (3) F

Basic Principles of logic design, including Boolean algebra, number systems, combinational and sequential logic, and programmable logic devices. Introduces computer simulation techniques for logic circuits.

262. Electrical Engineering Fundamentals II: Electric and Electronic Circuits (4) F

Prerequisites: PHY 232 and MAT 212

Fundamental concepts of circuits and electronics, including basic concepts, theorems, and laws of dc and ac circuits. Introduces power sources, passive circuit devices, op amps, and selected semiconductor devices. Includes a weekly lab.

320. Mechanics of Materials (3) F

Prerequisite: CHE 111, PHY 231, MAT 314.

The relationship between internal stresses and changes of form produced by external forces acting on solid bodies; also covers normal and shear stresses, strain, elasticity and plasticity, deformations, and loading.

330. Engineering Economy (3) S

Presents basic principles of economic analysis related specifically to the realm of engineering; covers methods of developing engineering alternatives to capital investment projects using economic and financial principles.

342. Engineering Experimental Methods (3) F

Prerequisite: Jr. Standing.

Teaches computer-based tools for engineering data analysis and experimental design; includes probability, statistical analysis, measurement errors, and graphical presentation methods.

352. Mechanical Engineering Laboratory (1) S

Prerequisite: Jr. Standing.

Demonstrates laboratory experimentation as a design and modeling tool. Emphasizes design of experiments and communicating engineering results. Includes planning, executing, and reporting on an area chosen by the students.

360. Modeling and Analysis of Linear and Dynamical Systems (3) S

Prerequisite: EGR 240, EGR 261, and MAT 314.

Presents analysis of linear time-invariant (LTI) systems using time-domain and frequency-domain techniques. Electrical and mechanical system dynamics are characterized and modeled using differential equations, impulse response, and Laplace and Fourier techniques. Includes extensive use of Matlab.

361. Digital Electronics (4) S

Prerequisite: EGR 261

Design and simulation techniques for digital systems, including optimal state assignment and state reduction for sequential circuits, circuit fault analysis, and higher level conceptual modeling. Covers system level topics such as computer organization and design test techniques. Includes a weekly lab.

375. Power Systems and Electrical Machines (3) S

Prerequisite: EGR 262.

Introduces the basic principles of power systems and electrical machines with an emphasis on 3-phase power, theory of machinery, and principles of machine operation. Topics include transformers, electro-mechanics, synchronous machines, induction motors, and DC motors and system-level topics such as power flow, faulty analysis, and economic operation.

376. Power Systems and Electrical Machines Lab (1) S

Pre or co-requisite: EGR 375

Demonstrates through laboratory experiments the principles of electrical machines studied in EGR 375. Experiments investigate the operations of DC motors, DC generators, AC motors, and AC generators.

385. Energy Conversion (3) S

Prerequisite: EGR 250.

Provides a comprehensive analysis of current energy systems, including fossil power plants, nuclear plants, and other forms of renewable energy sources; covers the Rankine cycle, steam generators, combustion, and turbines; presents information on the environmental impact of energy generation.

405. Electronic Circuit Analysis and Design (4) S

Prerequisite: EGR 262.

Introduces fundamental principles of electronics, including analysis and design techniques for circuits containing diodes, field effect transistors, and bipolar junction transistors. Includes weekly lab.

416. Physical Principles of Solid State Devices (3) S

Prerequisite: EGR 210. Reciprocal credit: PHY 416.

Introduces concepts in material science and quantum physics, including modern theory of solids, magnetic and optical properties of materials, semi-conductors and semi-conductor devices, dielectric materials, and super-conductivity.

450. Thermo-fluid Dynamics II (4) F

Prerequisite: EGR 250.

Properties of the ideal gas, models of incompressible and corresponding states, gas-vapor mixtures, availability and irreversibility, power and refrigeration cycles, viscous and boundary-layer flow, inviscid incompressible flow, compressible flow, and turbo-machinery. Includes weekly lab.

456. Machine & Mechanism Theory & Design (3) F

Prerequisite: EGR 290.

Covers design, selection, and evaluation of mechanisms for various applications, including planar and spatial linkages, cams, gears, planetary and non-planetary gear systems, linkage synthesis, and linkage dynamics.

470. Heat Transfer (3) S

Prerequisite: EGR 450.

The analysis of various heat transfer modes, including conduction, natural and forced convection, and radiation; introduces industrial applications of heat transfer such as heat exchangers, waste heat recovery, and steam generators in a nuclear plant or in a gas turbine electrical generator.

475. Control Theory and Design (4)

Prerequisite: EGR 262.

Introduces analysis and design of linear control systems using root locus and frequency response techniques; includes system representation and control system characteristics. Includes weekly lab.

491. Major Project Design I (3) F

Allows a student to work individually on a real-world engineering problem assigned by either the instructor or a sponsoring industry; requires the student to solve the problem by applying the engineering design and analysis method; involves oral and written presentations, where the written presentation is in the form of a design portfolio that documents a full engineering study of the project.

492. Major Project Design II (3) S

Allows a team of students to work on a real-world engineering problem assigned by either the instructor or a sponsoring industry; requires the student to solve the problem by team effort via project management; involves oral written presentations, where the written presentation is in the form required for EGR 491. The oral presentation will be a publicly announced event.

498. Engineering Seminar (2) F

Prerequisite: Senior Standing.

Provides a comprehensive review of all engineering fundamentals, including mathematics, physics, chemistry, and economics, to prepare engineering seniors for the national Fundamentals of Engineering (FE) examination; also provides a review of engineering ethics and Christian conduct in the workplace.

499. Seminar (1-3) As Needed

To be used at the discretion of the department.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad (1-4)

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)**295-6-7. Special Studies (1-4)**

Lower-level group studies which do not appear in the regular department offerings.

395. Special Studies (2)

Upper-level group studies applicable to electrical engineering which do not appear in the regular department offerings.

396-7. Special Studies (1-4)

Upper-level group studies which do not appear in the regular department offerings.

495-6-7. Independent Study (1-4)

Individual research under the guidance of a faculty member.

Mission Statement

- To provide student-centered attention which facilitates effective communication.
- To offer courses in composition which require analytical reading, thinking, and writing.
- To offer courses that explore and analyze multicultural literature to broaden world views.
- To offer a range of English courses emphasizing genres, periods, major writers, history and structure of the language, composition, research, and critical analysis.

Curriculum

I. Major in English With Creative Writing Emphasis —34 hours

A. Core requirements for all majors—13 hours

1. ENG 318 and 410—6 hours
2. ENG 450 or 460—3 hours
3. ENG 300 and 490—4 hours

B. Writing Core: ENG 312, 425, and 426—9 hours

C. Genre Studies: Select 2 from 305, 310, 311, 320, 336, 337

D. Electives: Select 6 hours from any 300/400 level ENG courses

II. Major in English with Literature Emphasis —34 hours

A. Core requirements for all majors—13 hours

1. ENG 318 and 410—6 hours
2. ENG 450 or 460—3 hours
3. ENG 300 and 490—4 hours

B. Advanced Literature Studies—6 hours

1. ENG 340 or 342
2. ENG 334 or 335

C. Genre studies: Select 1 from 305, 310, 311, 320, 336, 337

D. Electives: Select 12 hours from any 300/400 level ENG courses.

III. Teacher Licensure for English (Grades 7-12)

A. Major requirements as shown above for either concentration to include both ENG 450 and 460, reducing ENG Elective hours by 3 hours.

B. Professional Education: EDU 150, 250, 326, 420, 433; PSY 213, 318; SE 225.

C. The student must earn a 3.0 major GPA.

D. Completion of applicable portions of the Praxis II.

E. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

IV. English Minor Requirements

Building on the 12 hours of ENG required in the General Core, the minor requires 15 ENG hours >299.

Assessment of Majors

Majors are required to take ENG 490 which is the culmination of the major in the completion and defense of a thesis.

Student Organization

Sigma Tau Delta, a national English Honor Society, recognizes students who have realized accomplishments in the English language and literature. The motto is “Sincerity, Truth, Design.” Union University’s chapter was organized in 1979. Officially declared English majors/minors who have completed at least 36 semester hours of college study, with 6 hours in literature, meet the minimum eligibility requirements. Furthermore, the student must have at least a 3.0 GPA in English Department courses for membership.

Student Award

The **Helen Blythe Creative Writing Award** is given to the graduating senior who is deemed by the English Department faculty to be the best creative writer.

Course Offerings in English (ENG)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

111. Written Composition I (3) F, S, Su

Includes a study of the principles of grammar, usage, and rhetoric, emphasizing the writing of clear, effective exposition.

112. Written Composition II (3) F, W, S

Prerequisite: ENG 111.

Includes library orientation and instruction in research methods. Students will write critical themes and a research paper.

201. World Literature I (3) F, W, S, Su

Prerequisites: ENG 111, 112.

Selected writers beginning with the Greeks and continuing through the 17th century.

202. World Literature II (3) F, W, S, Su

Prerequisites: ENG 111, 112.

Selected world writers from the 18th through the 20th century.

300. Literary Criticism and Analysis (3) S

Prerequisite: ENG 201 or 202. Corequisite: ENG 201 or 202 alternative.

Overview of methodologies and various schools of theory used in literary analyses with special attention to close reading techniques, coupled with mastery of MLA style guidelines.

Completion of ENG 111, 112, 201 and 202 is prerequisite to all the following:

305. Drama (3) F

Reciprocal credit: COM 305.

Representative dramas selected from literary, historic, or thematic types. Includes such writers as Ibsen, Chekhov, Shaw, Brecht, O'Neill, Ionesco, and Soyinka.

310. Poetry (3) Every Third Year*

Representative poetry selected from literary, historic, or thematic types. Includes the works of such writers as Sappho, Catullus, Petrarch, Goethe, Pushkin, Eliot, and Frost.

311. Literature and Film (3) Every Third Year*

An examination of the intersection of film and literary texts and the scholarly analyses of each narrative format. Discussion includes cultural and historical aspects, philosophical approaches to adaptation, and the technical analysis of film.

General Regulations

Students are required to complete the core curriculum requirements in composition and literature before enrolling in an upper-level English course.

312. Creative Writing (3) F, S

Reciprocal credit: COM 312.

Emphasis is on the production of original writings, particularly in the genres of poetry, short story, drama, and essay.

318. Advanced Composition (3) S; As Needed

Reciprocal credit: COM 318.

Techniques of writing effective expository, argumentative, descriptive, and narrative nonfiction prose.

320. The Short Story (3) Every Third Year*

A study of representative short stories selected from literary, historic, or thematic types. Includes such writers as Maupassant, Chekhov, Poe, Joyce, Lawrence, Hurston, O'Connor, Gordimer, Mahfouz, and Garcia Marquez.

334. Survey of American I (3) S–Even Years

A study of literature from the Colonial, Early National, and Romantic Periods.

335. Survey of American II (3) S–Odd Years

A study of literature from the Realistic Period through Post Modernism.

336. The Epic (3) Every Third Year*

Comparative study of oral/formuliac tales from around the world which have been recorded and of the literate creations intended to imitate those tales in some traditions. Includes such authors and works as Gilgamesh, Homeric epics, Virgil, Icelandic saga, Ariosto, Milton, the Ramayana, the Mwindo Epic, and Amos Tutuola.

337. The Novel (3) Every Third Year*

Representative novels from literary, historic, or thematic types. Includes such writers as Cervantes, Balzac, Dostoevsky, Hawthorne, Joyce, Faulkner, Soseki, and Achebe.

340. Survey of British Literature I (3) F—Odd Years

Survey of major works authors and themes of British literature from the Anglo-Saxon period through the Renaissance.

342. Survey of British Literature II (3) F—Even Years

Survey of major works authors and themes of British literature from the Restoration through the Post-Colonial period.

410. Representative Plays of Shakespeare (3) F

An in-depth study of approximately twelve selected comedies, tragedies, and histories of Shakespeare, with an emphasis on the Elizabethan Age.

425. Fiction Writing (3) F

Prerequisite: ENG 312.

A writing workshop in which advanced techniques of fiction writing are practiced, culminating in a manuscript of original work.

426. Poetry Writing (3) S

Prerequisite: ENG 312.

A writing workshop in which advanced techniques of poetry writing are practiced, culminating in a manuscript of original work.

430. Classical Antiquity (3) Every Third Year*

A close literary and historical analysis of one or more such authors as Homer, Plato, Thucydides, Sophocles, Virgil, and Horace.

431. The Middle Ages (3) Every Third Year*

A close literary and historical analysis of one or more such authors as Chaucer, Malory, Marie de France, Boccaccio, Petrarch, and Dante.

432. The Renaissance (3) Every Third Year*

A close literary and historical analysis of one or more such authors as Marlowe, Milton, Rabelais, Machiavelli, Calderon, and Cervantes.

433. Romanticism (3) Every Third Year*

A close literary and historical analysis of one or more such authors as Goethe, Rousseau, Hugo, Wordsworth, Pushkin, Hawthorne, and Melville.

434. Realism (3) Every Third Year*

A close literary and historical analysis of one or more such authors as Flaubert, Zola, Tolstoy, Dostoevsky, Chekhov, Ibsen, and Hardy.

435. Modernism/Postmodernism (3) Every Third Year*

A close literary and historical analysis of one or more such authors as Joyce, Eliot, Woolf, Sartre, Ionesco, Pirandello, Unamuno, Garcia Marquez, and Borges.

450. The History of the English Language (3) S

Study of the development of current forms of the English language, surveying issues of historical linguistics with attention to the roles of Old English and Middle English in the development of Anglophone language and literature.

460. Advanced Grammar (3) Fall

Study of the grammar of the English language, including study of the various approaches to grammar and its pedagogy.

490. Senior Thesis (1) S

Prerequisite: Permission of the Department Chair

The culmination of the major, the student will complete a thesis demonstrating an understanding of the principles of literary theory and criticism. The student will present and defend the work before a faculty panel.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

David Thomas (1994). Professor of History. B.S., The Ohio State University; M.S., University of Michigan; Ph.D., The Ohio State University.

Curriculum

The Department of History offers courses that are designed to meet both cultural and professional objectives. The history courses attempt to give the student a discriminating knowledge of the past by encouraging an understanding of other times according to the standards of those times and by evaluating institutions and movements in the light of their effects upon later developments. History students encounter a diversity of teaching styles, learn about the methods of the discipline, and deepen their understanding of the integration of Christian faith and history. The geography courses provide the student with an understanding of the relationship between geographical elements and man's life on earth.

Assessment of Majors

History 498 is the culmination of the history major's study in which the student demonstrates the use of the tools of historical research and writing by composing a major paper that includes primary sources. This course requires the major to discuss with fellow history students the methodological and historiographical problems that historians face and to share the findings of his/her paper in a seminar setting. All senior history majors must also take the Major Field Achievement Test in History.

Student Organizations

The **Delta-Psi Chapter of Phi Alpha Theta**, the National History Honor Society, is open to students who have had 12 semester hours of history and who have a minimum HIS GPA of 3.1 and 3.0 in 2/3 of the remainder of their work. Union's chapter, established in 1953, was the first in the state of Tennessee.

The **Rutledge Honorary History Club** was founded in 1929 to stimulate the study of history. Membership by invitation is offered to history majors and minors and a select number of students who have undertaken three semester hours of history with a course average of 3.0 and who have expressed an interest in the study of history.

Student Awards

Departmental Awards are given to graduating seniors for outstanding work in fulfilling a departmental major or minor.

Dr. James Alex Baggett History Research Awards are given for the best original research papers presented as part of the requirements for any history course.

The Phi Alpha Theta Scholarship Key is presented to a graduating senior member of the society who has a major in history and who has an average of 3.5 or better in that discipline.

Curriculum

The Department of Language provides a multifaceted, innovative curriculum in language, literature, culture and second language acquisition. The Department offers majors in French, Spanish and Teaching English as a Second Language with the option of teacher licensure in all. The Department's commitment to a strong interdisciplinary approach to the study of language and culture is reflected in the variety and scope of offerings, as well as the opportunities to enhance on-campus study with off-campus international and domestic programs.

The French and Spanish majors offer three options allowing students to fit career goals. All hours of the major are in one language unless the student has received prior written permission of the Chair. A minimum of 15 hours, including 490, of the major must be earned under the direct supervision of the faculty of Union University.

Students are strongly urged to complete the immersion experience required for the French and Spanish majors prior to the last semester of study at Union and to enroll in at least one language course after the experience. See Department guidelines for details about planning study abroad.

The Teaching English as a Second Language major, with its strong emphasis in applied linguistics and with

its field experience opportunities, provides a supportive and substantive framework for participants to develop their understanding of language and to explore their own development as language teachers. The program is designed for those seeking employment teaching English as a second or foreign language.

Assessment of Majors

All language majors must have oral proficiency in the target language equivalent to an ACTFL rating of “Intermediate High.” This will be determined by the appropriate instructor through an individual interview to be conducted during the second semester of the junior year. Each student is responsible for scheduling the interview during the designated semester. See Department Chair for additional information.

Students presenting transfer or testing credit in language will be evaluated toward placement in the program and in possible application of those credits toward a language major or minor.

Prerequisite: TESL 210 & 220.

ESL theory and practice for incorporating LEP students of varying abilities into bi- and multilingual classrooms

with focus on methods, approaches, strategies, learning styles and culture, and state/federal requirements for non-English background students. Examines the interaction between teacher, student, parent, and administration.

315. Critical Context of Literacy (3) F

Exploring 2nd language literacy from the critical perspective of linguistics, pedagogy, and language teacher education toward the design and teaching of literacy skills to language learners.

320. ESL Assessment (3) S

Prerequisite: TESL 210 & 220.

Examines issues in testing, assessment of language aptitude and competence, and use of results as well as the development of assessment tools.

410. Curriculum and Materials Development in PreK-12 (3) F

Prerequisite: TESL 310 and CSC 105.

Choosing and creating materials for developing curricula for bi- and multilingual classrooms incorporating theories and principles into an electronic and print manual of materials for classroom use.

Available in multiple departmental prefix:

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)

295-6-7. Special Studies (1-4)

Lower-level group studies which do not appear in the regular departmental offerings.

260, 360, 460. Language Immersion (1-3)

Prerequisite: 112 or equivalent of the target language.

Language immersion experiences offered or approved by the department. May be repeated at any level and a maximum of 3 hours applied toward graduation.

395-6-7. Special Studies (1-4)

Upper-level group studies which do not appear in the regular departmental offerings.

495-6-7. Independent Study (1-4)

Individual research under the guidance of a faculty member(s).

350. Instructional Methodology (1-3)

Prerequisite: One 300-level course. Corequisite: one additional 300 or 400-level course.

A supervised experience in foreign language instruction. Maximum of 3 hours to apply for graduation.

440. Socio- and Psycholinguistics (3)

Prerequisite: TESL 210 & 220.

Psychological bases and processes of language acquisition and use, with emphasis on the relevance of current research for language learning and teaching. Studies language in its social context, social and regional variation, language change and change planning, and the implications of language variety for the transmission of literacy.

490. Capstone Seminar (1)

Prerequisite: One 300- or 400-level language course.

Capstone course required of all majors in the final semester of coursework in the major. Students will prepare and present a research project/paper based on work done concurrently in any 300- or 400-level course.

498-499. Seminar (1-3)

Examples include but are not limited to Critical Approaches to Culture and Literature, Romance Philology, and Language and Culture.

Mission Statement

Union's mathematics program seeks to further students in their quest for increased understanding of Creation and the created order and to equip students to serve God, church and society through excellence in thinking and the use of mathematics. We do this through a curriculum that develops the student's ability to think logically, analytically, and abstractly; to pursue a body of knowledge whose basis is independent of both empirical observation and culture; and to learn humility and a sense of wonder at the complexity, beauty, and applicability of mathematics.

Student Awards

A **Departmental Award** is given to the senior who places first in the Major Field Test for Mathematics as partial fulfillment of MAT 498.

The **Wolfram Research Inc. Award** is awarded to a freshman calculus student chosen by the Department of Mathematics based upon demonstrated outstanding achievement, enthusiasm, ingenuity, and creativity in mathematics.

Curriculum

The department offers a major in mathematics and minors in mathematics, mathematics with emphasis in

statistics, and actuarial science. Students majoring in mathematics may select from the following tracks: mathematics, teacher licensure in mathematics for secondary education (grades 7-12), or actuarial science. The offerings of the major provide a foundation for beginning graduate study in mathematics, for entry into mathematics-related work fields, and for teaching mathematics at the secondary level. Students majoring or minoring in mathematics begin their academic credit towards the major or minor with courses numbered MAT 205 or above. Students having a four-year high school mathematics program that included trigonometry should be able to begin the calculus sequence in their first semester.

I. Major in Mathematics—35 hours

- A. MAT 207, 208, 211, 212, 213, 315 and 498 are required.
- B. Select one: MAT 411, MAT 415.
- C. Select 9 hours from junior or senior MAT courses.
- D. Independent Study (MAT 495) or Departmental Special Study (MAT 395) may be used for 3 of the 9 hours required in C.
- E. Prerequisites: PHY 231, and CSC 115 or 255.

II. Teacher Licensure in Mathematics (Grades 7-12)

- A. Major requirements as shown above to include MAT 413.
- B. Professional Education: EDU 150, 250, 326, 422, 433; PSY 213, 318; SE 225.
- C. Completion of applicable portions of the Praxis II.
- D. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

III. Minor in Mathematics—21 hours

- A. MAT 211 and 212 are required and one of: MAT 205, 207, 208, 213.
- B. CSC 115 or 255
- C. At least 6 hours of upper-level hours.
- D. The remaining must be 205 or higher.

IV. Minor in Mathematics with an Emphasis in Statistics—20 or 21 hours

- A. MAT 211 and 212, 208, 305, and 405
- B. One of: MAT 213, 314, 315; CSC 115 or 255.

V. Minor in Actuarial Science as earned with a Math Major—19 hours

- A. Prerequisites (applicable to major): MAT 211, 212, 213, 305, 315, 401, 402.
- B. ACC 211, 212; ECF 211, 212, 320.
- C. ECF 411 or 412.
- D. MAT 400.

VI. Minor in Actuarial Science as earned with a Business Major and BSBA—21 hours

- A. Prerequisites (applicable to other requirements): ACC 211, 212; ECF 211, 212, 320; ECF 411 or 412; MAT 208, 211; CSC 115 or 255. Note: In the BSBA core MAT 208 substitutes for MAT 114, and CSC 115 or 255 for 105.
- B. MAT 212, 213, 305, 315.
- C. MAT 400, 401, 402.

Assessment of Majors

All senior mathematics majors must take the Major Field Test in mathematics as one requirement for MAT 498 (see below). Those majors completing a teacher licensure program are required to take the PRAXIS II.

Student Organizations

Kappa Mu Epsilon, honor society in mathematics, selects students who have achieved standards of scholarship,

professional merit, and academic distinction. A student must have completed 3 semesters' rank in the upper 35%, completed 3 courses in MAT, to include calculus, and have a minimum 3.0 Math GPA.

Sigma Zeta is a national honorary science society for those who have completed 15 hours in natural science and math with a minimum GPA of 3.0 in these courses.

Course Offerings in Mathematics (MAT)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

@101. Fundamental Concepts (3) F, S

This course is designed to introduce the student to problem solving strategies and the real number system. Topics will include the whole numbers, integers, fractions and decimals, functions and coordinate geometry.

@107. Mathematics for the Liberal Arts (3) F, S

This course is designed to introduce the student to the basic concepts of several areas of mathematics. Topics of focus will include counting techniques, descriptive statistics, probability and geometry.

@*111. College Algebra (3) F, W, S; Su As Needed

Prerequisite: Two years of high school algebra.

Topics include equations in two variables, functions, graphing techniques, systems of equations and inequalities, exponential and logarithmic functions, matrices, and the theory of polynomial equations.

@*112. Plane Trigonometry (3) S—As Needed

Prerequisite: MAT 111.

Topics include the definition of the trigonometric functions, radian measure, linear and angular velocity, graphing techniques, trigonometric identities and equations, the inverse trigonometric functions, and solving triangles.

@114. Introduction to Statistics and Probability (3) F, W, S; Su—As Needed

Prerequisite: Two years of high school algebra.

Descriptive statistics with introduction to inferential statistics. Topics include organization of data into frequency distribution tables and histograms, measures of central tendency, standard deviation, basic probability, continuous distributions through the normal distribution, introduction to sampling theory and hypothesis testing.

@*116. Precalculus (3) F; S—As Needed

Prerequisites: Two years of high school algebra and one of geometry.

An introduction to polynomial, exponential, logarithmic, and trigonometric functions and basic analytic geometry. This course is intended for students planning to take MAT 211 and is not recommended for students who have taken MAT 111 and/or 112.

@201. Calculus for Business/Social Sciences (3) F

Prerequisite: MAT 111 or its equivalent.

Topics include a review of algebra principles, development of differential calculus with an emphasis on applications of the derivative to business and social sciences, and a brief introduction to integral calculus with elementary applications of the definite integral. Is not recommended for students that have taken MAT 211-12.

205. Discrete Mathematics (3) F

Prerequisite: MAT 111 or its equivalent.

Topics include elementary logic, sets, proof techniques including induction, relations and graphs, recurrence relations, basic counting techniques, equivalence relations, Boolean algebra, and algebraic structures.

207. Transition Mathematics (3) S

Corequisite: MAT 212

An introduction to abstract mathematical reasoning, including reading and writing proofs. Topics include logic, types of proofs, set theory, functions and relations.

208. Statistics (3) F; S—As Needed

Prerequisite: MAT 111.

Topics include descriptive and inferential statistics, probability theory, random variables, binomial and normal distributions and hypothesis testing.

211. Calculus and Analytic Geometry I (4) F, S

Prerequisite: Pass Calculus Readiness Test.

Topics include basic concepts of plane analytic geometry, functions, limits, differentiation of algebraic and trigonometric functions, applications of the derivative, the indefinite and the definite integral, and the fundamental theorem of calculus.

212. Calculus and Analytic Geometry II (4) F, S

Prerequisite: MAT 211.

Topics include integration by substitution, numeral integration, applications of the definite integral, the calculus of transcendental functions, techniques of integration, and the calculus of parametrized curves.

213. Calculus and Analytic Geometry III (4) F; S—As Needed

Prerequisite: MAT 212.

Topics include infinite series, polar coordinates, vectors in three-space, functions of several variables, partial derivatives, multiple integrals, and line integrals.

305. Statistical Methods (3) S or As Needed

Prerequisite: MAT 208.

Parametric and non-parametric statistical methods with an emphasis on applications. Topics include correlation and regression, analysis of variance, Chi-square distribution, contingency tables, and applications to the social sciences, life sciences, and business.

310. History of Mathematics (3) As Needed

Prerequisite: MAT 212.

A survey of the major developments in the history of mathematics with special emphasis to the areas usually discussed in high school and undergraduate mathematics courses: geometry, algebra, trigonometry, and calculus.

314. Differential Equations (3) S or As Needed

Prerequisite: MAT 213.

Topics include linear first-order differential equations and applications, higher-order differential equations, and applications.

315. Linear Algebra (3) S or As Needed

Prerequisite: MAT 212.

Topics include systems of linear equations, matrices, determinants, linear transformations, diagonalization of matrices, and major applications to business and the sciences.

320. Introduction to Complex Variables (3) As Needed

Prerequisite: MAT 213.

Algebraic properties of the complex number system, complex transformations, analytic functions, complex integration, residues, and series representations of functions.

360. Numerical Analysis (3) As Needed

Prerequisite: CSC 115 or 255, MAT 207 and 213.

Numerical computations, roots of equations, simultaneous nonlinear and linear simultaneous equations, numerical integration and differentiation, and power series calculations.

400. SOA Exam P Preparation (1) As Needed

Prerequisite: MAT 213 and 305.

Application of calculus and statistics to risk management problems relevant to the Society of Actuaries first exam. Sitting for the SOA Exam P is required for successful completion of the course. Pass/Fail.

401. Actuarial Mathematics I (3) As Needed

Prerequisite: MAT 400

Measures of interest, annuities-certain, amortization schedules, sinking funds and bonds. Introduction to life tables, life annuities and life insurance.

402. Actuarial Mathematics II (3) As Needed

Prerequisite: 401.

Actuarial models, including survival models, stochastic processes, and loss models. Applications to insurance and annuity contracts.

405. Mathematical Statistics (3) As Needed

Prerequisites: MAT 305 and 212.

A calculus-based introduction to the theory of probability and statistics. Topics include conditional probability and independence, random variables, mathematical expectations, discrete and continuous distributions, central limit theorem, and sampling theory.

411. Introduction to Analysis (3) F—Odd Years or As Needed

Prerequisite: MAT 207 and 213.

A rigorous inquiry into sequences, limits, continuity, differentiation, and integration.

413. College Geometry (3) F—Odd Years; Su—Even Years As Needed

Prerequisite: MAT 207 and 212.

Topics include axiomatic foundations of Euclidean and non-Euclidean geometry, models for incidence geometries, and development of theorems in the geometries of the Euclidean plane and the hyperbolic plane.

415. Abstract Algebra (3) F—Even Years

Prerequisite: MAT 207 and 212.

An introduction to number theory, group theory, and ring theory. Topics include divisibility in the integers, permutation groups, homomorphisms, normal subgroups and quotient groups, LaGrange's Theorem, ideals, and polynomial rings.

498. Mathematics Seminar (2) F

Prerequisite: 20 hours of MAT course work and Senior standing.

The setting for administering the Major Field Test, for addressing those areas of mathematics for which prior assessment indicates the need for improvement, for providing seniors an opportunity to demonstrate their awareness of the abstract nature of mathematics and its unifying principles through oral and written presentations, and for discussion of current mathematical research. The course may be modified at the discretion of the department.

* Six hours maximum may be applied toward graduation from MAT 111-2, 116.

@ Does not apply toward the major or minor.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)**295-6-7. Special Studies (1-4)**

Lower-level group studies which do not appear in the regular departmental offerings.

395-6-7. Special Studies (1-4)

Upper-level group studies which do not appear in the regular departmental offerings.

495-6-7. Independent Study (1-4)

Individual research under the guidance of a faculty member(s).

497-8-9. Seminar (1-3)

To be used at the discretion of the department.

DEPARTMENT OF MUSIC

COLLEGE OF ARTS AND SCIENCES

Faculty

Chris Mathews (2008). Associate Professor and Chair, Department of Music. B.M., Union University; M.M., Southwest Missouri State University; D.M.A., University of Kentucky.

Elizabeth Bedsole (1998). Professor of Music. B.M., Stetson University; M.C.M., Southwestern Baptist Theological Seminary; Ed.D., University of Illinois.

Michael K. Penny (1988). Professor of Music. B.A. and M.M., Louisiana State University; D.M.A., Southwestern Baptist Theological Seminary; Additional study, Westminster Choir College.

Joshua Veltman (2004) Assistant Professor of Music. B.A., Calvin College; M.A. and Ph.D., Ohio State University.

Stanley Warren (2004). Associate Professor of Music. B.M. and M.M., Eastman School of Music; D.M.A., Southern Baptist Theological Seminary.

Georgia Wellborn (1989). Professor of Music. B.M., Carson Newman College; M.M., Florida State University; M.L.S., University of Tennessee; D.A., University of Mississippi; Additional study, Southwestern Baptist Theological Seminary, the University of North Texas, and Westminster Choir College.

Mission Statement

The mission of the Department of Music of Union University is to offer studies in music for all students and to enrich the cultural environment of the University and community. This mission is in keeping with a traditional liberal arts education.

Admission Requirements for Majors

An audition is required for admission to the Department as a major in any of the programs and in consideration for music scholarship funds. Criteria for admission include (1) demonstrated potential in a performance area, (2) basic musicianship, including sightreading skills, and (3) a clear sense of purpose as reflected in an interview as part of the

audition process. Examinations in the areas of basic theory will be administered for placement into the correct theory courses. Functional keyboard examinations will be given to non-keyboard majors for keyboard placement.

Freshmen admitted to the department may declare any of the majors except performance. Students who wish to pursue the performance program will petition the applied faculty at the board examination at the conclusion of the second semester of study. The applied faculty will assess the student's achievement and potential and will admit the student to the performance major or recommend that the student choose another major within the department.

Transfer students with 8 or more hours in principal applied studies will register for MUS 250 during their first semester at Union. At the end of the semester, the student will perform a sophomore board examination to determine application of this course and future applied studies.

General Regulations For Students In The Department Of Music

In addition to the regulations included in this *Catalogue*, music majors and minors are responsible for following the procedures, policies, and guidelines provided in the *Department of Music Handbook*. Recital attendance requirements, applied lesson attendance policies, board examination and recital performance requirements, and other important material are included in the *Handbook*.

Ensemble requirements are based on degree, level, and principal applied area:

- Music Education/Choral Emphasis requires 7 semesters of choral ensembles.
- Music Education/Instrumental Emphasis requires 7 semesters of instrumental ensembles, excluding MUS 181-481 and 165-465.
- Church Music requires at least 6 semesters of choral ensembles; two other semesters may be fulfilled by any other ensembles for which the student is qualified. Keyboard principals are required to include 2 semesters of MUS 181-481 toward their ensemble requirement.
- Performance/Emphasis in Voice requires 8 semesters of choral ensembles.
- Performance/Emphasis in Piano requires 5 semesters of any ensemble and 3 semesters of MUS 230.
- Performance/Emphasis in Organ requires 6 semesters of any ensemble and 2 semesters of MUS 230.
- Theory requires 8 semesters of any ensemble for which the student is qualified. Keyboard principals only are required to complete 4 semesters of MUS 181-481 or MUS 230.
- B.A. Music Majors and B. Music Majors with an emphasis on Elective Studies outside the Music Department are required to complete 6 semesters of choral ensembles if voice principals or 6

semesters of instrumental ensembles if instrument principals. Keyboard principals are required to complete 2 semesters of piano ensembles, 2 semesters of MUS 230 and 2 semesters of any ensemble.

- Music Minors are required to complete 4 semesters of choral ensembles if voice principals or 4 semesters of instrumental ensembles if instrumental principals. Keyboard principals are required to complete 1 semester of piano ensemble, 1 semester of MUS 230 and 2 semesters of any ensemble.

Curriculum

The Department offers majors leading to the **Bachelor of Music** degree ongoing in Church Music, Music Education, Performance, and Theory; Elective Studies in the Music major with emphases in Christian Studies, Management, Marketing, and Communication Arts. The selection of an applied principal area of study is also required within each emphasis area. B.M. students are required to complete the General Core Curriculum, the B.M. Core (I. below) and the specified requirements of their chosen emphasis area. They are exempt from the requirement of a Specific Core Curriculum and from a minor; however, the ambitious student is not precluded from completing a minor. As shown below, Music Education majors will complete the Professional Education core in completing licensure requirements.

I. Bachelor of Music Degree Required Core—52 hours:

- A. MUS 103, 104, 111, 112, 203, 204, 211, 212, 220
- B. Applied Music Studies—6 semesters 150-350, 12 hours and 399, Recital
- C. MUS 311, 315, 316, 317, 340
- D. Secondary Performance—MUS 221-222 (voice or instrumental principals) or MUS 150V (keyboard principals)—2 hours
- E. Ensemble Experience—6 semesters, see “General Regulations for Students in the Department of Music.”
- F. Recital Attendance, MUS 000—8 semesters except Music Education emphases which require 7 semesters

II. Major in Church Music

- A. Track for Voice or Instrumental Principals—29 hours + 52 hour core (I).
 - 1. Additional Applied Studies—2 semesters, 4 hours (450)
 - 2. Substitute MUS 399 with 499, Recital, in Music Core
 - 3. Additional Ensemble Experience—2 semesters
 - 4. Professional Church Music Courses—23 hours
 - a. MUS 116, 224, 312, 313, 323, 390, 419, 424, 430
 - b. MUS 206 (voice principals) or 150V (instrumental principals)—2 hours
- B. Track for Piano or Organ Principals—29-31 hours + 52 hour core (I).
 - 1. Additional Applied Studies—2 semesters, 4 hours 450
 - 2. Substitute MUS 399 with 499, Recital, in Music Core
 - 3. Additional Ensemble Experience—2 semesters

- 4. MUS 116, 230, 419
- 5. MUS 215 and 219; or 325
- 6. Professional Church Music—17 hours
 - a. MUS 312, 313, 430
 - b. MUS 224, 323, 390, 424

III. Major in Music Education

A. Emphasis for General/Choral Instructor—15 hours plus Professional Education Core, shown as 6. below and 52 hour core (I).

- 1. Additional Applied Studies—1 semester, 2 hours 450
- 2. Substitute MUS 399 with 499 in Music Core; omit MUS 317
- 3. Additional Ensemble Experience—1 semester
- 4. Professional Music Education: MUS 116, 302, 312, 313, 430; EDU 424
- 5. MUS 237, 238, 241, 242—4 hours
- 6. Teacher Licensure for Vocal/General Music Grades K-12—30 hours
 - a. Major requirements as shown above
 - b. Professional Education: EDU 150, 326; PSY 213, 318; SE 225; EDU 435.
 - c. Completion of applicable portions of the Praxis II.
 - d. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

B. Emphasis for Instrumental/Band Instructor—18 hours plus Professional Education Core, shown below as 6. below and 52 hour core (I).

- 1. Additional Applied Studies—1 semester, 2 hours 450
- 2. Substitute MUS 399 with 499 in Music Core; omit MUS 317
- 3. Additional Ensemble Experience—1 semester
- 4. Professional Music Education courses: MUS 302, 313, 314, 440, 237, 238, 241, 242, 319; EDU 424; Substitute MUS 340 with 331 in Music Core.
- 5. MUS 205 and 207—2 hours
- 6. Teacher Licensure for Instrumental Music Grades K- 12—30 hours
 - a. Major requirements as shown above
 - b. Professional Education: EDU 150, 326; PSY 213, 318; SE 225, EDU 435.
 - c. Completion of applicable portions of the Praxis II.
 - d. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

IV. Major in Performance

A. Emphasis for Voice Principals—29 hours and 52 hour core (I).

- 1. Additional Ensemble Experience—2 semesters
- 2. Additional Applied, 350—2 hours, Additional Applied, 450—6 hours, and MUS 499, Recital
- 3. MUS 116, 206, 405, 406, 419
- 4. MUS 498, Seminar: Performance Majors
- 5. Foreign Language, 200 level, French or German—3 hours

- 6. MUS 320, 420—4 hours
- B. Emphasis for Piano Principals—29 hours and 52 hour core (I).
 - 1. Additional Applied, 250-350—4 hours, Additional Applied, 450—6 hours, and MUS 499, Recital
 - 2. MUS 325, 415, 416
 - 3. Piano Ensembles, MUS 181-481—4 hours
 - 4. MUS 498, Seminar: Performance Majors
 - 5. Upper level academic MUS Electives—6 hours
 - 6. 2 Additional Ensembles—2 hours

- C. Emphasis for Organ Principals—29 hours and 52 hour core (I).
 - 1. Additional Applied, 250-350—4 hours, Additional Applied, 450—6 hours, and MUS 499, Recital
 - 2. MUS 215, 219, 417, 418
 - 3. Piano Ensembles, MUS 181-481—2 hours
 - 4. MUS 498, Seminar: Performance Majors
 - 5. Upper Level academic MUS Electives—6 hours
 - 6. 2 Additional Ensembles—2 hours

V. Major in Theory

- A. Emphasis for Voice Principals—27 hours and 52 hour core (I).
 - 1. Additional Applied Studies—2 semesters, 450—4 hours
 - 2. Substitute MUS 399 with 499, Recital, in Music Core
 - 3. Additional Ensemble Experience—2 semesters
 - 4. MUS 116
 - 5. Additional Upper-level Theory—6 hours
 - 6. Additional Upper-level History/Literature—6 hours
 - 7. MUS 490, Senior Project—4 hours
 - 8. Foreign Language, 200 level, French or German—3 hours
- B. Emphasis for Organ Principals—30 hours and 52 hour core (I).
 - 1. Additional Applied Studies—2 semesters, 450—4 hours
 - 2. Substitute MUS 399 with 499, Recital, in Music Core
 - 3. Additional Ensemble Experience—2 semesters
 - 4. MUS 215, 219, 417
 - 5. Additional Upper-level Theory—6 hours
 - 6. Additional Upper-level History/Literature—6 hours
 - 7. MUS 490, Senior Project—4 hours
 - 8. Foreign Language, 200 level, French or German—3 hours
- C. Emphasis for Piano Principals—27 hours and 52 hour core (I).
 - 1. Additional Applied Studies—2 semesters, 450—4 hours
 - 2. Substitute MUS 399 with 499 in Music Core
 - 3. Additional Ensemble Experience—2 semesters
 - 4. MUS 415
 - 5. Additional Upper Level Theory—6 hours
 - 6. Additional Upper Level History/Literature—6 hours

- 7. MUS 490, Senior Project—4 hours
- 8. Foreign Language, 200 level, French or German—3 hours

- D. Emphasis for Instrumental Principals—27 hours and 52 hour core (I).
 - 1. Additional Applied Studies—2 semesters, 450—4 hours
 - 2. Substitute MUS 399 with 499 in Music Core
 - 3. Additional Ensemble Experience—2 semesters
 - 4. Select Instrumental Methods—2 hours, from 237, 238, 241, 242, 314
 - 5. Additional Upper Level Theory—6 hours
 - 6. Additional Upper Level History/Literature—6 hours
 - 7. MUS 490, Senior Project—4 hours
 - 8. Foreign Language, 200 level, French or German—3 hours

VI. Major in Music with Studies in one of the following areas, select one in addition to 52 hour core (I).

A. Emphasis in Christian Studies—32 hours

- 1. Select 8 MUS Elective hours from: MUS 215, 224, 312, 323, 390, 424, 430.
- 2. Christian Studies Required Courses—24 hours
 - a. CHR 113, 305, 333, 338; 243 or 244; PHL 240
 - b. Select six CHR Elective hours

B. Emphasis in Management—26 hours

- 1. Select 8 MUS Elective hours with advisor approval
- 2. Management Required Courses: MGT 310, 312, 341, 432
- 3. Select 6 Upper Level Elective hours from the School of Business.

C. Emphasis in Marketing—26 hours

- 1. Select 8 MUS Elective hours with advisor approval
- 2. MKT 328, 424, 440; MAT 114
- 3. Select 6 Upper Level Elective hours from the School of Business.

D. Elective Studies in Communication Arts—26 hours

- 1. Select 8 MUS Elective hours with advisor approval
- 2. Requirements from Communication Arts—18 hours
 - a. Select any 9 hours from COM courses.
 - b. Select 9 Upper Level COM hours.

The Department of Music offers one major leading to the **Bachelor of Arts** degree. In addition to General Core Curriculum and the Bachelor of Arts Specific Core, students desiring a major in music under the liberal arts degree must select a minor area of study outside the department of music. The student will select a principal area of applied study within the major.

Major in Music—48 hours

- I. MUS 103, 104, 111, 112, 203, 204, 211, 212
- II. MUS 220, 311, 315, 316
- III. Solo Performance Area Studies
 - A. MUS 150-350—6 semesters, 12 hours
 - B. MUS 399, Recital
- IV. Secondary Performance Studies: 221-222 (voice or instrumental principals)

- or 150V (keyboard principals)—2 hours
- V. Ensemble Experience—6 semesters
- VI. Recital Attendance, 6 semesters, MUS 000

Minor in Music—25 hours

- I. Applied Studies, MUS 150—4 hours
- II. MUS 111, 112, 103, 104, 220, 316
- III. Ensemble Experience—4 semesters
- IV. Recital Attendance, 4 semesters, MUS 000
- V. Select 3 hours from MUS 329, 429 or upper level “Theoretical” courses
- VI. Available to majors outside MUS Department

The Department offers the Bachelor of Music major pursuing any of the emphases the completion of a minor in a second performing area by completion of: applied studies (4 semesters, 8 hours), ensemble experience (4 semesters), and participation in a non-credit recital performance in the second performance area.

Assessment of Majors

At the end of each semester of required applied study, the student is examined by a committee of the applied music faculty to determine if the student is sufficiently prepared to progress to the succeeding level of study. At the conclusion of the fourth semester the student will perform an applied examination for the faculty to determine if the student is prepared to enter upper level applied study. Each semester except the first, all music majors are required to appear in a public recital.

Student Organizations

Collegiate Music Education National Conference is the student affiliate of Music Education Conference, the premier organization for K-12 music educators.

Phi Mu Alpha Sinfonia is a music fraternity for men founded in 1898 with the primary purposes of achievement of high musical ideals and true brotherhood among the musically minded. The Iota Sigma Chapter was established in 1960.

Pi Kappa Lambda National Music Honor Society elects outstanding juniors and seniors to membership on the basis of musicianship and scholarship.

Sigma Alpha Iota, international music fraternity for women, was organized “for music students and musicians who shall by their influence and their musical interest uphold the highest ideals of a music education; to raise the standard of productive musical work among the women students of colleges, conservatories, and universities.” Gamma Sigma chapter was formed in 1960 by the late Elizabeth Jarrel Fossey.

Student Awards

The **Phi Mu Alpha Award** is presented to the male graduating senior who has demonstrated excellence in musicianship, leadership, loyalty, and service.

The **Sigma Alpha Iota Award** is presented by the National Board of Sigma Alpha Iota to the member of the college chapter who is a music major and has attained the highest scholastic rating during her college course. The award is given upon recommendation of the head of the music department. The Sigma Alpha Iota Foundation Award is based on scholarship attainment, musicianship, and contribution to the local chapter of the fraternity.

Course Offerings in Music (MUS)

() Hours Credit; F—Fall, W—Winter; S—Spring; Su—Summer

Theoretical Courses

- 103. Ear Training and Sight Singing I (1) F, S**
Corequisite: MUS 111.
Development of rudimentary music reading and aural skills. Use of computer applications outside of class.
- 104. Ear Training and Sight Singing II (1) F, S**
Corequisite: MUS 112.
Further development of music reading and aural skills. Use of computer applications outside of class.
- 111. Music Theory I (3) F, S**
Studies in pitch, intervals, scales, modes, triads, seventh chords, rhythm, and rudimentary partwriting in four parts (SATB) are undertaken. Placement by examination.

112. Music Theory II (3) F, S

Prerequisite: MUS 111.
Comprehensive study and application of voice-leading techniques related to the harmonic and melodic material associated with music of the Common Practice Period. Composition exercises will be realized within the choral idiom and will involve realization of figured bass as well as harmonization of unfigured bass lines and melodies. Harmonic progression, diatonic triads in 1st and 2nd inversion, basic form determinants, introductory dominant-function sonorities, and non-harmonic tones will be studied.

116. Singers Diction I (2) S

An introduction to International Phonetic Alphabet symbols as they apply to pronunciation for singing. An introduction to pronunciation and application of rules for singing in Italian, Church Latin, and English.

203. Ear Training and Sight Singing III (1) F, S

Corequisite: MUS 211.
Development of advanced music reading and aural skills. Use of computer applications outside of class.

204. Ear Training and Sight Singing IV (1) F, S

Corequisite: MUS 212.

Further development of advanced music reading and aural skills. Use of computer applications outside of class.

205. Vocal Methods I for Instrumental Music Education Majors (1) F

Basic instruction in singing and the teaching of singing, designed for Music Education majors whose primary instrument is not voice. The class meets 2 hours each week.

206. Singers Diction II (2) F

An introduction to pronunciation, application of rules for singing in French and German.

207. Vocal Methods II for Instrumental Music Education Majors (1) S

Prerequisite: MUS 205.

Sequel to Vocal Methods I.

211. Music Theory III (3) F, S

Prerequisite: MUS 112.

Continuation of MUS 112. Chromaticism and associated harmonic constructions for the dominant-function and pre-dominant-function type, secondary functions, modulation techniques, and modal mixture.

212. Music Theory IV (3) F, S

Prerequisite: MUS 211.

Comprehensive study of advanced chromatic harmony in tonal music of the Common Practice Period. The gradual dissolution of the tonal system and an introduction to basic 20th century compositional practices will be included with the mastery of elementary analytical skills, effective and articulate communication of theoretical ideas, and formal analytical discovery.

215. Service Playing I (1) F

A course designed to assist organists in the building of a worship service; hymn, anthem, and solo accompanying; and modulation.

216. Music Appreciation (3) F

Musical trends throughout the world and the ages. Included: contemporary music for all types as well as art/classical music and music of other cultures. For non-music majors only.

219. Service Playing II (2) S

Prerequisite: MUS 215.

Advanced service playing skills including oratorio accompaniment and figured bass playing.

220. Survey of Music Literature (3) S

Prerequisite: MUS 112.

Introduction to the historical styles of music through listening and score-reading to build a working knowledge of a basic music repertory through listening and score study. Attendance at and review of music performances will be required.

224. Foundations in Church Music (3) S—Even Years

Biblical, theological, and philosophical foundations for music ministry, including studies in historical and contemporary Christian worship and practical aspects: time management, staff relations, budgeting and training of volunteer leaders in the church program. Requires field observation (30 hours) in a local church music program.

237. String Methods (1) S—Odd Years

A class of string instruments is conducted as an introduction to the teaching of stringed instruments.

238. Woodwind Methods (1) F—Odd Years

A class in the fundamental concepts of teaching and playing the clarinet and saxophone. Emphasis is on the methods for teaching beginning school band programs.

241. Brass Methods (1) F—Even Years

A class in low brass instruments is conducted as an introduction to the teaching and playing techniques used in class teaching.

242. Percussion Methods (1) S—Even Years

A class in percussion instruments conducted as an introduction to the teaching of the instruments in this family.

301. Computer Music Sequencing (2) W

An introduction to music sequencing using computer sequencing programs and MIDI controlled synthesizers.

302. Technology for Musicians (3) S

Through study and laboratory experience, students become familiar with the capabilities of technology as they relate to composition, performance, analysis, teaching, and research. Review of basics of computer use: word processing, databases, spreadsheets, presentation software, desktop publishing, and Internet access as well as music sequencing, notation, improvisation, performance software, and music education software.

311. Conducting I (2) F

Prerequisite: MUS 211 or consent of instructor.

An introductory study of the grammar of conducting aimed at developing a usable repertoire of basic conducting patterns and styles. Techniques of conducting with and without the baton are included.

312. Conducting II (Choral) (2) S

A continuation of MUS 311 with an emphasis on applying the grammar of conducting to a choral setting. The course will introduce elements of choral rehearsal techniques but will focus on gaining increasing proficiency in conducting skills that are necessary for clear communication with the choir.

313. Elementary Music Methods & Materials (3) S

Methods and materials for teaching children music in grades kindergarten through six. Includes demonstration and observation of teaching at this level. Designed primarily for the music education major, this course involves study of a well-balanced program of singing, listening, rhythmic, creative, and instrumental activities.

314. Conducting II (Instrumental) (2) S

A continuation of MUS 311 with an emphasis on applying the grammar of conducting to an instrumental setting. The course will introduce elements of instrumental rehearsal techniques but will focus on gaining increasing proficiency in conducting skills that are necessary for clear communication with the instrumental ensemble.

315. History of Music I (3) F

Prerequisite: MUS 112 and MUS 220.

Survey of music from the Greeks to the Baroque c. 1700 with emphasis on the changing styles and forms of music through the study of compositions, composers, treatises, instruments, and performance practices. Extensive use of recordings and listening.

316. History of Music II (3) S

Prerequisite: MUS 315.

Survey of music from the late Baroque to the present day, with emphasis on the changing styles and forms of music through the study of compositions, composers, treatises, instruments, and performance practices. Extensive use of recordings and listening.

317. Form and Analysis (2) F

Prerequisite: MUS 212.

A comprehensive study of single movement forms drawn from a variety of musical periods. The ability to articulate musical ideas in both oral and written contexts will be the primary goal of this course.

318. Seminar in Form and Analysis (2) S

Prerequisite: MUS 317.

A study of single and multi-movement works drawn from a variety of musical periods. Selection of works studied will be guided in part by participants. The ability to articulate musical ideas in both oral and written contexts will be the primary goal of this course.

319. Marching Band Techniques (1) F—Even Years

A comprehensive study of the organizational and musical techniques employed by the school marching band director, to include a survey of field and street procedures, precision drill, half-time pageantry, and study of the routines and music advocated by Casevant, Wright Bockman, Cacavas, and others. Included within the content of this study will be class lectures and guided observation of selected area bands, parades, half-time shows, contests, and festivals.

323. Hymnology (3) S—Odd Years

Analysis and appreciation of the great hymns of the church. A study of their sources, development, and use in services of today. Students will study the music of hymns so the ability to read a single line of music is helpful.

331. Orchestration (2) F

Prerequisite: MUS 212.

The individual characteristics of various instruments of the modern orchestra. The arrangement for orchestra and band of original or standard compositions and arrangements for ensemble groups, preparation of orchestral, band, and choral ensemble scores, calligraphy, music copy and layout, reproduction processes, and copyright law.

340. Arranging and Composing Methods (2) S

Prerequisite: MUS 211-2.

An introductory study of composition and arranging aimed at developing usable skills to compose, arrange, and adapt music from a variety of sources to meet the demands and ability levels of the contemporary music scene.

341. Symphonic Literature (3) S—As Needed

Prerequisite: MUS 212.

Major works of the symphonic idiom from early Viennese beginnings to 20th century.

390. Church Music Internship (2) F, S

This course provides an opportunity for the student to gain practical experience in a church music ministry setting, with guidance and supervision provided by the local minister of music and a faculty member. The internship program entails approximately ten hours per week in the placement setting and a weekly class meeting.

405. Vocal Literature I (2) F—As Needed

Survey examination of the solo song in western music with particular attention to early Italian and British song and the development of the German *lied*.

406. Vocal Literature II (2) S—As Needed

Survey examination of the solo song in western music with particular attention to the development of the French *melodie* and 20th century British and American art song.

410. Counterpoint (3) As Needed

Prerequisite: MUS 212.

The study of contrapuntal techniques of the 16th, 18th, and 20th centuries.

415. Piano Pedagogy (2) F—Even Years

Prerequisite: Junior piano major standing or consent of instructor.

Professional, practical, and ethical considerations of private piano teaching. In-depth analysis of teaching materials. Compilation of a large body of resource materials will be a major project. Supervised teaching of the beginning piano student.

416. Piano Literature (2) F—Odd Years

Prerequisite: Junior piano major standing or consent of instructor.

A survey of the standard literature for piano. Approach will be mainly historical. Assigned record listening, examination of variant scores, and classroom performance of musical selections. Each student will complete a research project.

417. Organ Pedagogy (2) F—As Needed
A course of instruction for organ majors of advanced standing, considering the methods and materials for teaching organ.

418. Organ Literature (2) S—As Needed
Instruction for organ majors of advanced standing, considering the literature for the organ.

419. Vocal Pedagogy (2) F—As Needed
Concepts in the teaching of applied voice with emphasis on the beginning student.

423. 20th Century Literature (3) As Needed
Prerequisite: MUS 211-2 or consent of instructor.
A study of music of the 20th century from Impressionism to the present. All media of performance will be investigated.

424. Church Music Education (2) S—Odd Years
Organizing and leading comprehensive church music ministry. Topics: preschool/children's choir organization and leadership, instrumental ministry, scheduling, promotion, and integrating the ministry with other Christian education programs in church.

430. Advanced Choral Techniques (2) F
Prerequisite: MUS 312.
Advanced studies in choral conducting techniques including methods for addressing vocal techniques, diction, blend, balance, intonation, choral musicianship, and solving technical problems in the context of the choral rehearsal. Includes significant studies in vocal pedagogy, score analysis, and conducting of rehearsals.

440. Advanced Instrumental Techniques (2) F
Advanced studies in instrumental conducting, including methods for addressing complex musical problems in the context of rehearsal. Includes extensive score analysis, rehearsals, methods and materials, supervision of ensembles, selection and maintenance of instruments, class organization, scheduling, courses of study, and preparation for public performances, contests, and festivals.

490. Theory/Literature Senior Project (2) F, S
The senior project will consist of either a publicly performed, original composition, 20-30 minutes in length, or a research paper that treats a single historical or analytical problem in a comprehensive manner. The composition or paper will be evaluated at the end of the senior year by a faculty committee of three members.

179-279-379-479. External Domestic Study Programs (1-3) As Needed
All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)
All courses and their applications must be defined and approved prior to travel.

195-6-7. Special Studies (1-4)
295-6-7. Special Studies (1-4)
Lower-level group studies which do not appear in the regular departmental offerings.

395-6-7. Special Studies (1-4)
Upper-level group studies which do not appear in the regular departmental offerings.

495-6-7. Independent Study (1-4)
Individual research under the guidance of a faculty member(s).

498-9. Seminar (1-3)
To be used at the discretion of the department.

Applied Music

Individual applied music study is offered F, W, S, Su unless otherwise indicated and in all the areas listed below:

Bassoon	Oboe	Strings
Clarinet	Organ	Trombone or Euphonium
Flute	Percussion	Trumpet or Cornet
Guitar	Piano	Tuba
Horn	Saxophone	Voice

000. Recital Attendance
A pass/fail, non-credit course required of all music majors and minors.

121-2, 221-2. Class Piano (1) F, S Sequence
For the non-keyboard music majors to provide functional skills, including harmonizing, transposing, accompanying, improvising, playing by ear, and score reading. The course is organized on the premise that the first needs of the students are to learn to read fluently in all keys and to develop quickly a technical facility that allows them to play easily and musically. To be taken concurrently with MUS 111-2, 211-2.

131. Class Voice (1) S
A course designed for music majors whose applied area is other than voice. Fundamentals of diction and vocal production will be stressed.

136. Beginning Guitar Class (1) F

Small group instruction for the beginning guitarist. Music reading skills are not required. Topics: chording, basic picking patterns, basic chord reading skills. Not applicable to MUS major/minor.

213. Class Piano (1) Pass/Fail F

Course content is the same as MUS 214, but offered on a pass/fail basis.

214. Graded Class Piano (1) F

For non-music majors with little or no piano background. Emphasis on reading skills and basic technique needed for church, classroom, and personal enjoyment.

325. Class Piano (1) W

For keyboard majors only to develop functional skills: sight-reading, harmonizing, transposing, accompanying, and improvising. Meets twice weekly.

001I, 001K, 001V. Non-Credit Applied Music

Individual applied lessons for students who do not need or desire university credit. For billing purposes this will be treated as a 1-credit course be repeated.

001I—brass, woodwind, strings, percussion or guitar

001K—piano or organ

001V—voice

129I-429I, 129K-429K, 129V-429V. Applied Music for Elective (1-2)

Individual applied instruction for the elective student and music major/minors in a performing area outside their principal area. Music minors may register at 300 level in their principal area after completing 4 hours of 150, 250. Permission of instructor required.

129I, 229I, 329I, 429I—brass, woodwind, strings, percussion or guitar

129K, 229K, 329K, 429K—piano or organ

129V, 229V, 329V, 429V—voice

MUS 150I-450I, 150K-450K, 150V-450V. Applied Music (1-3)

Individual applied lessons for students who have been admitted to a music major or minor program in their principal area. Requires a board examination or juried recital performance. Permission required to enroll for 3 hours.

150I, 250I, 350I 450I—brass, woodwind, strings, percussion or guitar

150K, 250K, 350K, 450K—piano or organ

150V, 250V, 350V, 450V—voice

MUS 160I, 160K, 160V. Applied Music for Pass/Fail (1)

Individual applied instruction offered on a pass/fail basis. May be taken for a maximum of 2 semesters.

160I, 260I, 360I, 450I—brass, woodwind, strings, percussion or guitar

160K, 260K, 360K, 460K—piano or organ

160V, 260V, 360V, 460V—voice

399. Recital (1)

Corequisite: MUS 350.

Public performance in recital approximately one-half hour in length. Prerequisite: Junior standing in applied music.

450C. Composition (1-2) F, S

Compositional study in small forms.

499. Recital (1)

Corequisite: MUS 450

Public performance in recital approximately one hour in length. Due to student teaching requirements the senior recital of students in the Music Education (Choral) program may be altered as to length and date at the discretion of the applied teacher.

Ensembles

All are offered F, S unless otherwise indicated.

100, 200, 300, 400. Jazz Band (1)

Admission by audition due to restricted instrumentation. Various phases of organization, techniques, literature, interpretation involved in professional demands on modern jazz artists. Performances include on and off campus activities. Meets once each week for two-hour rehearsal.

108, 208, 308, 408. Choral Union (1)

Choral ensemble open to university students, faculty, and staff and to community singers. This ensemble performs extended choral masterworks in at least one concert each semester and on occasion for the University Chapel and services of area churches.

135, 235, 335, 435. Symphonic Band (1)

A large traditional Symphonic Band open to all Union students. The band literature is chosen to represent the various historical and musical styles of excellent wind literature. Concerts are performed each semester. Rehearses three times a week.

155, 255, 355, 455. Chamber Ensembles (1)

Performance of literature for various combinations of voices and/or instruments composed specifically for smaller groups. Meets twice each week.

165, 265, 365, 465. Union University Handbell Choir (1)

Admission by audition. The choir will ring literature for 3-5 octaves of English handbells, using various ringing and damping techniques and special effects. The Choir will perform in churches, schools, and on campus. Rehearsals are held 3 times weekly.

181, 281, 381, 481. Piano Ensembles (1)

Small piano groups organized for instruction in playing music for more than one piano as well as for playing piano duets and trios. Meets twice weekly.

191, 291, 391, 491. Union University Singers (1)

Prerequisite: MUS 108 (2 hours) and successful audition.
Corequisite: MUS 208, 308, or 408 as appropriate to the student's level.

This ensemble performs unaccompanied and accompanied choral literature drawn from various periods, styles, and cultural bodies of repertoire. Singers present performances as part of a spring tour of churches and schools, occasional performances in local venues, and with the Jackson Symphony Orchestra.

230. Accompanying (1) S

Accompanying art song, operatic and oratorio selections, and various instrumental works.

320, 420. Opera Workshop (1) F

Performance of opera scenes and arias or of full operas. Materials for performance will be chosen according to the skills and abilities of those in the course.

DEPARTMENT OF PHYSICS

COLLEGE OF ARTS AND SCIENCES

Faculty

William Nettles (2006). Professor of Physics and Acting Chair. B.S., Mississippi College; M.S., and Ph.D., Vanderbilt University

David A. Ward (1992, 1999). Professor of Physics, B.S. and M.A., University of South Florida; Ph.D., North Carolina State University.

Curriculum

The programs in physics at Union University seek to effectively serve all students within the institution, recognizing that each student's needs may be different, with different career goals. The curriculum is designed to provide basic content for students classified as physics majors/minors, non-science majors, engineers, pre-professionals, and those preparing for a teaching career in secondary school. The physics faculty seek to help students understand the physical world (the universe) by examining the laws which govern all things, the methods by which the cosmos can be studied, and physics' relationships to other aspects of human experience. The faculty endeavor to create an atmosphere in which students are challenged to acquire problem-solving skills using advanced mathematics and modern methods in science. Students are encouraged to develop in-depth analytical skills and an inquiring attitude toward scientific inquiry while maintaining a Christian worldview. The physics curriculum provides the liberal arts students with a working knowledge of science and meets the needs of students who wish to:

- pursue a teaching career in elementary or secondary school;
- enter engineering, one of the health professions, or an allied health field;
- become a professional/industrial physicist; or
- continue study of physics or a related field at the graduate level.

I. Major in Physics—38 semester hours

- A. Physics 231-232, 311, 430, 424-5, 498
- B. Select 18 hours from: PHY 262, 313, 314, 325, 360, 395*, 400, 416, 420, 495
- C. Prerequisites in Math: 211, 212, 213, 314
*Must be approved Special Studies

II. Major in Engineering Physics—73 semester hours

- A. Prerequisites: CHE 111, 113; CSC 115; CSC 245 or 255; ECF 211; MAT 211, 212, 213, 314; MAT 315 or 208
- B. PHY 231, 232, 311, 313, 314, 325, 400—26 hours

- C. EGR 101, 105, 210, 250, 270, 275, 290, 343, 352; 420 or 450; 205 or 470; 491, 498—40 hours
- D. EGR/PHY 262 and EGR/PHY 360—7 hours

III. Major in Physical Science—48 hours

- A. CHE 111, 112, 113, 211, 221—15 hours
- B. PHY 112, 231-32, 311, 310 or 301—22 hours
- C. Upper Level Electives from CHE & PHY—7 hours; maximum 1 hour from 424 and 1 from 498

IV. Minor in Physics—24 semester hours

- Physics 231-232, 311, + 10 hours of Physics electives except PHY 111, 112, 301, 310

V. Teacher Licensure in Physics (Grades 7-12)

- A. Complete the requirements shown above for the Physics major.
- B. Professional Education: EDU 150, 250, 326, 418, 433, PSY 213, 318, SE 225.
- C. Complete the applicable portions of the Praxis II.
- D. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

Assessment of Major

All Physics majors are required to take a research class, PHY 424, and a seminar class, PHY 498, in which presentations are made and students are questioned orally. Seniors must also take the Major Field Examination in physics and if seeking teacher licensure, complete the required education tests such as PRAXIS.

Student Organizations

The **Society of Physics Students (SPS)** stimulates an awareness of physics and the related sciences, and acquaints students with professional opportunities within the discipline. The organization promotes professionalism and pride in the physical sciences and assists students in studying, preparing, and presenting technical material. Membership is open to any student interested in physics.

Student Awards

The **Physics Research Award** is given by the faculty of the Department of Physics to the student who presents the best research paper of the year. The research must have been an original work and must be presented at a state, regional, or national professional meeting prior to the graduation.

The **Freshman Physics Award** is given to the freshman student completing PHY 231-232 who has shown outstanding scholastic achievement, Christian service, and school spirit.

Course Offerings in Physics (PHY)

() Hours Credit; F-Fall; W-Winter; S-Spring; Su-Summer

111. Principles of the Physical Sciences (4) F, W, S, Su
Introduction to physics and chemistry for non-science majors including their historical, philosophical, and social significance. Exercises are indicative of various scientific methods. Knowledge of basic algebra is assumed. Science credit will not be given after completion of a course in either CHE or PHY. Three lectures, one 2-hour laboratory/week.

112. Earth and Space Science (4) F, W, Su
Prerequisite: PHY 111 or 213 or 231. Reciprocal credit: GEO 112.

Earth science and astronomy: their nature, history, divisions, and relation to other sciences. The physical laws of nature will be examined as they apply to physical geography, meteorology, and astronomy. Three lectures, one 2-hour laboratory/week.

213-4. Introduction to Physics (4) 213—F—Odd, 214—S—Even

Prerequisite: MAT 111& 112, or 116.

The first semester involves the study of classical mechanics, wave motion, fluid flow, sound, temperature, and heat. The second involves the study of electricity, magnetism, light, optics, and modern physics. Three lectures, one 3-hour laboratory/week.

231-2. University Physics I, II with Calculus (5) 231—F, 232—S

Prerequisite to 231: MAT 211. Pre- or Corequisite to 232: MAT 212.

The first semester involves the study of classical mechanics, wave motion, fluid flow and sound. The second involves the study of temperature and heat, electricity, magnetism, light and optics. Four lectures, one laboratory/week.

262. Electrical and Electronic Circuits (4) S—Odd Years
Prerequisite: PHY 232 and MAT 212. Reciprocal credit: EGR 262. See EGR 262 for description.

301. Perspectives in Science (4) F, W

Prerequisite: PHY 111-2. Reciprocal credit: CHE 301.

The study of science from a historical and philosophical perspective in an interdisciplinary manner, exploring the complementarity of physical and biological sciences, while addressing relationships to other disciplines such as art, religion, and politics. Examines the role of science in global issues and life issues. Three lecture, 2 lab hours/week.

310. Energy, Environment, and Society (4) W, S
Prerequisite: PHY 111.

A non-technical course for the general student presenting a broad view of energy and its relationship to man and the environment. Topics: past and future demands, energy sources, storage and transportation of energy, environmental considerations, conservation, politics, economics, and national policy. Three lectures, 3 lab hours/week.

311. University Physics: Modern Physics (4) F—Even Years

Prerequisite: MAT 212 & PHY 232.

An introduction to special relativity, quantum mechanics, atomic, and nuclear physics. The laboratory involves investigations in radioactivity, as well as performing some of the classic experiments of modern physics. Three lectures, one 3-hour lab/week.

313. Intermediate Mechanics (3) F—Even Years

Prerequisite: PHY 232 & MAT 212.

Introduction to rectilinear and curvilinear dynamics of particles and rigid bodies; both Lagrangian and Hamiltonian formulations of mechanics will be developed and applied.

314. Intermediate Electricity and Magnetism (3) S—Odd Years

Prerequisites: MAT 212 & PHY 232.

Electric and magnetic fields both in media and a vacuum. Maxwell's equations are used to determine electromagnetic fields produced by a variety of charge and current distributions.

325. Thermodynamics & Statistical Mechanics (3) F—Even Years

Prerequisites: MAT 212 & PHY 232.

An intermediate survey of heat and thermodynamics including the concepts of temperature and heat, the laws of thermodynamics, thermodynamics potentials, the Maxwell relations and statistical methods applied to the thermodynamics of various states of matter, including gases, liquids, and quantum fluids.

360. Mathematical Methods in Physics (3) S—Odd Years

Prerequisites: MAT 213, PHY 232.

Special differential equations, complex number analysis, linear algebra, group theory and Fourier analysis applied to advanced topics in physics.

400. Optics and Lasers (3) S—Odd Years

Prerequisites: MAT 213, PHY 232.

Analyzes the behavior of electromagnetic radiation, emphasizing geometrical optics and instrumentation. The role of optics in spectroscopic measurements will be highlighted by discussing polarization and diffraction. Includes an introduction to laser physics and operations using systems, including excimer and neodymium-YAG lasers.

416. Physical Principles of Solid State Devices (3) S

Prerequisites: PHY 262 and 311. Reciprocal credit: EGR 416. See EGR 416 for description.

420. Quantum Mechanics (3) S—Even Years

Prerequisites: PHY 311 & MAT 314.

Fundamental principles of quantum mechanics, methods of calculation, and solutions to Schrodinger's equation. Applications to atomic, molecular, and nuclear physics with an introduction to operator notation. Three lecture hours/week.

424-425. Physics Research (1-3) F, S

Prerequisite: PHY 311.

Application of a simple piece of original work to include a literature search and summary paper on a topic of current interest in physics. Under faculty supervision, this work may be done off site at a national laboratory or comparable research facility.

430. Experimental Physics Laboratory (3) F—Even Years

Prerequisites: PHY 311 & MAT 213.

Modern experimentation, research, data acquisition and analysis. The theory, practice and reporting of research in a scientific format are demonstrated through experiments in atomic, nuclear, solid state, thermodynamics, and optics. One lecture, 4 lab hours/week.

498. Seminar (1-3) S

Prerequisite: 20 hours of physics and junior/senior standing.

Skills in scientific and technical presentations, written and oral, will be polished. To be used at the discretion of the department for majors/minors only.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4) As Needed

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4) On Demand**295-6-7. Special Studies (1-4) On Demand**

Lower-level group studies which do not appear in the regular departmental offerings.

395-6-7. Special Studies (1-4) On Demand

Upper-level group studies which do not appear in the regular departmental offerings.

495-6-7. Independent Study (1-4) On Demand

Individual study under the guidance of a faculty member(s).

498-9. Seminar (1-3) As Needed

To be used at the discretion of the department.

DEPARTMENT OF POLITICAL SCIENCE

COLLEGE OF ARTS AND SCIENCES

Faculty

Sean Evans (2000). Associate Professor of Political Science and Department Chair. B.A., David Lipscomb University; M.A., University of Alabama; Ph.D., University of Colorado.

Kevin J. Cooney (2004). Associate Professor of Political Science. B.A., Oral Roberts University; M.A., Lancaster University, England; Ph.D., Arizona State University.

Micah Watson (2007). Assistant Professor of Political Science and Director, Center for Religion and Politics. B.A., University of California at Davis; M.A., Baylor University; Ph.D., Princeton University.

Mission Statement

The Department of Political Science seeks to create active, informed citizens and leaders who use their analytical, research, and communication skills to improve their community.

Curriculum

Called the "queen of the sciences" by Aristotle because of its impact on law, society, philosophy, ethics, economics, and religion, political science is more than the study of government, political attitudes and behavior, and public policy. It is the study of people, their motives, their values, their relations with others, and the best way for individuals and groups to achieve their goals while improving society. Moreover, as Christians, the study of politics increases our understanding of God by learning how He wants us to live with others and how our faith leads us to be good stewards of our local, national, and global community.

Consequently, the Department seeks to (1) create an active, informed citizenry capable of influencing government; (2) prepare students for a changing world by developing and refining their analytical, communication, and research skills; (3) foster the understanding of the role of Christians in the public square and the most effective means to renew society; (4) prepare students for graduate and professional opportunities in politics, law, public service in the U.S. and abroad, business, teaching, and other endeavors; and (5) develop students who can be leaders in political, social, and religious institutions.

To this end, the Department offers a broad range of courses that focus on how individuals and groups interact with governmental and global systems while preparing students to exercise leadership in our changing domestic and global worlds. Each student begins by orienting themselves to the discipline by taking classes in each of the subfields of political science (American Politics, Comparative Politics, International Relations, Political Theory, and Research Methods). Then students take courses in both American and Global politics courses to ensure a balance in their studies while having additional

hours to pursue their specific interests. Moreover, the Department encourages both practical and theoretical learning through internships and study abroad experiences which provide a broader understanding of other cultures and worldviews. Finally, the capstone experience provides students the opportunity to synthesize their knowledge in writing their senior thesis.

I. Political Science Major Requirements—42 hours

- A. Required: PSC 111, 211, 214, 245, 322, 323, 332, 498.
- B. Upper-level American Politics—3 hours
- C. Upper-level International Relations/Comparative Politics—3 hours
- D. Select one concentration and a total of no less than 12 hours
 1. American: Select 9-12 hours from Upper-level American Political Politics courses
 2. International Relations: Select 9-12 hours from Upper-level IR and Comparative Politics courses.
 3. Political Theory: Select 9-12 hours from Upper-level Political Theory courses.
 4. General: Select 12 hours from 2 of concentrations (1., 2., or 3. above)

II. Teacher Licensure for Government (Grades 7-12)

- A. Major requirements for PSC as shown above to include 313 and 332.
- B. Additional requirements for licensure: GEO 112; 215 or 216; HIS 211 and 212, 101, 102.
- C. Professional Education: EDU 150, 250, 326, 425, 433; PSY 213, 318; SE 225.
- D. Completion of applicable portions of the Praxis II.
- E. For additional information, see the Assistant Dean for Teacher Education and Accreditation.

III. Political Science Minor—21 hours

- A. Required courses: PSC 111, 211.
- B. PSC Electives including a minimum of 6 upper-level hours—15 hours

IV. Pre-Law Advising Program

Dr. Sean Evans serves as Union University's pre-law advisor. Students planning to attend law school should consult with him for information and assistance.

Assessment of Majors

Political science majors culminate their studies by taking Senior Seminar (PSC 498) in which they will demonstrate the ability to write a quality, in-depth political science research paper using the methods of the discipline. The student will present his/her paper to fellow seminar members and political science faculty. All senior political science majors must take the Major Field Achievement Test in Political Science, a national civics test, and write an essay demonstrating their understanding of the role of religion in the public square.

Student Organizations

Pi Sigma Alpha is the National Honor Society in Political Science. Eligible students are juniors who have completed ten semester hours of work in political science including at least one upper-division course, with an average grade of B or higher in those courses. They must also have achieved an overall GPA placing them in the top one-third of their whole class (i.e., junior or senior class). They need NOT be political science majors or minors to qualify for membership.

The **Political Science Club** exists for the purpose of promoting an interest in politics, policy, and political participation on the part of Union University students. The Political Science club is open to majors, minors, and any Union University community member interested in politics.

The **Union Pre-Law Society** is open to all students regardless of major who are interested in attending law school. The purpose is to promote a greater understanding of law and the legal profession and to prepare students for law school.

Student Awards

Departmental Awards are given to graduating seniors for outstanding work in fulfilling a departmental major or minor.

The **John W. Burgess Award** is granted to a graduating senior for meritorious work in political science.

Political Science Research Awards are presented for the best original research papers presented as part of the requirements for any political science course.

Course Offerings in Political Science (PSC)

() Hours Credit; F–Fall, W–Winter; S–Spring; Su–Summer

111. Introduction to Political Science (3) F

An introduction to the concepts and concerns of political science: the power relationships among men, between men and the state, and among nations.

211. Politics and Government of the United States (3) F, S

A study of the development, structure, and operation of our national government.

214. World Politics (3) S

A study of the basic concepts of international politics, national power, diplomacy and warfare, and other vital interests of nations.

245. Research Methodology (3) S

Research methodologies utilized in political science.

300. Politics and Film (3) As Needed

The impact of film on the politics and thinking of American society towards concepts such as war, peace, race, regions of the world and political ideas.

313. Political Parties in the United States (3) F—Even Years

A study of the nature, development, and functioning of political parties in the United States. Attention is given to leaders, issues, and problems of our party system.

315. History and Government of Tennessee (3) As Needed

Reciprocal Credit: HIS 315. See HIS 315 for course description.

322. Western Political Thought I (3) F

Great political thinkers in the Western tradition from the Greeks to the 17th Century.

323. Western Political Thought II (3) S

Great political thinkers in the Western tradition from the 17th century to the present.

324. Contemporary Global Issues (3) S—Odd Years

Current affairs focusing on events and attitudes within the world community with an assessment of their impact on domestic and foreign policy decisions in the U.S. and abroad.

325. Politics and Governments of Asia (3) S—Odd Years

A study of Asia in modern times with emphasis on China, Japan, and one additional state selected on the basis of political conditions in Asia at the time of the course.

330. Public Administration and Policy Making (3) As Needed

A study of the “fourth branch” of government of the United States with a focus on the development of public policy and its administration. The relationship among the executive, legislative, and judicial branches is also emphasized.

331. Early Christian Political Thought (3) F—Odd Years

Reciprocal credit: CHR 331.

A study of political thought from the beginning of Christianity to the Reformation.

332. Comparative Political Systems (3) F

An analysis of the primary political systems that form the basis of modern nation-states, namely, liberal democratic systems, communist and post-communist systems, and the developing systems of the post-colonial international community. This course does not deal with particular governmental structures.

333. International Organizations and Law (3) F—Odd Years

International organizations, both governmental and non-governmental, as they interact with international community. International law and its development are examined.

335. Modern Christian Political Thought (3) S—Even Years

Reciprocal credit: CHR 332.

A study of the various streams of Christian political thought since the Reformation.

337. American Political Thought (3) S—Odd Years

The study of American political thought from the colonial times to the present.

340. The Judicial Process S—Even Years

The nature of law, the principal actors in the legal system—police, lawyers, and judges—and their roles in the system as well as the ability of courts to make social policy.

342. The United States Congress (3) S—Even Years

The role of Congress in American government, including congressional elections, representation, the organization of Congress, and policy-making and its interaction with others such as the president, interest groups, the media, and political parties.

344. The American Presidency (3) S—Odd Years

A study of the constitutional, institutional and historical development of the presidency with special attention to the selection, roles, and powers of the president and his interaction with other political actors.

347. Ethics and Public Policy (3) S—Odd Years

The application of ethical theories to contemporary political issues.

355. Politics of the Developing States (3) F—Odd Years

Developing states referred to as the Third (Fourth) World, including Bangladesh, most of Africa, and parts of SE Asia, beginning with the end of the colonial period.

360. Politics of Islam (3) S—Even Years

The politics of Islamic beliefs such as traditionalism, reformism, and secularism, and their political influence on governments throughout the Islamic world and their relationship with Israel.

361. Liberalism and Religion (3) Every Third Year

A study of secular theories that examine the role of religion in the public square.

365. International Security (3) Every Third Year

Strategic theory, terrorism, counterterrorism, military intervention, and intelligence in the contemporary world.

400. Democratization and Human Rights (3) F—Even Years

A study of the theoretical underpinnings of democracy and the origins and development of human rights in the world today.

411. American Foreign Policy (3) As Needed

Prerequisite: HIS 211 or 212. Reciprocal credit: HIS 411. See HIS 411 for description.

414. International Relations Theory (3) Every Third Year

Traditional and modern international relations theories such as realism, idealism, and postmodernism.

415. Constitutional Law I (3) F—Odd Years

A study of the constitutional structure of government as developed by the U.S. Supreme Court relating to federalism, the separation of powers, the jurisdiction of the courts, the taxing power, the war power, and the commerce power.

416. Constitutional Law II (3) S—Even Years

A study of the constitutional doctrines relating to civil rights and civil liberties such as First Amendment freedoms, equal protection, privacy, and rights of the accused.

425. Politics and Religion (3) Every Third Year

An examination of the interaction between politics and religion in domestic and international politics.

431. Political Science Internship (repeatable up to 6) As Needed

Individually designed study which permits the upper-level student to learn through participation in actual government settings, either domestic or international. Close consultation with the department in the design of this study will be necessary to conform to University standards regarding internships.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4)

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4) On Demand**295-6-7. Special Studies (1-4) On Demand**

Lower-level group studies which do not appear in the regular departmental offerings.

395-6-7. Special Studies (1-4) On Demand

Upper-level group studies which do not appear in the regular departmental offerings.

495-6-7. Independent Study (1-4) On Demand

Individual research under the guidance of a faculty member(s).

498. Seminar (1-3) As Needed

To be used at the discretion of the department.

499. Seminar in Political Theory (3)

An intensive analysis of more major issues in political theory.

DEPARTMENT OF PSYCHOLOGY

COLLEGE OF ARTS AND SCIENCES

Faculty

Teresa West (1983). Professor of Psychology and Department Chair. B.A., Union University; M.A., Ed.S., and Ed.D., University of Memphis.

Jinni Leigh Blalack (1991). Associate Professor of Psychology. B.S., Union University; M.A., Middle Tennessee State University; additional study, Tennessee State University.

Paul Deschenes (2000). Associate Professor of Psychology and Director of Counseling Services. B.A., University of Florida; Psy.D., Rosemead School of Psychology.

Joanne Stephenson (1988). Professor of Psychology. B.S. and M.S., University of Tennessee at Martin; Ed.D., University of Memphis.

David Vickery (1981). Professor of Psychology. B.A., Wake Forest University; M.A., Appalachian State University; Ph.D., University of Georgia.

Mission Statement

Committed to academic excellence and development of the whole person, the Department of Psychology strives to challenge and support students in developing a better understanding of human relations and individual adjustment by applying concepts to their personal living. Within a Christian context, the psychology major gives students the preparation for graduate study and the foundation for effective interaction with others in a variety of career settings.

Course Offerings in Psychology (PSY)

() Hours Credit; F-Fall; W-Winter; S-Spring; Su-Summer

213. Introduction to Psychology (3) F, W, S, Su

A survey of the various areas included in the field of psychology, using the bio-social and scientific approaches to understanding behavior.

219. Developmental Psychology (3) W, S

Prerequisite: PSY 213.

Human development from the prenatal stage through older adulthood. Emphasis: emotional, social, physical, motor, and psychological development of the individual.

*225. Survey of Exceptionalities (3) F, W, S, Su

See SE 225 for course description.

311. Statistics for the Behavioral Sciences (3) F, S

Prerequisite: PSY 213. Recommended: MAT 114.

Basic statistical measures and concepts necessary to understand psychological literature, with application to the behavioral sciences with emphasis on experimental design.

I. Major in Psychology—30 hours

Psychology 213, 311, 410 and 412 are required of all majors.

II. Minor in Psychology—21 hours

Psychology 213 and 410 are required of all minors.

Assessment of Majors

Psychology Majors are required to take PSY 410 during the Senior year as capstone to the major.

Student Organizations

The **Psychology Club**, open to all students, provides information regarding graduate programs and job opportunities for PSY majors and minors, provides information about and encourages the reading of current writings in the field, encourages association among Psychology students, promotes scholastic achievement, and provides information to students who want to learn more about the major.

Psi Chi is the National Honor Society in Psychology, founded 1929, to encourage, stimulate, and maintain excellence in scholarship, and advance the science of psychology. Membership is open to majors who have completed 3 semesters with 9 PSY hours, a 3.0 CUM GPA and a 3.5 PSY GPA.

Student Award

The **Dr. Bill Bouchillon Psychology Excellence** is given to an outstanding graduating senior with a 3.5 GPA or greater in psychology as selected by the Psychology faculty.

312. Industrial Psychology (3) As Needed

Prerequisite: PSY 213.

An overview of psychology in the work place, relating to motivation, personnel selection and training, leadership styles, and human relations.

313. Adolescent Psychology (3) S

Prerequisite: PSY 213.

A study of the individual during adolescent years with emphasis on the development of self-identity and the problems faced by the American adolescent.

315. History of Psychology (3) As Needed

Prerequisite: PSY 213.

The development of psychology from its early beginnings to the present with emphasis upon the various schools of psychology and contributions of outstanding individuals.

316. Behavioral and Cognitive Theories of Learning (3) F, S

Prerequisite: PSY 213.

Prominent theories of learning in the context in which they were originated, their influence upon contemporary psychological thought, and their present applications.

317. Abnormal Psychology (3) F, S

Prerequisite: PSY 213.

Causes and types of abnormal phenomena, mental hygiene, and therapeutic methods.

318. Psychological Foundations of Education (3) F, S

Prerequisite: PSY 213.

Applying psychological principles to education. Learning, motivation, human growth and development are emphasized.

320. Adult Psychology (3) As Needed

Prerequisite: PSY 213.

Late adolescence through late adulthood using the theoretical framework of the life-span with emphasis on physical, cognitive, social and emotional development.

323. Theories of Personality (3) F

Prerequisite: PSY 213.

An introduction to the various theoretical positions regarding the development of personality placed in a general context of psychological theory and related to the psychological adjustment of the individual.

324. Child Growth and Development (3) F, S

Prerequisite: PSY 213.

Physical, cognitive, social and emotional growth of children from prenatal through adolescence. Emphasis on major theories of development, their significance and issues for teachers and other professionals who work with children.

328. Physiological Psychology (3) S

Prerequisite: PSY 213.

The physiological bases of behavior with emphasis upon the neural substrates and biochemical bases of behavior, the sensory functioning and response capabilities of the organism and the genetic determinants of behavior.

330. Health Psychology (3) S

Stress, its effects and how to deal with it will be studied from a conceptual and application basis. Related topics include smoking, obesity, hypertension, headaches, insomnia, type A behavior, gastrointestinal disorders, cancer, and diabetes.

338. Issues in Psychology and Religion (3) W

Prerequisite: PSY 213.

Explores the relationship between psychology and religion. Topics include guilt, conscience, growth/maturity, the Church and mental health, and Christian counseling.

400. Positive Psychology (3) F, W

Prerequisites: PSY 213 plus 6 additional hours from PSY, SOC, SW.

Explores the theory of Positive Psychology and its principles of learned optimism and authentic mental health.

410. Advanced General Psychology (3) F, S

Prerequisite: 15 hours of PSY.

An extensive and in-depth study of the field emphasizing current research, issues, and methodology. In-depth coverage of the major areas of psychology.

412. Experimental Psychology (3) F, S

Prerequisite: PSY 213.

Theoretical and practical aspects of experimental psychology with emphasis on experimental designs and results, practical applications of theoretical concepts and principles using individual and class projects, research techniques, written reports of projects, and journal readings.

413. Psychological Assessment (3) S

Prerequisite: PSY 213. Suggested: PSY 311 & 317.

Methods of evaluation of individuals, including Exceptionalities, and the nature of administration and interpretation of intelligence, interest, personality, achievement and aptitude tests.

415. Applied Research (3) F

Prerequisite: PSY 311 & 412, Senior PSY major & Instructor Permission.

Hands-on, group research on various topics that include synthesizing findings into a research paper.

417. Field Research Presentation (1) S

Prerequisite: PSY 415 and Instructor Permission

Research presentation experience at a professional conference building on and refining the experiences and findings of PSY 415.

418. Social Psychology (3) F

Prerequisite: PSY 213 & SOC 211. Reciprocal credit: SOC 418.

Factors which underlie the development of social behavior, social aspects of personality development and interaction between the individual and groups.

422. Sport Psychology (3) S

Prerequisite: PSY 213. Reciprocal credit: PEWS 421. See PEWS 421 for description.

425. Introduction to Counseling (3) S

Prerequisite: PSY 213, 317, or consent of the instructor.

An introduction to the field of counseling. Various approaches will be studied, as well as job opportunities and the history of the counseling relationship itself. Supervised practice is a part of the course requirements.

435. Contemporary Issues in the Family (3) W

Reciprocal credit: SOC 435. See SOC 435 for description.

490. Practicum (3) F, W, S, Su

Prerequisites: PSY 213, 317, 12 additional PSY hours, and prior approval.

Field experience in a community agency. A journal and research paper are required. Purchase of professional liability insurance is required.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4) As Needed

DEPARTMENT OF SOCIOLOGY & FAMILY STUDIES

COLLEGE OF ARTS AND SCIENCES

Faculty

Patrick Bamwine (2006) Associate Professor of Sociology. B.S., Houghton College; M.C.J., Tiffin University; M.A. and Ph.D., Ohio State University.

Randall W. Phillips (2004). Director of Research and Associate Professor of Family Studies. B.S., Union University; M.A., Phillips Graduate Institute; Ph.D., Southern Illinois University-Carbondale.

Mission Statement

The mission of the Department is to provide students with a broad background in the study of society and human relationships from a Christian perspective, to enable them to enter graduate programs or entry level positions in their respective discipline.

Curriculum

I. Sociology major—33 semester hours

The courses in Sociology are designed for two types of students: (1) those who desire pre-professional training for sociology or other related fields of human relations, and (2) those who seek to understand underlying principles in human relations, the role of custom and group psychology in collective behavior, the structure of society, the problems of group living, and the tendencies toward the improvement or the disintegration of society. Courses are designed to present both a practical and a scientific analysis of human relationships in the various areas of social life.

- A. SOC 211, 317, 417, 418, 419, 422
- B. SOC Electives: 15 hours.

II. Family Studies major—42 hours

The family, as a basic building block of society, is critical to the functioning of society as a whole. The contribution of the Christian community to the development of leaders in family relations is crucial. The Family Studies major focuses on the development of the individual in the context of family and society. The program is designed to prepare students for (a) professional careers in a variety of human service areas; (b) leadership roles in church, school, and community; (c) personal roles in family living; and (d) graduate education. Graduates with the major meet all requirements for the provisional Certified Family Life Educator (CFLE) designation from the National Council on Family Relations. Graduates who do not pursue graduate study typically find employment as parent educators, child life specialists and program directors in public and private agencies.

- A. Prerequisites: SOC 211, PSY 213, SW 200.
- B. SOC 225, 325, 333, 370, 411, 422, 425; CHR 243; COM 235; ECF 415; PSY 219; SW 335

C. Select 6 total hours from 2 different areas:

- 1. SOC 310, 319, 321, 420
- 2. PSY 313, 324, 418, 425, 435
- 3. PEWS 113, 301

D. Optional experience: study at Focus on the Family Institute may substitute for one or more courses above. See the Department Chair for details.

III. Criminal Justice minor—21 hours

The minor in Criminal Justice is for students with an interest in academic preparation in the fields of criminal justice, including investigation, courts, and corrections. Crime is of major domestic and international concern and efforts to find effective responses to it continue. Since 9/11 terrorists attack on America, Homeland Security has been a burgeoning field. According to the US Department of Labor, public and private security employment is expected to continue to increase. The profession of Criminal Investigation and Forensics is one of the fastest growing vocations in the country. The contribution of the Christian community in the field of Criminal Justice is critical. The field of Criminal Justice is also a mission field that is in need.

A. Required Courses: SOC 211, CRJ/SOC 250, CRJ/SOC 312

B. Select 12 hours from: CRJ/SOC 320; CRJ 315, 325, 330, 335, 410; SOC 411.

IV. Family Studies minor—21 hours

A. SOC 225, 425

B. 15 semester hours from 2 different areas shown in I. B., C., D. of the major.

V. Sociology minor — 21 semester hours

A. SOC 211, 417

B. Fifteen SOC hours, 6 of which must be upper-level.

VI. Human Studies minor — 21 semester hours

The interdisciplinary Human Studies minor is designed to give flexibility to the student interested in education and human studies.

A. Include two of the following: PSY 213, SOC 211, SE 225.

B. Fifteen hours, 9 of which must be upper-level, from EDU, PSY, SE, SOC, SW.

Assessment of Majors

Sociology majors round out their program with SOC 497: Senior Capstone Seminar. Senior Sociology students engage in original research which draws upon theoretical knowledge acquired in SOC 417 and research methodology gained in SOC 422. A major original research and oral presentation are the cumulative outcomes of the Sociology major.

The capstone experience for Family Studies students is found in SOC 411: Internship. In this course students are given the opportunity to apply knowledge from their coursework, clarify their own professional objectives, and gain professional experience in an approved community agency. Family Studies students complete a substantive term paper and senior portfolio in the Internship.

Student Organizations

Pi Gamma Mu, national social science honor society, seeks to improve scholarship in social studies; to inspire service to humanity by an intelligent approach to the solution of social problems; and to engender sympathy towards others with different opinions and institutions. Students who have completed 20 hours of social science with a "B" average or above are eligible for membership.

Sociologists in Motion offers Sociology, Family Studies and Human Studies majors/minors opportunities for fellowship, sociological networking, and to guide individuals in the field; to open the field of Sociology to prospective students; and to demonstrate Christian love through ministry opportunities.

Student Awards

The **Pi Gamma Mu Scholarship Leader Award** is presented to the graduating member of the society with the highest academic average.

See the Department of Mathematics for details.

Assessment of Majors

Proficiency in accounting, economics, finance, management, marketing, quantitative concepts, and their integration will be assessed through the ETS Major Field test. Each student pursuing a BSBA degree will take this test in MGT 445.

Demonstrated ability to assess and analyze data and other pertinent information to identify and resolve managerial problems will be evaluated based on students' successful completion of the capstone course, MGT 445.

Students will communicate effectively, orally and in writing, as demonstrated through successful completion of MGT 310, 312, 435, 445, and 475.

Student Portfolios

Student Portfolios will be required of all McAfee School of Business Administration graduates. Portfolios are collections of the student's work representing the student's activities and performance in the program.

A portfolio may be a folder or electronic collection of a student's work. In the case of large projects, a digital picture representation may be used to display the project. Portfolios can include exams, theses, individual and team projects, papers, practice sets, notes, handouts, research, and publications. It may include narratives of benefits gained in particular classes, and business-related materials that are from outside the class room such as through internships or SIFE projects in which the student participated. It may also contain one or more works-in-progress that illustrate the creation of a product, such as an essay, evolving through various stages of conception, drafting, and revision.

Students will benefit from portfolio construction in several ways. The portfolio will: (1) assist students in preparing for the exit exam (ETS Exam); (2) provide the student with a method of identifying the value gained from various courses; (3) assist students in preparing a resume; and (4) provide a method for students to show their work to potential employers. Portfolios provide the School of Business with an additional method of assessment and evaluation of the student's experience at Union University.

Student Portfolios will be part of the requirements for MGT 445 Business Policy. The Portfolio will be turned in to the business school dean's office by mid-term of the semester that the student takes MGT 445. The Portfolio will be returned to the students before the end of the semester.

Student Organizations

Students In Free Enterprise. SIFE is a team of students teaching the community how market economics and businesses operate. It is a partnership between higher education and business building career connections between college students and the business community. Students must be nominated by a faculty member followed by a personal interview and recommendation of interviewing committee to faculty sponsor.

Phi Beta Lambda. Membership in this national business fraternity is open to those interested in careers in business. Its goals are to promote the free enterprise system, to create a better understanding of the business world, and to explicate the resume writing and interview process through seminars and workshops.

Student Awards

Jeanette Pieron Proctor Aspiring Accountant Award. To be eligible for this award, a student must be a declared accounting major who is in the process of completing

ACC 212 and has an overall GPA of 3.00 or better. The recipient will be selected by the Accounting faculty. The recipient will be required to enroll in ACC 313 when next offered.

Curtiss E. Scott Business Excellence Award. To be eligible for this award, a student must be classified as a senior School of Business Administration student with a GPA of 3.00 or better. The Phi Beta Lambda Business Fraternity nominates three students from eligible candidates. The McAfee School of Business Administration faculty select the final recipient from the nomination list.

COLLEGE OF EDUCATION AND HUMAN STUDIES

Dean

Thomas R. Rosebrough (1996). Dean of the College of Education and Human Studies and University Professor of Education. B.A., M.A., and Ph.D., Ohio State University.

Ann Singleton (1985). Associate Dean of Education and Professor of Special Education. B.S., Union University; M.Ed. and Ed.D., University of Memphis.

Dottie Myatt (1994). Assistant Dean for Teacher Education and Accreditation and Professor of Education. B.S., Lambuth University; M.Ed., Union University; Ed.D., University of Memphis.

The College of Education and Human Studies houses a relatively diverse grouping of academic disciplines, including the School of Education and the Departments of Social Work, Sociology and Family Studies, Psychology, Physical Education-Wellness-Sport and Continuing Studies. The College has eleven undergraduate majors along with the non-traditional degree completion majors administered by the Department of Continuing Studies in conjunction with other university departments. The College also offers five graduate degrees, including the M.A.Ed., M.Ed., Ed.S., Ed.D, and M.S.W. Three of the programs offered in the College are nationally accredited, including Teacher Education (NCATE), Social Work, (CSWE), and Athletic Training (CAAHEP). Graduate programs are offered on the Jackson and Germantown campuses.

Connecting these disciplines is a commitment to the implications and applications of the Great Commandment: *a sincere desire to apply knowledge and improve the lives of people in the name and through the love of Christ.*

Mission Statement

The mission of the College of Education and Human Studies is to prepare students for social service in ways that are reflective, pragmatic and consistent with Christ's teachings, whether it is to teach, to lead, to counsel, to assist, or to rehabilitate.

Mission Statement

The mission of the School of Education is to prepare educators of character and competence who reflect Christ as they serve and lead in their schools and communities.

Curriculum

The School of Education with the approval of the Tennessee State Department of Education offers three majors with licensure in six areas for Union University students seeking a license to teach in the public schools. The majors include: Learning Foundations, Liberal Studies, and Special Education. The Learning Foundations major offers the choice of licensure in Early Childhood Education (PreK-Grade 3) or Elementary Education (Grades K-6) for teaching typically developing students. The Liberal Studies major offers licensure in Middle Grades 4-8 with built-in emphases in Natural and Social Sciences upon which the student may build further or select an additional emphasis in Language Arts or Math. The Special Education major prepares students to teach special needs youth in the areas of Modified Special Education (K-12) and Comprehensive Special Education (K-12). Completion of the major, together with the general education core and a professional education minor, comprise the academic course requirements for a teaching degree at Union University.

TEACHER EDUCATION PROGRAM

COLLEGE OF EDUCATION AND HUMAN STUDIES

Conceptual Framework: A Teacher-Student Dynamic of Sensitivity, Reflection and Faith

Mission Statement

The mission of the Teacher Education Program is to prepare highly effective educators within an environment of sensitivity, reflection, and faith.

Description of the Statement: Effective educators demonstrate knowledge in their respective fields, sensitivity to students' diverse learning needs, reflection in scholarship and inquiry, motivation of their students' becoming life-long learners, and a careful examination of their worldview and integration of the fruit of the Spirit (Galatians 5:22-23).

Goals

On completion of the Teacher Education Program, students will have developed:

1. Understanding of the growth and development of children and adolescents and sensitivity to their diverse learning needs;
2. Academic competence in a broad base of general education and in a major appropriate for the licensure being sought
3. Knowledge of a variety of effective teaching methods and materials which utilize skills that effectively apply content knowledge and knowledge of children and adolescents to the learning environment;
3. Awareness that teachers need continuing professional growth to remain effective and desire to pursue further study;
5. Knowledge of the ethical and professional responsibilities of teachers and an understanding of the teacher's role as a leader in the community;
6. A desire to have a lifestyle that demonstrates Christian values.

Program Leadership

Dottie Myatt (1994). Professor of Education and Assistant Dean for Teacher Education and Accreditation. B.S., Lambuth University; M.Ed., Union University; Ed.D., University of Memphis.

Melessia Mathis (1998). Assistant Professor of Education and Director of Clinical Experiences. B.S., University of Alabama; M.Ed., University of Memphis. Additional study, Cumberland University.

NCATE Accreditation

The Teacher Education Program is accredited by the National Council for Accreditation of Teacher Education (NCATE) 2010 Massachusetts Ave., N.W., Suite 500, Washington, DC 20036; phone 202-466-7496. This accreditation covers initial teacher preparation programs and advanced educator programs.

Profile of the Teacher Education Program

To be licensed to teach in the State of Tennessee, prospective teachers must earn a bachelor's degree with a major in an academic field and meet specific competencies needed in the teaching profession.

Admission To & Continuation In The TEP And Admission To Student Teaching

Admission to the TEP: Undergraduate students must meet the following requirements for admission to the Teacher Education Program:

1. Minimum of 24 semester hours in general education.
2. Minimum GPA of 2.5 in all course work at Union University.
3. Interview with the Teacher Education Screening Committee.
4. Field experience in education at the appropriate grade level; field experience acquired through transfer credit must be verified with a course description or syllabus indicating the total hours completed and the placement.
5. Satisfactory scores on the PPST (Reading=174, Math=173, Writing=173), **or** ACT (Composite of 22e), **or** SAT(R) (Combined score of 1020).
6. Approval of the School of Education.
7. Approval of the Teacher Education Committee.

Application to the TEP. EDU 150, Foundations of American Education, should be taken during the second semester of the freshman year or during the first semester after transfer. The application to the TEP is submitted during this course, and a 20-hour field experience in an approved setting is also completed. By completing the admission process early in the college career, a student is able to take courses that require admission to the TEP when they are offered. A student who has transferred the equivalent of EDU 150 should make application to the TEP immediately upon entrance to Union.

Continuation in the TEP. In order to remain in the TEP following admission, the student must maintain a GPA of 2.5 in all course work, in the major, and in the professional education core. A recommendation from the student's major department is required during the

junior year for continuation in the TEP. Students must successfully complete assessment stages 1 and 2 of the portfolio process.

Admission to student teaching. Students must file an application in order to be admitted to student teaching before the posted deadline during the semester prior to student teaching. Applications are available in the Education Department. Other requirements for student teaching are as follows:

1. Minimum scores on all applicable portions of the Praxis II series.
2. Minimum GPA of 2.5 in all course work.
3. Minimum GPA of 2.75 in the major; some major departments require a higher minimum GPA in the major.
4. Minimum GPA of 2.75 in the professional education core.
5. Portfolio assessment stage 3 must be successfully completed.
6. Completion of the professional education core.
7. Lack no more than one course for completion of the endorsement requirements.
8. Recommendation from the major department.
9. Approval of the Dean of Students.
10. Approval of the Teacher Education Committee.
11. When the student is required to complete student teaching as a part of graduation requirements, the student must have a degree audit no later than the semester prior to student teaching.

While no courses may be taken during the semester of student teaching, student teaching seminars are held on Thursday afternoon from 3:30-5:00, and **attendance is mandatory.**

Application for teacher licensure. Applications for Tennessee teacher licensure are completed during a student teaching seminar and are filed by the licensing officer with the Tennessee State Department of Education when all course work (including student teaching) is completed.

Academic Policies

Minimum GPA requirements. Minimum GPA's are listed above. Following admission to the TEP, if the GPA drops below the minimum, the student is removed from the TEP and may not take any courses that require admission to the TEP. In this case it is strongly recommended that the student repeat courses that caused the GPA to fall below the minimum required. When the GPA is at or above the minimum, the student will be submitted for readmission to the TEP.

Early field experiences. As is required by national standards and by the Tennessee State Department of Education guidelines, early field experiences are a vital part of the TEP at Union. The purpose of these early field experiences is to introduce the prospective teacher to a variety of school settings, learners, and routine activities. The knowledge and skills introduced in course work will be refined in the early field experiences.

Proof of professional liability insurance is required of all students enrolled in courses with field experiences. This expense is the responsibility of the student. Options for this coverage include, but are not limited to, membership in Student Tennessee Education Association, Christian Educators' Association International, or Professional Educators of Tennessee. Liability insurance is also available through Union University. Information about each of these options is available through the Assistant Dean for Teacher Education.

Appeals. The School of Education is charged with the responsibility to follow the established policies for admission to and completion of the TEP. The Teacher Education Committee, which includes representatives of the faculty from across the university, is the TEP coordinating and policy-making body for the unit and is responsible for assuring that the established policies are followed. If the student feels that established policy or practice is not being followed, the Teacher Education Committee should be contacted. The Teacher Education Committee is also the appeals committee for the TEP. All appeals for variance from established policy and practice should be presented in writing to the Dean of the College of Education and Human Studies. The Dean will consider whether the appeal may, within established policy, be granted. If the appeal has been denied by the Dean, the student may choose to direct the appeal to the Teacher Education Committee. The student should contact the chairman of the TEC and present the appeal in writing. After the TEC has considered the appeal, the student will be notified in writing of the committee's determination.

Assessment of student outcomes. Students are required to submit a professional portfolio at 4 stages throughout the program. The portfolio verifies acquisition of knowledge, skills, and dispositions required by institutional, state and national standards. To be admitted to student teaching, students must also acquire passing scores on all applicable portions of the Praxis II as determined by the Tennessee State Department of Education. The Praxis II should be taken at least one semester prior to the beginning of student teaching to assure receipt of passing scores.

Financial Information

In addition to tuition, a fee will be charged all students engaged in enhanced student teaching and extended field experience. This is used to meet part of the expenses of the cooperating teacher stipend and travel expenses incurred by the university supervisor. A materials fee is also charged for student teaching and appropriate courses throughout the curriculum and to cover costs directly related to the course or laboratory. Current materials and experience fees are indicated in the "Financial Information" section of the *Catalogue*.

Programs of Study in Teacher Education

Students seeking licensure in secondary areas must complete the major in the endorsement area and the **Secondary Professional Education** consisting of EDU 150, 250, 326, Secondary methods course within the content area, 433 or 435; PSY 213, 318; SE/PSY 225.

Mission Statement

The Department of Physical Education, Wellness, and Sport hopes to instill in its student majors a lifetime desire to help others gain in total health through the medium of human movement. Curriculum is designed accordingly.

For the entire student body, our task is to introduce them to knowledge and skills in order to develop a healthy lifestyle for optimum living.

Curriculum

The Department believes physical education to be that part of the total educational program which adds its unique contribution through the medium of activity or movement. The Department emphasizes the acquisition

of motor skills as of value for lifetime physical recreation activities, the development of socially desirable habits and attitudes, and knowledge, which contribute to the overall aims of education.

Aims of the Department are: to develop physical skills for lifetime use; to develop scientific knowledge and attitudes for optimum development of health through fitness; to cultivate socially desirable characteristics; to offer wholesome recreation; to develop ideals; to prepare teacher coaches, physical educators, athletic trainers, and sport managers for many career channels; and to develop the total person through physical activity.

More specifically, the Department has as its center the philosophy to develop a greater quality of life for all people. To ensure this, the faculty stress leadership and communication through each program affected. Growth and development of the individual as exposed to activity should occur. Another significant aspect of education enveloped by the department is meaningful use of leisure under the concept of wellness. Prescription programs are emphasized in exercise/wellness. Education of sport management students includes moral and ethical responsibility in the business of sport.

The Athletic Training Education Program at Union University offers to its students an academic environment that fuses the elements of sports medicine and the dynamics of intercollegiate athletics with the values of Christian higher education. The Athletic Training Education Program is accredited by the Commission on Accreditation for Athletic Training Education (CAATE) and consists of a three year, sequential education process that demands didactic and clinical involvement. Upon completion, the student will be eligible for certification, credentialing, and licensure via the National Athletic Trainer's Association Board of Certification Examination and state medical boards that require licensure for certified athletic trainers to meet the standards of state practice or title protection acts.

Knowing education is a continuous process, the program should create and maintain an environment through movement experiences where values clarification and experiential learning occur; leadership develops; a serving attitude, lifestyle, and commitment are fostered; and problem-solving opportunities exist.

The Department offers majors in Physical Education leading to Tennessee Teacher Licensure, Athletic Training, Exercise Science/Wellness under Sports Medicine; and Sport Marketing and Sport Communication under Sport Management. The Physical Education Major requires the completion of the Professional Education Minor as noted below. Athletic Training, Sports Medicine and Sport Management are exempt from the requirement for a minor. The Department, with the Department of Christian Studies, also offers a major in Sport Management with a Sport Ministry Emphasis.

Assessment of Majors

Physical Education majors are required to take a written exit examination the semester prior to or during the semester of graduation. This will consist of an equivalent form exam with questions furnished by all members of the department according to their area of emphasis. The exit exam is a general, broad-based test, covering the major areas of professional preparation and requiring a minimal mastery level of 70% correctness.

Student Organization

Sigma Delta is an academic fraternity that desires to improve scholarship and professional development among physical education students. Membership is open to any student attending Union who is seeking a degree (major or minor) in physical education or related field. To be eligible, a student must have completed at least one semester of college work with a 2.75 overall GPA and 3.25 in physical education.

Student Awards

The **Fred DeLay Memorial Award**, established by the late Mr. DeLay in memory of his father, is presented to the honor athlete of the Senior Class. The recipient must be, in addition to being the outstanding athlete, a person of high academic standing, unquestionable loyalty, and good character. Athletic Training Major and Program

Mission Statement

The mission of Union's Athletic Training Education Program is to challenge its students to become highly effective allied health care professionals and leaders in the Christian community, incorporating both professional and spiritual growth in their life plans. Union incorporates into the foundation of education the equally important components of being *Christ centered, people focused, excellence driven and future directed*. The Union University athletic training student will study in a Christ centered atmosphere that challenges students to develop spiritually and intellectually so they can serve professionally in their community as Certified Athletic Trainers and become spiritual leaders in the church. Union University's athletic training students are exposed to a dynamic scholastic environment that fuses the medical sciences with Christian faith, ethics and accountability in a variety of clinical settings including intercollegiate athletics, high school athletics, orthopaedic and general medicine venues, and other allied health care communities.

Curriculum

Accreditation

The Athletic Training Program of Union University is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).

Mission Statement

Social Work is about helping people—children, families, older adults, and whole communities. The social work program prepares students for entry level professional positions in a diversity of public and private settings, including child advocacy and welfare, children and youth counseling, school social work, medical social work, church social work, missions, foster care and adoptions, geriatric social work, and mental health. The program prepares students to empower people, particularly those who are vulnerable, to achieve a better “fit” with their world and to help the world to be more responsive to the needs of people. The program emphasizes the importance of a liberal arts foundation and of Christian and social work values that promote social and economic justice.

The major also emphasizes preparation for graduate study. Graduates from the BSW program are eligible to apply for advanced standing in graduate programs leading to a master’s in social work degree, MSW.

Curriculum

A student majoring in Social Work will receive the Bachelor of Social Work degree. The student must take the General Core requirements and B.S.W. specific requirements as outlined below:

General Core Requirements

As required by the university but to require inclusion of PSY 213 (prerequisite) and recommendation of BIO 121 from Science group A and MAT 114 for the Mathematics requirements. Social Work majors are exempt from the COM 112 or 235 requirement; those skills are covered in the major.

B.S.W. Specific Core (18 hours)

SOC 211, Language (3 hours), Language or Culture (3 hours, see ICS Major), 9 hours of advisor-approved electives from at least 2 disciplines outside Social Work. For the student seeking the B.S.W. as a 2nd bachelors, the following are considered prerequisites from the core: PSY 213, SOC 211, Language (3 hours) and Language or Culture (3 hours).

I. Social Work Major—51 hours

A. SW 200, 300, 301, 305, 310, 335, 421—do not require admission to the program

B. SW 315, 400, 401, 402, 423, 490—require admission to the program

C. SW Elective—6 hours

II. Licensure as a School Social Worker

A. Complete major and core requirements as detailed above

B. SW 340 and complete SW 490 in a school setting.

III. Tennessee Public Child Welfare Certification

A. Complete major and core requirements as detailed above

B. Complete SW 338 and 348

C. Complete SW 490 with the TN Department of Children's Services

IV. The Bachelor of Social Work is also available as an Adult Studies Program

See the Department of Continuing Studies for details.

Admission Requirements to the Social Work Program

A student may declare a major in Social Work upon admission to the university. Prior to the junior year, the student makes an application for entry into the program. The following are requirements for admission to the program in the sophomore year:

- Complete an application form.
- One faculty reference, one personal reference.
- Have at least 2.25 CUM GPA.
- Complete SW 200 and 310 with at least a grade of “C.” These may be taken in the first semester after admission to the program, though it is advisable to complete them prior to program admission.
- Complete the General and B.S.W. Specific Core preferably prior to program admission.
- Complete an interview with the Social Work Program Admissions Committee. Knowingly making a false oral or written statement during the

admission process can result in denial of admission to the program. The Social Work Program Admissions Committee may require outside evaluations, assessments, and/or opinions of professionals as is deemed necessary.

- Possess these personal qualities: Self-awareness, empathy, objectivity, appreciation of diversity, professional commitment, and a liberal arts base of knowledge.
- Sign a statement indicating that he/she has read and will follow the Code of Ethics of the National Association of Social Workers.

Assessment of Majors

Students must complete SW 490 with a minimum of 424 clock hours in an approved social service agency during Spring of their senior year. Students must have a minimum 2.5 SW GPA to enroll in SW 490 and 423. For graduation, SW 490 must be completed with a passing grade and 423 with a B or higher. SW 423 helps the student integrate and evaluate all the knowledge, values and skills covered in previous coursework.

Senior SW majors must complete a senior capstone portfolio containing personal assessment statements and examples of work completed in the program.

Seniors will take the Area Concentration Achievement Test in Social Work (ACAT) in SW 490. Examination results are used to compare performance with national norms and to assess strengths and weaknesses in the program.

General Information

The Social Work Program is accredited by the Council on Social Work Education, 1725 Duke Street, Suite 500, Alexandria, VA 22314-3457.

The Director of the Social Work Program is responsible for overall administration of the Program. The director is available during office hours to answer questions regarding the program, employment opportunities, professional associations and licensures, and other questions related to the social work profession.

The Social Work Field Director has primary responsibility for the field education component of the Program including implementation of field processes and procedures and maintaining effective working relationships with sites, field instructors, and students.

Agency Field Instructors supplement the educational program in social work by providing supervision to senior students who are completing 424 hours of field work in an approved agency. These instructors provide on-the-job instruction and supervision, hold weekly conferences with the student, and assist in the evaluation of student performance and learning.

A student who is completing agency field experiences as part of the requirements in social work practice courses will be required to purchase Professional Liability Insurance.

The annual fee, approximately \$25.00, will be charged to the student's account during the semester in which he/she is registered for these courses.

The *Social Work Program Student Handbook*, available in the office of the Director, describes all aspects of the program including an introduction to the profession, Union's program objectives and goals, curriculum, admission and termination/probation policies, transfer policies specific to CSWE accredited and non-accredited schools, grievance procedures, student organizations, and student rights and responsibilities. The Handbook details, in full, the circumstances under which the student may be placed on probation or terminated from the program, if, in the professional judgment of the Social Work faculty, violations of professional or ethical codes have occurred or in the event of unacceptable academic achievement.

Social Work Agency Agreements

All social work majors are required to obtain professional social work field experience in a local community agency. Numerous local social service agencies provide the setting for this practicum. The *Social Work Field Placement Manual* clarifies expectations regarding this experience and identifies the cooperating agencies. It may be obtained from the Social Work faculty.

Student Organizations

The student organization, **Social Work Reaches Out**, is for majors in social work and those interested in social work. The organization assists in developing professional social work identity and provides an opportunity to be involved in volunteer community social service. Service opportunities include child mentoring and advocacy, nursing home activities, community organizing, and resource development. The organization gives students regular opportunity to interact with others having similar interests.

Phi Alpha, National Honor Society for Social Work Students, Eta Phi Chapter, fosters high standards of education for social workers and invites into membership those who have attained excellence in scholarship and achievement in social work. Social Work majors with an overall GPA of 3.4 and a GPA of 3.7 in social work courses may be considered for membership. Students become eligible to be invited for membership at the end of their Junior year in the Social Work Program.

Student Awards

Outstanding Social Work Graduate. This award is given to the graduating senior with high academic achievement, outstanding performances in Field Practicum, and faculty and peer recommendation.

Phoenix Award. This award is given to the student who has demonstrated excellence in scholarship, skill in practice, and strength in adversity.

ADULT STUDIES

BACHELOR OF SCIENCE IN ORGANIZATIONAL LEADERSHIP

Mission Statement

The Department seeks to serve the social and economic needs of the West Tennessee community in the context of the university's goals of being excellence-driven, people-focused, Christ-centered, and future-directed. It is the administrative unit for a multidisciplinary, university-wide effort aimed at stimulation of a variety of thriving adult programs of high quality. The Department serves all undergraduate non-traditional adult students in degree-completion programs, undergraduate and graduate certificate programs, and continuing education initiatives at the university except those of the School of Nursing. It focuses, as well, on community continuing education efforts.

The Bachelor of Science in Organizational Leadership for Adult Undergraduate Cohorts, *LAUNCH*, is a degree completion program designed to meet the needs of working adults. The program allows the completion of the Bachelor of Science in Organizational Leadership, BSOL, degree in as little as 18 months. The program is for adults with 2 or more years of college credit and at least 2 years of relevant work experience. Each student becomes a member of a cohort that remains together for the 16 courses of the major. The BSOL is designed to enable adult students to become more effective managers and leaders. The mission of the *LAUNCH* program is to deliver contemporary business education within a Christian context for adult learners.

The BSOL major may be completed with either of four emphases: General, Health Management, Church Leadership, or Project Management. On occasion, the BSOL major may be modified for a cohort to focus on a particular profession or field of interest. Check with the Continuing Studies Office for details.

For additional information, including direct contact information to program personnel, please check www.uu.edu/academics/adultstudies/bsol.

Program Admission

In addition to university admission requirements the BSOL applicant must provide official transcripts documenting completion of a minimum of 60 semester hours of acceptable college credit including ENG 111 and 18 additional hours applicable to the General Core. All coursework attempted must document a CUM GPA of 2.0 or higher. The applicant must be at least 24 years of age and provide documentation of at least two years of relevant work experience.

Program Specific Policies

Pre-BSOL Program Admission allows transfer students who have not met Program Admission Requirements to take General Core and Electives by meeting only University Admission requirements. Courses will be offered in the evenings in both full semester and accelerated formats.

Credit for Prior Learning, CPL, may be awarded for experiential learning using portfolio-style documentation

of learning. Students must be fully accepted and registered in the BSOL Program before submitting the portfolio. A maximum of 15 hours may be awarded towards the BSOL through CPL. Check with the CPL Director for application and full details.

Union University participates in several credit by examination programs following the guidelines of the American Council on Education, ACE. A maximum of 32 semester hours of credit by examination, including the maximum of 15 CPL hours, may be applied toward the BSOL degree. See the "Admissions" section of the *Catalogue* for additional information.

Union University awards credit for non-collegiate sponsored education in accordance with ACE guidelines. Transcription of this credit is available to matriculated students. It includes credit for learning experiences in all branches of the military and through participating industry education programs.

Degree Requirements

I. General Education Requirements

- A. General Core and transfer policies specific to Adult Studies Programs are detailed in the "Adult Studies" section of the *Catalogue*.
- B. Must include MAT 111 or higher

II. BSOL Major Requirements—40 hours

- A. BSOL Core: BSOL 401, 413, 418, 435, 448, and 451—15 hours
- B. Emphasis, select one:
 1. General: BSOL 339, 355, 402, 410, 415, 421, 425, 432, 455—25 hours
 2. Health Management: BSOL 323, 325, 341, 356, 403, 410, 421, 432, 456—25 hours
 3. Church Leadership: BSOL 336, 402, 410, 415, 420, 428, 432, 443, 457—25 hours
 4. Project Management: BSOL 330, 339, 402, 415, 425, 430, 433, 438, 458—25 hours

III. Electives to meet 128 minimum hours

IV. Minor: No minor is required but may be met according to requirements stated by the department awarding the minor.

Academic Calendars

The academic calendars for the *LAUNCH* cohort groups, the major courses, do not parallel those shown in the *Catalogue*. The *LAUNCH* students will follow the traditional calendars if needing General Core or elective courses. *LAUNCH* calendars, specific to each cohort, are available for the 18-month program as it begins. Due to the accelerated nature of the cohort program, students must spend 4 hours/week outside class in group study at a site approved by the university. The major/cohort calendars of this program are available at www.uu.edu/academics/adultstudies/bsol/.

Assessment of Majors

Students will be tested to determine if program learning outcomes have been met. The ability to analyze data, solve problems, think critically and communicate effectively in

oral and written form will be evaluated in BSOL 418 and the capstone course for each concentration (BSOL 455, 456, 457, 458).

Course Offerings in Organizational Leadership (BSOL)

Curriculum

The programs of the School of Nursing are approved by the Tennessee Board of Nursing and accredited by the Commission on Collegiate Nursing Education. CCNE may be contacted at One Dupont Circle, NW Suite 530, Washington, DC 20036-1120 or 202.887.6791.

The program leads to the Bachelor of Science in Nursing degree (RN to BSN, Basic BSN, Accelerated and 14-month tracks). The RN to BSN track offers a curriculum of study leading to the BSN for registered nurses who have graduated from associate degree or diploma programs. The School of Nursing also offers the Basic BSN track,

a curriculum of study leading to the BSN degree as the first professional degree in nursing, to students who have completed two years of pre-nursing study and to qualified LPNs. The BSN-accelerated track offers a curriculum of intensive study for students who have completed a baccalaureate in another field. The 14-month track offers a curriculum of intensive study for students who have completed 69 credit hours in general education requirements toward a bachelors degree.

The nursing student qualifies as a full participant in the intellectual community of the liberal arts college. Students majoring in nursing share with other students at Union University a basic foundation in the social and physical sciences, as well as in general knowledge. The faculty of the School of Nursing expresses the belief that nursing is a dynamic discipline reflecting change based on an ever-expanding body of knowledge. Through application of principles from the physical and social sciences, nursing is directed toward helping to meet society's health needs. The professional nurse with a BSN degree applies principles from a diverse supporting curriculum to the science of nursing and functions as a care provider, manager, health teacher, advocate, and change agent. In addition to learning alternate ways of organizing and delivering nursing care for hospitalized clients, the BSN student learns to practice in community settings where health promotion and maintenance is the principal concern. All BSN program tracks provide nursing knowledge and clinical experiences which encourage expanded roles, innovation, non-traditional practice opportunities, use of independent nursing judgment in health care planning, and use of the research process and findings. To this end, the BSN student's curriculum provides a professional practice base and preparation for future specialized graduate studies.

Clinical Agencies Agreements for Nursing Students

The School of Nursing maintains a contractual relationship with many clinical and health care agencies throughout West Tennessee. These consist of hospitals, including Jackson-Madison County General Hospital and other regional hospitals, long-term care facilities, public and regional health departments, child-care and developmental facilities, mental health agencies including Western Mental Health Institute, and home health care agencies. Contracts detail responsibility for each party regarding placement, supervision, and evaluation of students while in the clinical agency.

Admission to the Basic BSN Track (Initial R.N. Licensure)

1. Applicants to the School of Nursing (SON) should apply in the Fall or early Spring of their sophomore year in college. A minimum of 65 prescribed semester hours must be completed before enrollment in the first nursing class in the Fall Semester. A minimum of a 2.8 cumulative GPA and a 2.8 science GPA is required for acceptance. Applicants will be required to have a
2. "C" grade or better in all prerequisite natural science, social science, math and English courses (with no more than 7 credit hours accepted below a C grade in other prenursing courses). A transfer student may be allowed to take the religion requirements (6 hours of the 65 prescribed semester hours) after admission to the School of Nursing.
3. A transfer applicant must make a minimum Enhanced ACT composite score of 20.
4. Official transcripts must be submitted to Enrollment Services from all institutions of higher learning. Any applicant with Anatomy and Physiology (A&P) course credit that is more than five years old must either take an NLN A&P Achievement Test and achieve a set passing score or retake the A&P courses for credit.
5. Take the TEAS entrance exam.
6. Fully completed Health History and Physical Examination Form (obtained in the School of Nursing), must be submitted to the School of Nursing office prior to beginning the first semester. This form must include documentation of current immunizations, including the following: tetanus booster within the past 10 years; Hepatitis B vaccination series; MMR; Varicella titer and negative screen for tuberculosis (skin test or chest x-ray) within the past 12 months or documentation of compliance with CDC guidelines for tuberculosis screening. The student must update this information annually. Failure to have current health information on file will result in the student being asked to withdraw from clinical nursing courses. The SON follows guidelines of the Southern Regional Education Board Council on Collegiate Education for Nursing Education.
7. The student must have documentation of a clear criminal background check and a clean urine drug screen, completed before beginning nursing curriculum.
8. An interview with a nursing applicant may be requested. The interview allows the student an opportunity to become acquainted with the School of Nursing and allows the interview committee an opportunity to evaluate the student's potential for nursing education.
9. Each accepted applicant will be notified and given a reasonable length of time to indicate a commitment to attend Union University. The student must submit an acceptance reply accompanied with a \$200.00 non-refundable deposit.
10. The Licensure Application, which is completed prior to graduation, asks the question, "Have you ever been convicted of a violation of the law other than a minor traffic violation?" A reported conviction (and/or any license revocation) does not necessarily mean that the graduate will be denied licensure. Any nursing school applicant who would be affected by this disclosure requirement is recommended to schedule an appointment with the Dean of the School of Nursing for a confidential discussion of the specific situation and concern.
11. Current health care provider CPR certification must be maintained throughout the nursing program of study.

Requirements for Progression in the BSN Program

The student enrolls in the courses in nursing education according to the prescribed sequence. At least a C grade in each clinical nursing course is required for progression in the nursing curriculum. Students who receive a grade of less than C in any clinical course may not proceed to the next clinical course until the failed course has been repeated with a final grade of C or above. Nursing courses may be repeated only once. Permission to progress must be obtained from School of Nursing faculty and will be dependent upon meeting course prerequisites and corequisites. In non-clinical nursing courses, a grade of C or above is required. A student who receives a grade of D or below will be allowed to repeat the non-clinical course the next time it is offered in the scheduled sequence of courses. A student who receives a grade less than C in two nursing courses will not be allowed to progress in the Nursing Program. To progress to the final year of the program, a student must have a minimum GPA of 2.0.

Continuation in the program is also contingent upon compliance with ethical and professional standards of conduct. Students who remove school or hospital property without permission will be subject to immediate disciplinary action. Graduation requirements follow the guidelines of Union University.

Readmission to the BSN Program

A student who wishes to reenter the nursing program should submit a letter to the Dean of the School of Nursing requesting readmission to the School of Nursing well in advance of the semester in which they wish to enroll. Their request for readmission will be considered along with other applicants to the program.

A student who receives a final grade less than C in two Nursing courses will not be readmitted to the Nursing Program but will be advised to seek another major. Withdrawal from a nursing course does not guarantee readmission.

Students readmitted to the program may be asked to repeat courses in which they previously earned a C in consideration of the length of absence or change in curriculum.

Uniforms and Insurance Requirements

Students must purchase appropriate uniforms. The School of Nursing will provide necessary forms for ordering the uniforms.

Students will be charged for the school's group policy liability insurance when participating in a nursing course that requires clinical experience.

Degree Requirements for the Bachelor of Science in Nursing, initial RN licensure tracks:

- A. Non-nursing courses required for both tracks
 1. CLU 111, 112; ENG 111, 112; CHE 105 or 111; PSY 213, 219; PEWS 100; CHR 111, 112; BIO 201 or 211; SOC 211—Curriculum Model Year 1.
 2. ENG 201, 202; BIO 221, 222; HIS 101, 102; MAT (3 hrs.); ART 210; BIO 300; PEWS Activity Elective—Curriculum Model Year 2.
- B. Basic BSN Track
 1. NUR 302, 303, 308, 309, 310, 318, 410, 423, Upper level Elective—Curriculum Model Year 3.
 2. NUR 330, 418, 419, 421, 425, 430, 440, 499—Curriculum Model Year 4.
- C. Licensed Practical Nurse to BSN Track
 1. NUR 322 (Transition course) after successful challenge of NUR 302 & 308 or (if unsuccessful in challenge) enrollment in NUR 302 & 308.

 3. NUR 330, 418*, 419, 421, 425, 430, 440, 499—Curriculum Model Year 4.

*NUR 318 and 418 are available for challenge by testing for the LPN.

Assessment of Majors

Nursing majors are required to take standardized nursing tests at specific points throughout the program of study. As a part of NUR 499, students will take a standardized comprehensive exam to evaluate readiness to take the NCLEX licensure exam. Successful completion of 499 includes scoring at least the current national passing standard. The student will not be able to graduate without successfully meeting the requirements of NUR 499. Student assessments include, but are not limited to, communication skills, therapeutic nursing interventions and critical thinking skills. Basic Nursing students are expected to take the NCLEX-RN after completion of the program of nursing to become registered nurses.

Student Organizations

The **Baptist Student Nursing Fellowship** is open to all nursing and pre-nursing students. It provides Christian fellowship, professional educational programs, and service activities; it encourages nursing practice evolving from a personal commitment to Jesus Christ. Meetings are monthly.

The **National Student Nurses Association (NSNA)** is the largest health professional student organization in the United States and the only one for nursing students. All basic BSN students are encouraged to participate. The organization provides opportunity for contributing to nursing education, to provide programs of professional interest and to aid in the development of the whole person, thereby providing for the highest quality health care. The chapter meets monthly; members may also attend state and national meetings. In addition, RN to BSN students

are strongly encouraged to hold membership in Tennessee Nurses Association (TNA).

Nu Lambda is a chapter of **Sigma Theta Tau International**, the Nursing Honor Society. Its purposes are to recognize superior achievement, to develop leadership qualities, to foster high professional standards, to encourage creative work, and to strengthen commitment to the ideals and purposes of the profession. Membership is by invitation to students who have completed one-half of the upper division nursing curriculum, achieved a 3.0 GPA, and rank in the highest 35 percent of their class. After graduation, students continue their membership in the society as alumni.

Student Awards

The **Fannie J. Watt, R.N., Psychiatric Nursing** is to be presented to the basic nursing student who has demonstrated the greatest potential for effective practice in a psychiatric setting.

The **Fannie J. Watt, R.N., Professional Nursing** is presented to the graduating RN-BSN student at each program site who has shown sensitivity to the psycho-social

needs of patients and has shown potential for making a serious contribution to nursing.

The **Nursing Faculty** is presented to the outstanding graduating student who has demonstrated an above average level of theoretical knowledge in the classroom and a high degree of skill in clinical thus showing promise of achievement in nursing.

The **Terry Robinson Nursing** is presented to the student who has evidenced an extraordinary degree of motivation toward nursing with a quiet, steady and courageous persistence toward their goal.

The **Emily Saffel Nursing** is established in memory of Emily, born with a congenital heart defect resistant to treatment, and surviving 2 1/2 weeks. Her only contact with God's world was the caring voices and touch of her family, doctors, and nurses. This award is to recognize characteristics of the kind of nursing that her family hopes she received during her brief life.

The **Wilson Nursing** was established by Miss Georgia Wilson to be presented to the member of the BSN (basic) graduating class who is deemed by the nursing faculty to have been the most outstanding in clinical nursing.

SCHOOL OF PHARMACY

Dean

Sheila Mitchell (2007). Dean of the School of Pharmacy. B.S. and D.Pharm., University of Tennessee Health Science Center.

George DeMaagd (2008) Associate Dean of Academic Administration and Professor of Pharmacy. B.S., Western Michigan University; D.Pharm., University of Michigan.

Union University's Doctor of Pharmacy program holds "in process" status with the Accreditation Council for Pharmacy Education (ACPE, www.acpe-accredit.org), the national organization that accredits Doctor of Pharmacy programs offered by Colleges and Schools of Pharmacy in the United States and selected non-U.S. sites. Questions about the status of the University's accreditation may be posed to the Dean of the School of Pharmacy's office (731.661.5958) or to ACPE (312.664.3575).

Mission Statement

To promote a Christ-centered environment that focuses on the intellectual, spiritual, and moral development of students in committing themselves to the service and needs of society

To provide academic excellence that instills knowledge of basic biomedical sciences, pharmaceutical sciences, social pharmacy sciences, behavioral pharmacy sciences, administrative pharmacy sciences and clinical sciences

To develop the pharmacy student as a practitioner that is people-focused in providing optimum care to clients based on evidence-based best practice standards

To support an academic environment that fosters the future-directed growth of student educational opportunities as it relates to new educational, practice, and research initiatives.

Admission requirements for the Doctor of Pharmacy and all program policies, requirements and course descriptions are detailed in the Graduate Catalogue. The Graduate Catalogue will be published to the Union University website (www.uu.edu/catalogue/graduate) during Summer 2008.

Union University provides non-traditional programs and services aimed toward the adult student. Each program office provides central service for admissions, registration, academic counseling and a variety of other services. By concentrating these services in one office, Union University hopes to provide better, simpler service to the adult learner.

The School of Nursing offers a program for Registered Nurses to complete the Bachelor of Science in Nursing degree. The School of Nursing also offers an accelerated initial licensure program as a second bachelors degree and degree completion programs for adults seeking the first bachelors. The R.G. Lee Center for Christian Ministry offers two programs in church ministry leading to the Diploma in Christian Ministry and the Associate of Divinity degree. These programs are described in full in their parent departments with the exception of the BSOL which is described in the Department of Continuing Studies.

Admissions Policies

Adult students will normally apply to the University as transfer students from another college or university or as readmitted Union students. Adults who have already taken college courses will apply to Union as transfer students if they have completed more than 24 semester hours of transferable credit. See below for additional details. Otherwise, the applicant must meet freshman admission requirements as detailed in the *Catalogue*, making application to the Office of Admissions. Programs have specific program admission processes and unique requirements for entry.

Transfer Students

The academic status of a transfer student will be based on his/her cumulative GPA of all accredited post-secondary work attempted. The admission file of a student having less than a 2.0 cumulative GPA will be presented to the Undergraduate Admissions/Readmissions Committee. The student may be denied admission, admitted on probationary status (as stated in *Academic Catalogue*), or admitted in good standing. The determination of the above decision shall be the full academic record, recommendations, and the explanation of any extenuating circumstances.

Before admission into Union University may be granted, an adult transfer student must file the following information with the appropriate program director/coordinator:

1. A completed admissions application.
2. Application fee (non-refundable), \$25.
3. A completed official transcript from all institutions of higher learning attended.

Before registration for courses, a student must be admitted to the University or be granted status as a “provisional student” (as stated below).

Provisional Students

Students may be admitted on a provisional basis to allow those with acceptable credentials but without immediate access to official documents to register for classes. A student may be admitted to any course(s) for which he/she is qualified to enter but not admitted to a formal degree program and not eligible to graduate in this status. Any credit taken while in this status will not be transferred as regular matriculated credit until the status has officially been changed; credit will be marked “non-matriculated, non-transferable.”

The provisionally admitted student will be bound by all academic requirements imposed upon those fully matriculated so far as prerequisites, quantity and quality of work. All work attempted will be fully documented in the academic record.

For admission the student will sign a contract and sign a waiver allowing Union University to request those documents needed to complete the admission file. By federal guidelines, the University is not allowed to file financial aid and Veterans benefits enrollment forms on provisionally admitted students.

A student may remain on provisional status for only one semester and the subsequent short term unless special circumstances exist and permission for an extension is given in writing by the Admissions Committee. Admission to a provisional status does not guarantee admission later as matriculated. A personal conference with the Program Director is required before the student is accepted for admission on a provisional basis.

Financial Policies

Tuition and payment plans are program-specific; see the program director/coordinator of your program. Union University reserves the right to change the tuition and fees without notice. Student Service fees for students in non-traditional programs are \$20/semester (Fall, Spring) and \$10/term (January, June, July). Certain courses will carry an additional fee. For a listing of fees for materials, etc., see the Financial Information section of this *Catalogue*. Courses taken through Cross-Campus Agreement will be billed at the Union program-specific rate. University refund policies are printed in the Financial Information section of the *Catalogue*. Questions regarding program specific financial policies should be directed to the program director/coordinator or FACTS Coordinator.

Financial Aid

Students enrolled in non-traditional programs may apply for financial assistance to attend Union University. Acceptance to the program is required. The student must file an institutional application for financial assistance and the Free Application for Federal Student Aid (FAFSA). Undergraduate students will be awarded Pell Grant based upon

eligibility and may apply for Stafford Loans. Check with your program director/coordinator for forms and details.

Instructions on "How to Apply for Scholarships, Financial Assistance and/or Loans" and information specific to adult studies and graduate programs can be found at www.uu.edu/financialaid/gradhowtoapply.cfm.

Loan request forms may be downloaded from www.uu.edu/financialaid/gradloans.cfm.

Employee Reimbursement

Union University offers financial arrangements for students employed by companies with tuition reimbursement programs. Forms and instructions are available through program director. Forms must be submitted each semester/term.

Academic Policies

Academic policies of the University are considered in force throughout the Adult Studies programs unless specifically noted otherwise within the program description. Program-specific policies and evaluations of course credit toward graduation are not automatically transferable between programs; reevaluation is required with a change of program.

The General Core Curriculum requirements for Union University degrees are outlined in the "Academic Program" section of this *Catalogue*. These requirements are to be followed to the fullest extent possible for students lacking general education credits. Course descriptions of core curriculum and prerequisites courses are found in their respective academic departments of the *Catalogue*. The pattern outlined below may be followed as a guide for accepting previous transfer credits and for completing general education credits when substitutions for the General Core Curriculum are necessary.

- A. Composition/Speech, 9 hours:
 - ENG 111 & 112 (Composition I & II)..... 6 hours
 - COM 112 or 235 (previously earned credits in Oral Communication, Speech or Business Communication will apply) 3 hours

- F. Mathematics (MAT 101 or higher) 3 hours
- G. Elective (additional Mathematics, Computer Science, Natural Science, or Social Science will apply) 2 hours

Second Bachelors Degree

Students who have earned a bachelors degree through a regionally accredited college or university may complete a second bachelors degree by completing a new major and its prerequisites. The new hours presented for the second degree must total no less than 30 hours and include 15 upper level hours earned in the major in residence.

Post-Baccalaureate Teacher Licensure

The Post-Baccalaureate Teacher Licensure Program is designed to provide initial teacher licensure or additional endorsements to teach in Tennessee for students with a bachelors degree from an accredited college or university. Candidates for admission should contact the Director of Teacher Education.

THE HONORS COMMUNITY

The Honors Community at Union University is designed to engage academically talented students in conversations across disciplines that highlight the breadth and unity of knowledge while also exposing them to the depth of knowledge within a given discipline. Foundational to this design is the University's commitment to the unity of knowledge within the Christian intellectual tradition. Conversations across disciplines occur within the context of an Honors Colloquia series; in-depth analyses occur through strategies within Honors Curricula, primarily the use of Honors Contracts.

Participation in the Honors Community is open to all students. All members of the greater learning community, as well as the public, would be invited to participate in Honors Colloquia. Showcasing conversations across disciplines, the Colloquia will spark interest in qualified students who will be enticed to pursue more in-depth studies through formal admission into an honors program.

Formal participation in the Honors Community will afford students the benefits of Honors Student status, including enrollment in honors-designated classes for credit, additional scholarship support, grants for research and travel, mentoring by a faculty member, and ultimately, designation as an Honors graduate. However, students who have a particular interest in a subject may take honors contracts in a course without formal admission into the program.

Honors Curricula

Union University is currently expanding opportunities for students to have honors level academic experiences. Beginning in the Fall of 2008, students may pursue honors level work in their major. Moreover, Union is currently researching proposals to provide students the opportunity to conduct honors level work in the core and hopes to have a program operating shortly.

Discipline Specific Honors

To be eligible for admission in discipline specific honors, students must have an overall cumulative 3.5 GPA after completing or transferring at least 15 credit hours into Union and meet any specific department requirements. Students not meeting these requirements may petition the department directly for admission into departmental honors.

To graduate with discipline specific honors, students must attend at least four honors colloquia during their junior year and four honors colloquia during their senior year, complete 12 hours of honors courses in the major, complete an honors project/thesis in their major, maintain a 3.5 GPA, and fulfill any other requirements established by the department. These departmental requirements are listed on the honors website at www.uu.edu/academics/coas/intstudies/.

Minors in Interdisciplinary Honors and Interdisciplinary Studies

Members of departments across the University serve as faculty and mentors for students in the Interdisciplinary Studies Program. The program is designed to be challenging and intensive. For this reason, only select persons are invited to participate: 1) Freshmen students with an ACT(e) of 25 or higher or a record of excellence in academic work, and 2) second semester freshmen who have a 3.5 GPA. Transfer or other students who desire admission must petition the Director. The final decision to admit any student rests with the Interdisciplinary Honors Council (IHC), which is appointed by the Provost for the purpose of determining the program's policies, standards, guidelines, and goals.

Students admitted into the program are expected to maintain a grade average of "B" or better in all Honors courses. Students who fall below this expectation will be placed on probation, and their status in the program will be subject to review by the IHC. If the IHC determines that a student's work fails to satisfy the program's standards, the IHC may suggest that the student pursue the Interdisciplinary Studies Minor (see below) as an alternative to the Minor in Interdisciplinary Honors.

Inquires about the Minor in Interdisciplinary Honors and the Minor in Interdisciplinary Studies should be made to Dr. Randall Bush.

Minor in Interdisciplinary Honors—18 hours

- I. **Interdisciplinary Core Requirements—12 hours**
 - A. HON 210 and 220—Freshmen year
 - B. HON 320 and 340—Sophomore year
- II. **Electives Include: opportunities for travel and study abroad, study with the Scholar-in-Residence, and approved courses across the University—2 hours**
- III. **HON 411—4 hours**

The capstone of the Interdisciplinary Honors Program is the writing of the Honors thesis, a major project that is expected to be of the highest quality.

Minor in Interdisciplinary Studies—18 semester hours

The Interdisciplinary Studies minor was designed for students who determine in the course of pursuing the Interdisciplinary Honors minor that they are unable, for whatever reason, to undertake or complete the writing of a thesis. This minor is an alternative open only to students officially accepted into the Honors Program.

- I. **Interdisciplinary Core Requirements—12 hours**
 - A. HON 210 and 220—Freshmen year
 - B. HON 320 and 340—Sophomore year
- II. **Electives: Opportunities for overseas travel and study, study with the Scholar-in-Residence, and approved interdisciplinary courses across the University.**

Scholar-in-Residence Program

A scholar of worldwide reputation is invited each year to deliver a series of lectures at the University. Students may take the Scholar-in-Residence course which involves research, writing, and tutorials. Prerequisites: HON 210 and 220.

Student Organization

Incorporated into the Interdisciplinary Honors Program is the **Honors Student Association (HSA)** whose purpose is to serve as the social arm of the program. It functions as any social organization does, choosing officers from the student participants and organizing functions to further the academic programs of the minor. Any participant in an Honors class is eligible for membership in HSA; additionally any student interested in the program is invited to attend as a non-voting member.

Student Awards

The **Honors Student of the Year** Awards are presented to the students active in the Program who have shown the most intellectual and perceptive growth in the year's time. The awards are determined by the Honors Council.

Course Offerings in Honors (HON)

() Hours Credit; F-Fall; W-Winter; S-Spring; Su-Summer

210. Introduction to Interdisciplinary Studies (3) F

Influences and processes contributing to the formation of worldviews and their alteration through time. Students will be taught how to live appreciatively within given cultural and theoretical perspectives and to evaluate these critically. Encouragement to think creatively about the interrelation between the disciplines of the university, and about the implications of the fields of human inquiry for Christian faith and practice, will help students to develop a worldview toward taking their place as leaders in the 21st century.

220. Great Ideas (3) S

Prerequisite: HON 210.

The interdisciplinary nature of the ideas, thoughts, and theories of human culture by examination of many of

the great ideas of the Western cultural and intellectual heritage that are important for the humanities, natural and social sciences, arts, and professional studies. The interdependence of ideas will be considered along with the way ideas operate in a variety of unique historical and cultural contexts. This course will progress from a survey of Western cultural and intellectual history to presentation of papers by students in a seminar fashion.

320. Great Books I (3) F

Prerequisite: HON 220.

Seminal works from the fields of philosophy, theology, history, literature, the natural sciences, or the social sciences will be studied with attention to ways these works reflect historical trends, political situations, philosophical ideas, cultural and religious traditions, and socioeconomic conditions. Students will be encouraged to think critically and creatively about these works by considering them from intellectual and cultural perspectives that lie outside the framework to which they belong.

340. Great Books II (3) S

Prerequisite: HON 320

Students will critically assess significant books related to their major field of study, including those that will help them formulate ethical principles to aid them in the practice of their profession. The Director will determine the book list for each student by consulting with his/her department. Students will meet for lectures during the early part of the semester, but for the most part they engage in research and writing concluding in a presentation paper focusing upon one book.

411. Thesis (4) On Demand

Prerequisite: Interdisciplinary Core—12 hours.

The thesis shall be presented and defended before a committee of three faculty members appointed by the IHC. Students should choose a topic by the end of their sophomore year and submit a proposal by the beginning of their junior year, leaving the junior and senior years open for research and writing. Students will sign up for the thesis during the first semester of their senior year. The thesis may be done in conjunction with senior performance requirements already established by such departments as Music, Art, Biology, Chemistry and others at the discretion of the IHC and the department.

One or more of the following courses must be chosen to fulfill the requirements of the program. All are subject to the approval of the IHC unless otherwise stated in the published schedule of class offerings.

179-279-379-479. External Domestic Study Programs (1-3) As Needed

All courses and their applications must be defined and approved prior to registering.

180-280-380-480. Study Abroad Programs (1-4) As Needed

All courses and their application must be defined and approved prior to travel.

195-6-7. Special Studies (1-4) On Demand

295-6-7. Special Studies (1-4) On Demand

Lower-level group studies which do not appear in the regular departmental offerings.

395-6-7. Special Studies (2 or 3)

Upper level group studies which do not appear in the regular departmental offerings. Includes, but not restricted to, offerings of the Scholar-in-Residence Program.

495-6-7. Independent Studies (2-4)

Individual research under the guidance of a faculty member(s).

CARL F. H. HENRY INSTITUTE FOR INTELLECTUAL DISCIPLESHIP

Faculty

Justin D. Barnard (2007). Director and Associate Professor of Philosophy. B.A., Palm Beach Atlantic College; M.A. and Ph.D., Florida State University.

Mission Statement

The Carl F.H. Henry Institute for Intellectual Discipleship exists to promote the cultivation and responsible use of the life of the mind by supporting a broad range of curricular and programmatic initiatives designed to advance the Christian intellectual tradition, to highlight the integration of faith and knowledge under the Lordship of Christ, and to equip Christians for lives of cultural engagement through informed, Christian reflection about crucial aspects of contemporary life.

In doing so, the Henry Institute aims to perpetuate the legacy of Carl F. H. Henry (1913-2003), the premier evangelical theologian of the twentieth century, whose life and work embodied an uncompromising commitment to the truth of the Gospel and its application to every sphere of human life and culture.

Through a variety of programs and partnerships, both within Union University and in the community at-large, the Henry Institute works to promote increased understanding of a Christian world and life view and its currency in the church, the academy, and society. Programs of the Henry Institute include the Mars Hill Forum Lecture Series, as well as periodic conferences and colloquia. In addition, the Henry Institute provides administrative support for such curricular initiatives as interdisciplinary courses (UNI) and the Gateway experience (pending approval for implementation Fall 2009).

The Gateway Experience

A two semester-hour course required of all freshmen, the Gateway experience aims at instilling the joy of learning, an appreciation for the art of critical thinking, and a sense of the overarching interrelatedness of knowledge from a Christian perspective. Students will

- explore the nature of the liberal arts and their value as a foundation for learning
- examine and articulate their own worldviews through exploring sources of knowledge, Christian intellectual traditions, and cultures
- consider what faith affirmations Christians share, regardless of denominational affiliation, and will begin to identify conflicts and agreements between the Christian faith and contemporary secular worldviews
- cultivate virtues and relationships central to a Christian academic community with implications for their behavior in their local, regional, national, and global, communities
- have opportunities to reflect critically on their own goals as university students.

INSTITUTE FOR INTERNATIONAL AND INTERCULTURAL STUDIES

Faculty

Cynthia Powell Jayne (1976). University Professor of Language, and Associate Provost for International and Intercultural Studies. B.A., Mississippi College; M.A. and Ph.D., Louisiana State University; Additional study, Vanderbilt University, University of Kentucky and The Summer Institute of Intercultural Communication.

Phillip G. Ryan (1997). Associate Professor of Language and Coordinator of the ESL Program. B.A., Union University; M.A., University of Memphis; Ph.D., Indiana University of Pennsylvania.

Mission Statement

The mission of the Institute is to advance intercultural initiatives, promote international education, coordinate international student services, develop international/intercultural studies, and promote and coordinate ESL initiatives.

Through the Institute students and faculty are supported in their efforts to engage in intercultural and interdisciplinary learning opportunities both in the U.S. and abroad. The Institute supports a number of study-abroad programs sponsored by affiliated organizations such as the Council of Christian Colleges and Universities and the Consortium for Global Education. On campus, the Institute develops programs and services that enhance the international and intercultural awareness of the entire campus community, with particular focus on interdisciplinary and global service-learning endeavors.

Curriculum

The Institute offers two programs in Intercultural Studies, a comprehensive major that does not require a minor, and the minor for students majoring in another area. Both programs are designed to enable students to develop theoretical and practical knowledge needed to live and work effectively in culturally complex environments.

For additional information including direct contact information with program personnel, see www.uu.edu/academics/iuis.

Study Abroad/External Academic Programs

All students participating in external academic programs in the United States or abroad must officially notify the University prior to beginning the registration process for the program. Failure to do so may jeopardize appropriate transfer of credits and/or applicable funding. All students who participate in an external academic program pay an external study fee to cover administrative costs involved in the external program. Additional fees may be assessed as necessary to cover specific expenditures required for studying in a particular program. Examples of external study programs are described below. For additional information, contact the Institute.

Department Sponsored International and Domestic Programs

Academic departments of the university regularly offer study tours which integrate travel and course work. Recent tours include travel to Italy (Art 210, ENG), England (HON, ENG), Poland (HIS, CHR), Washington, DC (CHR). Contact the Institute for additional information.

Programs Sponsored Through External Consortia

Council for Christian Colleges and Universities

The Institute coordinates student participation in CCCU-sponsored programs:

- American Studies Program
- Australian Studies Centre
- China Studies Program
- Contemporary Music Program
- Latin American Studies Program

- Los Angeles Film Studies Center
- Middle East Studies Program
- Oxford Honors Program
- Russian Studies Program
- Uganda Studies Program
- The Scholars' Semester in Oxford
- Washington Journalism Center

Mid-Continent Consortium

The Mid-Continent Consortium is an association of regional institutions that collaborate to develop international study programs. Examples include the following language programs:

- University of Quebec at Chicoutimi, Canada-French, Canadian Studies
- University of Guanajuato, Mexico-Spanish

Consortium for Global Education (CGE)

Member institutions have established more than 300 partnerships with some of the world's most prestigious universities. The wide range of programs includes student and faculty exchanges, summer study programs, conferences, seminars, and special projects.

Christian College Teacher Education Coordinating Council

Students in the Teacher Education Program may apply to fulfill their student teaching requirement abroad. Contact the Assistant Dean for Teacher Education and Accreditation for more information.

Institutional Agreements

Union has established partnerships with a limited number of organizations or institutions to provide external study experience. These include:

- Ansgar College, Kristiansand, Norway
- Lithuania Christian College, Klaipeda, Lithuania
- University of Georgia, Cortona, Italy
- Salzburg College, Salzburg, Austria
- Focus on the Family, Colorado Springs, Colorado

CENTERS OF THE UNIVERSITY

The Centers of the University were established to promote the ideals of different academic departments to deal Christianly with issues. Each Center is headed by a Director, who also serves the University as a faculty member or in other capacities.

Below is a list of the Centers along with their purpose statements and directors.

R. C. Ryan Center for Biblical Studies

Director: Ray F. Van Neste

The Center exists to promote the skills of effective Bible study and the art of biblical interpretation among students at Union University as well as members of the broader Body of Christ. The Center houses a model library for inductive study of the Scriptures, hosts an annual conference on interpretation and provides resources for local churches in pursuit of ongoing training in Bible study.

Center for Business and Economic Development

The purpose of this Center is to be the premier provider of economic and business information to Jackson and West Tennessee and to promote avenues that enhance the study and practice of Christian business principles. The Center publishes “Economic Updates” for area Chambers of Commerce, sponsors conferences and provides other services to area businesses such as seminars and employee training.

R. G. Lee Center for Christian Ministry

Director: Jerry Tidwell

The purpose of the R. G. Lee Center for Christian Ministry is to equip bi-vocational pastors, staff, and laity for Christian service by offering the Diploma in Christian Ministry and the Associate of Divinity. Details of these programs can be found under Special Programs, Adult and Evening Studies.

An integral part of the Center is the R. G. Lee Society of Fellows Program whose purpose is to enhance and encourage the preaching of the Gospel of Jesus Christ. Upon invitation, a pastor builds a sermon from the resources of the R. G. Lee Library. The sermon is published in an anthology by the Center and distributed to Southern Baptist pastors.

Center for Educational Practice

Director: Melinda Clarke

The purpose of the Center for Educational Practice is to:

- (a) Encourage and edify contemporary practice in education

- (b) Foster scholarship in education among faculty at Union University;
- (c) Publish a CEP Research journal as a forum for students, faculty and the community;
- (d) Bring scholars and events in education to the Union University campus.

With national recognition and accreditation of the University’s teacher education programs and burgeoning graduate programs for teachers, the Center exists to assist and coordinate efforts internally and externally to promote the excellence of new ideas in education.

Center for Faculty Development

Director: Barbara McMillin

Associate Director: Nan Thomas

The mission of the Center for Faculty Development is to encourage faculty in:

- (a) Effective and innovative teaching;
- (b) Pursuit of scholarship and professional growth;
- (c) Integration of faith in casual and classroom interactions;
- (d) Integration of faith and learning through spiritual formation.

The Center conducts the new faculty orientation program (Fresh Start), the new faculty mentoring program (Mentor Network) and continual training for all faculty (In the Academy). The Center also sponsors the Newell Innovative Teaching Awards and the Teagle Grant Awards for innovative teaching and scholarship. Twice a year the Center hosts an integration of faith and learning collegium for faculty to learn how to think Christianly about their disciplines and hosts two integration of faith chapel speakers each year.

Center for Excellence in Health Care Practice

Director: Tim Smith

The purpose of the Center of Excellence in Health Care Practice is to demonstrate the Christian worldview of humanity in enhancing the skills and knowledge of students and existing health care practitioners. The Center seeks to demonstrate the Christian worldview of humanity through simulation education, continuing education, information services to the community, and excellence in clinical research.

Center for Media, Faith and Culture

Director: Michael D. Chute

The Center for Media, Faith and Culture is designed to provide Christians serving in various mediums in the field of communications with worldview and skills needed for them to engage the culture as change agents in the 21st century.

Center for Politics and Religion

Director: Micah J. Watson

Fellow: Daryl Charles

The Center for Politics and Religion is meant to provide a forum for teaching, research, and discussion about the intersection between politics and religion. The Center sponsors conferences, promotes research, and encourages students to "think Christianly" about how their faith should affect their politics by analyzing the role of religion in America and the world. The Center aims not only to prepare Union students to impact the political world winsomely and effectively for Christ, but also to represent Union in the larger conversation about faith and politics taking place among fellow believers and non-believers alike.

Edward P. Hammons Center for Scientific Studies

Director: James A. Huggins

The Edward P. Hammons Center for Scientific Studies was formed to show, by example, how science and

Christianity are not only compatible, but also synergistic. Science at Union University is seen from a Christian vantage point. The Center operates with the presupposition that science as observed truth need not conflict with revealed truth and that science is impossible apart from the recognition that God has created an orderly universe. Accordingly, the Center strives to provide a fertile environment for the exploration of the nature of the universe, in order to afford a greater appreciation of the complexity and glory of God's creation. The Center seeks to accomplish this by the encouragement of excellence in research and publication by our faculty and by sponsorship of conferences, lectures by outstanding scholars, and community outreach programs.
